THE HISTORICAL REGISTER OF THE UNIVERSITY OF CAMBRIDGE

A SUPPLEMENT TO THE *CALENDAR* WITH A RECORD
OF UNIVERSITY OFFICES, HONOURS AND
DISTINCTIONS TO THE YEAR 1910

Owing to the unwieldy dimensions attained by the University Calendar in recent years, it has been decided to issue the historical matter in a separate volume.

This *Historical Register* will contain a much fuller account of University Offices, Professorships, Readerships and Lectureships than that given in the current *Calendar* and in preceding *Calendars*: and an account will be given of the foundation and history of University Scholarships and Prizes and the history of University Buildings and Institutions. There will also be new historical sections, dealing briefly with such subjects as University Ceremonies, Costume and Discipline.

The greater part of the new volume will, however, be occupied with the Tripos Lists. It is possible to obtain from the Grace Books an order of seniority which goes back, with a few lacunae, so far as 1498, and it is proposed to print selections from these.

The *Register* will only be reissued at considerable intervals of time.

CAMBRIDGE UNIVERSITY MISSION TO DELHI

In connexion with S.P.G.

Chairman of Committee: The Rev. Professor STANTON, D.D.

General Secretary: Miss COLT, C.M.D. Office, Church House,
Westminster, S.W. 1.

This Mission was founded in 1877 with the object of carrying on educational and evangelistic work in Delhi and the South Punjab by the agency of a brotherhood of Cambridge men who should be united by the ties of common work on the basis of a common religious life. The Headquarters of the Mission are in Delhi, with out-stations at Rohtak, Karnál and Rewari. Some departments of the work are: St Stephen's College, containing about 250 students; Three Hostels for Christian and Non-Christian students in the College; St Stephen's High School, with over 800 boys; a Christian Boys' Boarding School; an Industrial School; classes for Catechists and Schoolmasters; Bázár-preaching; Pastoral and itinerating work in Delhi and the surrounding districts.

The Women's Community of St Stephen are responsible for the carrying on of three hospitals with dispensaries; Queen Mary's School for high-caste girls; two Christian Girls' Boarding Schools; and a Home for Convalescents, Converts and Orphans, besides Evangelistic work in Delhi and the outstations and in the villages round.

The removal of the Capital of India from Calcutta to its ancient seat at Delhi gives the Church both a great opportunity and a great responsibility. The people of India have responded nobly to the call of the Empire in its hour of need; the best return we can make for their loyalty is to bring them the Gospel of Christ.

Further information on the work of the Mission may be had from the General Secretary who will also supply the Quarterly Paper—*Delhi Mission News*, for 1s. 2d. *per annum*, post free.

CHARITY ORGANISATION SOCIETY

Patron:—HER MAJESTY THE QUEEN.

Chairman:—DR BERNARD BOSANQUET.

OBJECT: To Organise Charitable Effort and to Improve the Condition of the Poor.

I.—ON THE PART OF THE COUNCIL OF THE SOCIETY.

1. By propagating sound principles and views in regard to the administration of charity.
2. By promoting the co-operation of charitable institutions for the furtherance of their common work.
3. By convening Special Committees to inquire into and report on comparatively technical questions connected with the administration of charity, such as the education of the blind, the legal provision for the afflicted, convalescent homes, artisans' dwellings, &c.
4. By making inquiries for persons legitimately interested, and collecting information regarding the utility, objects, and mode of working of charitable institutions.
5. By investigating on behalf of persons legitimately interested, and reporting on the appeals of begging-letter writers, whose operations are of a metropolitan or general, rather than of a local character.
6. By supplementing the resources of the District Committees of the Society; by the personal assistance of officers appointed and paid, in all or part, by the Council; by grants for general purposes, and, when necessary, for relief, and by obtaining adequate help in cases of difficulty.

II.—ON THE PART OF DISTRICT COMMITTEES.

1. By careful inquiry regarding all applicants for assistance (whether they be referred to the District Officers or apply of their own accord), in order to ascertain how and by whom they should be helped, and to test the truth of their statements.
2. By applying to each case susceptible of permanent benefit, and suitable for assistance by charity rather than by the Poor Law, such remedies as are likely to make the applicant self-dependent.
3. By obtaining the various kinds of help required from those interested in the applicants, from their relatives, from charitable institutions, and from private persons; by assisting by loans, or, when necessary, by grants.
4. By sending (gratuitously) to legitimate inquirers, whether charitable agencies or private persons, reports on cases of distress.
5. By bringing into co-operation with each other, and with the Poor Law authorities, the various charitable agencies and individuals in the District, and by making the District Committees representative of local charities and a centre of reference for all interested in charitable work.
6. By repressing local mendicity by means of investigation tickets and otherwise.

Papers containing further particulars can be had on application.

PREFACE

THE Editor desires gratefully to acknowledge the valuable advice and help which he has received from the Registry, and the pains taken by his staff to verify the dates of matriculations and degrees in doubtful cases. He also wishes to thank the authorities of the Colleges for the trouble they have taken to ensure the accuracy of the College lists, and the Professors and Heads of University Departments for supplying the information needed for the correction of the statements in the text.

The special section on the War has been brought up to date.

Election of the Vice-Chancellor and Proctors

The Statutes require that the Vice-Chancellor shall be elected yearly some time before he enters upon his office, but the day of election and the day of entering upon office in every year is prescribed by Grace from time to time as the University may find expedient.

The Regulations at present in force are as follows :

1. That the Vice-Chancellor be elected on the first day of June or if that day be a Sunday or a Monday on the third day of June.

2. That, on the day of the election of Vice-Chancellor, votes be received from 1 till 3 P.M.: provided that, if ten minutes have elapsed without any vote having been tendered, it shall be lawful for the Proctors to declare the Poll closed before 3 P.M. After the close of the Poll the Senior Proctor shall declare the result of the election.

3. That the Vice-Chancellor enter upon office on the first day of the Michaelmas Term in each year or if that day be a Sunday on the day preceding.

4. That a Congregation be held at 9.30 A.M. on the day appointed for the Vice-Chancellor entering upon office, at which the outgoing Vice-Chancellor shall deliver the keys and other insignia of his office to the Proctors, and, after the Vice-Chancellor elect has made the declaration prescribed in the Statute for the admission of the Chancellor or any other officer to his office, the Senior Proctor shall forthwith admit the Vice-Chancellor elect to the office of Vice-Chancellor, and shall deliver to him the insignia of the office.

The Proctors are nominated by the Colleges in turn, two for every year, according to the cycle prescribed in the Statutes. This cycle is printed in the *Historical Register*.

The persons nominated must be members of the Senate who at the time of nomination have completed three years at least from their creation, and are certified before the end of the Easter Term to have resided in the University during the last two years for the greater part of each of three terms at least.

The Proctors retire from office on the first day of the Michaelmas Term in every year at ten o'clock in the morning, and their successors are forthwith elected by the Senate in the manner prescribed by the Statutes.

If the nomination of a Proctor becomes void for sufficient cause before the day of election the College is allowed to make a second nomination; but if the office becomes vacant after election, the nomination of a successor falls to Trinity Hall.

At the last Congregation in May in every year the Senate elects two Pro-Proctors, who are nominated by the Colleges according to the cycle of Proctors: each College having the right of nominating a Pro-Proctor the year next before that in which it has the right of nominating a Proctor.

Such nominations must be submitted in writing to the Vice-Chancellor not later than May 15 in every year.

The Additional Pro-Proctors must be Masters of Arts or of Law of not less than three years' standing. They are appointed by Grace of the Senate in the month of October in each year on the nomination of the Vice-Chancellor and Proctors to hold office until the appointment of their successors.

COMMEMORATION OF BENEFACTORS

The Service for the Commemoration of Benefactors is held in Great St Mary's Church on the first Sunday in November in the afternoon. The List of Benefactors was revised, and various alterations approved by Grace of 12 June 1914. These are incorporated in the Service as printed in the *Historical Register*. The more important are the restoration of certain names of Benefactors of ancient date, *e.g.* those of Stephen de Segrave, Chancellor of the University early in the fourteenth century, and Sir Richard Whittington, who were commemorated in medieval times; and the removal of the name of King Sigebert, the connexion of whose School with the beginnings of the University appears to be too dubious to justify his inclusion in the list.

HULSEAN LECTURER

The Hulsean Lecturer was first appointed in 1819 under the Will of the Reverend John Hulse of St John's College, who died in 1790. The duty of the Lecturer is to preach during his year of office not less than four sermons at such time as the University may prescribe. Arrangement of Seats at University Services

The following recommendations with regard to the arrangement of the seats at the University services were adopted in 1867 :

(1) That the seats on the south side of the Chancel be reserved for Noblemen and Heads of Colleges and those on the north for Doctors, Professors, and University Officers.

(2) That the first and second seats on the south side of the Nave be also appropriated to Doctors, Professors, and University Officers, and the remainder be appropriated to other members of the University; a sufficient number of seats, beginning from the east, being reserved for members of the Senate, and the remainder for Bachelors and Undergraduates.

(3) That the seats in the south Aisle of the University Church be reserved for the Ladies of the Heads of Colleges, for the Ladies of Doctors, Professors, and Officers of the University, and for the Ladies of members of the Senate.

(4) That the seats in the Galleries be reserved for Bachelors and Undergraduates.

Subject to the foregoing Regulations, the further arrangement of the seats at the University Services is entrusted to the Vice-Chancellor. Approach to the South Aisle is by the south-west entrance (new porch) and the approach to the remainder of the University seats by the west entrance; the north door being thus left for entrance to the North Aisle.

LITANY ON ASH WEDNESDAY

The Litany is said in the University Church on Ash Wednesday by the Vice-Chancellor and the Senior Proctor. Doctors in Divinity wear copes.

Recognised Lecturers

Lecturers who are not University Lecturers in the technical sense may nevertheless be 'recognised' under the following Regulations by a Special Board of Studies.

1. Each Special Board of Studies shall be authorised to recognise any College Lecturer or graduate of the University who proposes to give lectures open to the whole University, as a proper person to lecture in some department of study which falls within the province of the Board. Application for recognition shall be made in writing and shall be accompanied by a statement of the subjects on which the applicant proposes to lecture. The Special Board may require any evidence of competence which they think fit. If the recognition be given, the lectures of the person so recognised shall be included in the scheme to be framed by the Special Board under Stat. B. chap. v., par. 6, and submitted to the General Board. They shall be distinguished in that scheme by some special mark.

2. The recognition shall continue in force for five years unless withdrawn by the Special Board, provided that the lecturer deliver with the approval of the Board in each academical year, or in each period of two years, if a Special Board shall so determine, at least one course of lectures open to all members of the University either freely or on payment of a fee approved by the General Board of Studies. If this condition be not fulfilled, the recognition shall become void, but may be given again on a fresh application. At the end of any period of five years recognition may be again applied for and granted.

Provided that every Lecturer who at the date of the passing of the present regulations is recognised by a Special Board shall be entitled to such recognition unless and until it is withdrawn by the Special Board; on condition that he deliver with the approval of the Board in each academical year one course of lectures open to all members of the University either freely or on payment of a fee approved by the General Board of Studies.

3. Each Special Board shall be authorized to include in the scheme of lectures, but without thereby giving recognition to the lecturer, lectures open to the whole University which any College lecturer or graduate of the University may propose to deliver on some subject which falls within the province of the Board, if it appear to the Board that lectures on such subject are likely to be useful.

4. Each Special Board shall invite to a conference once a year, or oftener if the Board think it desirable, the University Teachers, the

lecturers recognised under (1), and, if they think fit, the lecturers whose lectures have in the previous academical year been included under (3) in the scheme of lectures framed by the Board, for the purpose of arranging a plan of combined action in teaching and of considering and framing the scheme of lectures prescribed in Stat. B, chap. v., par. 6.

5. The General Board shall be empowered to recognise as lecturers in any department of University Studies (on the recommendation of the Special Board connected with that department) persons who are not graduates of the University on the same terms on which graduates of the University may be recognised by the several Boards of Studies.

6. The General Board of Studies is authorised to sanction the announcement of lectures by Professors and Readers in subjects which do not come within the scope of any Special Board of Studies.

Admission to the University

MATRICULATION

A student who desires to keep terms in the University is required to appear for formal enrolment on the Register of the University; and no student can count any Term before that in which he has thus matriculated unless he has satisfied the Council of the Senate that his matriculation has been deferred for grave and sufficient cause.

In the Michaelmas Term, the two days following (or, if either of these days be a Sunday, the Monday and Tuesday following) the last day of the first quarter of the Term, and, in the Lent and Easter Terms, the day following (or if that day be a Sunday, the Monday following) the last day of the first quarter of the Term, are appointed as days of General Matriculation. The Vice-Chancellor is empowered to allow persons for special reasons to matriculate on some other day; but, with the exception of Research Students and members of other Universities admitted by Incorporation, every person who matriculates on any other day than a day of General Matriculation is required to pay an extra fee of ten shillings and sixpence.

INCORPORATION

Students *in statu pupillari* who have resided at the Universities of Oxford or Dublin may be allowed terms corresponding to those which they have so kept; and graduates of those Universities may be admitted by incorporation to the same Degree or Degrees as those which have there been conferred upon them, under the following conditions:

That students *in statu pupillari* who, before their admission as members of the University, have kept terms by *bonâ fide* residence at the University of Oxford or at the University of Dublin be allowed Terms corresponding to those which they have so kept, provided

- (1) That for each Term allowed they produce a certificate satisfactory to the Council of the Senate that the corresponding Term or Terms have been duly kept according to the Regulations in force at the University from which they have migrated.

- (2) That the aggregate number of the days during which they have resided at that University in the Terms corresponding to those allowed be not less than the aggregate number of the days during which they would have been required to reside in this University in

order to keep by residence the Terms allowed: provided that, if the aggregate be less, the deficiency may be supplied by counting days during which they have resided in some other Term which they have kept wholly or in part by residence at the University from which they have migrated.

The standing of a student *in statu pupillari* who is allowed Terms corresponding to those which he has kept at Oxford or Dublin shall be reckoned from the first of the Terms which he has so kept.

With reference to the conditions under which Graduates of other Universities shall be admitted by incorporation to the same Degrees as those which their own Universities have conferred upon them, the Council recommend:

That a Graduate either of the University of Oxford or of the University of Dublin be admitted by incorporation to the same Degree or Degrees as those which his own University had conferred upon him, if such admission be approved by a special Grace of which three days' notice shall have been given and such Graduate have previously

(1) satisfied the Council of the Senate that he had qualified himself for his Degree or Degrees not only by having passed the examinations and performed the exercises required, but by having kept his Terms by residence in his own University:

(2) satisfied the Council that there are adequate reasons for granting his request, and obtained the Council's permission to incorporate:

(3) resided during the greater part of one Term at the least at Cambridge, such residence to be certified under the hand and seal of the Master of his College, or of the Chairman of the Unattached Students Board, or in default thereof be holding some office either in the University or in one of the Colleges:

(4) become a matriculated member of the University.

The standing of a Graduate admitted to a Degree by Incorporation from the University of Oxford or the University of Dublin shall be reckoned from the date at which he was admitted to the corresponding Degree in his own University.

For fees payable on Incorporation see p. 153.

READMISSION

A student who has ceased to be a member of the University can resume membership by replacing his name on the Boards of the College or Hostel to which he belonged. The conditions of readmission vary at different Colleges.

A Master of Arts who desires to replace his name on the Register of Members of the Senate usually does so by replacing his name on his College Boards, but he can also do so by communicating direct with the Registry. In either case he has to pay to the University arrears of dues at 4s. 3d. a quarter in respect of each quarter since his name was removed; provided always that if these dues exceed £5 altogether, the sum of £5 is accepted by the University in lieu thereof.

For the new Regulations affecting students admitted after the end of the Lent Term, 1915, see p. 154.

Residence is reckoned by days. No person *in statu pupillari* will be considered to have resided during any day unless he shall have resided during some part of such day and of the following night and shall have complied with such other conditions of residence, if any, as may be required by the authorities of his College or Hostel or by the Non-Collegiate Students' Board; provided that a part of the day on which such a person completes his residence for the term may be counted as a day of residence.

For the purpose of this regulation the day shall be held to extend from 6 A.M. to midnight.

Residence must be certified to the University under the hand and seal of the Head of the College or Hostel to which the student belongs, or of the Chairman of the Non-Collegiate Students' Board.

This includes the power in exceptional cases to make for particular Professorships a permanent provision that the Professor shall not be bound to reside in the University throughout full term time.

They may also grant occasional leave of absence for a period not exceeding one term on account of illness or other sufficient special cause on such conditions, if any, as they may think fit. Leave of absence may not be extended, except by Grace of the Senate on the recommendation of the General Board of Studies.

In any case the General Board of Studies shall be of opinion that the absences so notified have been excessive and without sufficient cause or that the prescribed conditions of residence have otherwise not been adequately fulfilled, they shall signify the same to the Professor or Reader, and in case the Professor or Reader shall continue to be in the opinion of the Board negligent as to his residence it shall be their duty to report the facts to the Vice-Chancellor and *Sex Viri*.

ADDENBROOKE'S HOSPITAL

The Hospital was opened in 1766, having been founded by John Addenbrooke, M.D., formerly a Fellow of Catharine Hall. It was almost rebuilt in 1864, and a further enlargement has just been completed.

In consideration of a contribution of £300 a year to the funds of the Hospital, the University has the right of claiming appointments on the staff for the Regius Professor of Physic and the Professor of Surgery, with facilities for lecturing. The Hospital also provides proper facilities for conducting the University Examinations in Clinical Medicine and Clinical Surgery.

Further contributions to the Hospital are also made from the annual grant from the Board of Education under the following Regulations:

1. That in addition to the yearly sum of £300 per annum paid to the Treasurer of Addenbrooke's Hospital out of the University Chest, there be paid a sum of £50 a year out of the annual grant from the Board of Education.

2. That a further sum of £100 per annum, payable out of the annual grant from the Board of Education, be paid to the Treasurer of the Hospital. This £100 shall be expended only on the recommendation of the Honorary Medical and Surgical Staff and on the purchase of apparatus required by them for special methods of treatment or in the teaching of students.

3. That the following members of the present Honorary Staff of Addenbrooke's Hospital (Mr Wherry, Dr Humphry, Mr Deighton, Dr Griffiths, Dr Lloyd Jones, Dr Aldren Wright, and Mr Cooke) be approved as University Teachers [see p. 73]: that they hold office so long as they continue to be members of the Honorary Staff of the Hospital, and that each receive a stipend of £50 a year from the University, payable out of the annual grant from the Board of Education.

4. That on the nomination of the Professor of Pathology and with the approval of the Honorary Staff a Pathologist to Addenbrooke's Hospital be appointed annually by the General Committee of the Hospital and that he receive, as a Teacher, a stipend of £50 per annum from the University, payable out of the annual grant from the Board of Education [see p. 73].

5. That the Special Board for Medicine, acting through the Regius Professor of Physic, the Downing Professor of Medicine, and the Profes-

sors of Surgery and Pathology, together with two members representing, and elected by, the staff of Addenbrooke's Hospital, be responsible for arranging the Clinical, Therapeutical, and Pathological teaching of students working in the Hospital.

6. That the fees payable by students in respect of clinical and other teaching at Addenbrooke's Hospital, hitherto paid to the Secretary of the Hospital Staff, be applied towards defraying the expenditure sanctioned by Regulations 1—4 preceding.

7. That nothing in any agreement arrived at in connection with these regulations be construed as affecting the right of the Governors to direct and control the whole administrative work of Addenbrooke's Hospital.

8. That these regulations and payments be conditional upon the receipt of an annual grant from the Board of Education.

FITZWILLIAM MUSEUM

The Fitzwilliam Museum was commenced 2 November 1837 from the designs of George Basevi, in order to house the collection of pictures, engravings, illuminated MSS., printed books, &c., bequeathed to the University by Richard, Viscount Fitzwilliam, M.A. 1764, formerly of Trinity Hall, who died 5 February 1816. The bequest included £100,000 for the building of a Museum. After the death of Basevi in 1845 the work was continued for two years by C. R. Cockerell, R.A., but it was not finished until 1875, when the entrance hall was completed from the designs of E. M. Barry, R.A. The total cost of the building amounted to about £116,000.

A fuller account of the Museum will be found in the *Historical Register*, but since that date it has received the greatest benefaction that has come to it since its original foundation. In 1912 Charles Brinsley Marlay, M.A., of Trinity College, who died on June 18 of that year, bequeathed to the Museum a very large and valuable collection of pictures and miscellaneous works of art, together with the sum of £80,000 for the enlargement of the existing building and the cost of the necessary increase of the staff. This collection, to be called the Marlay Collection, cannot be placed on exhibition in its entirety until the new galleries are erected. A site has been assigned for this extension and a general approval given to the plans, although the question of the material to be employed for the exterior of the extension building has not yet been finally settled by the Senate. By Grace of 21 November 1913, the superintendence of the Marlay Collection was added to the duties of the Director of the Museum, who will in future be styled 'Director of the Fitzwilliam Museum and Marlay Curator,' and the stipend of the office was fixed at £850, subject, in case the Director should hold a Fellowship at any College, to a deduction of £200 or such less sum as he shall receive as Fellowship dividend.

By Grace of 15 February 1912, the appointment of the Director is by a Board of Electors, consisting of the members of the Fitzwilliam Museum Syndicate, with the addition of the Disney Professor of Archaeology, the Slade Professor of Fine Art, the Librarian, the Director of the Victoria and Albert Museum, the Keeper of the Ashmolean Museum in the University of Oxford, and the Keeper of the Prints in the British Museum; provided that if any one of the above-named Electors be a candidate for the Directorship on any occasion, he shall not be entitled to vote or to have any voice in the election on that occasion; and provided also that if any of the above-named additional Electors be a member of the Syndicate he shall have no more than one vote in the election.

SOLAR PHYSICS OBSERVATORY

By Grace of 7 December 1911, the University accepted the charge of the Solar Physics Observatory, formerly at South Kensington, and buildings for this purpose were erected close to the older Observatory from the plans of Mr T. D. Atkinson. By Grace of 25 April 1913 the work of the Astrophysical Department was combined with that of the Solar Physics Observatory and both are now carried on under the direction of the Professor of Astrophysics.

The Staff of the Solar Physics Observatory consists of a Director, an Assistant Director, an Observer in Meteorological Physics, four Assistant Observers, and two Attendants, one of them resident in the Solar Physics Building. The Professor of Astrophysics receives £200 a year as Director of the Solar Physics Observatory, and is required to reside during forty weeks in each year, provided that when his services are required in observations or scientific conferences elsewhere in connexion with the work of the Observatory, the time so spent may be accepted as equivalent to residence, subject to the approval of the Vice-Chancellor. The duties of the staff consist principally in making

and discussing such regular observations as are calculated to throw light upon the physical constitution of the sun, stars, and nebulae, and upon the interpretation of solar and stellar phenomena, especially in regard to search for possible correlation of solar and terrestrial changes, whether in respect of magnetic or meteorological phenomena. The Assistant Director and the other members of the staff are appointed by the Director with the consent of the Vice-Chancellor, and may be removed in the same way. Each appointment is for a limited period not exceeding five years, at the discretion of the Director, but the members of the staff are eligible for reappointment for further periods. UNIVERSITY CHURCH

Great St Mary's Church as it now stands was begun in 1478 and completed in 1519, but the tower was not finished until 1608: the galleries were erected in 1739. It is a Parish Church as well as a University Church. For the University Sermons, see p. 83.

UNIVERSITY LECTURE ROOMS

The new University Lecture Rooms, recently erected on the Mortlock site from the plans of Mr George Hubbard, F.S.A., were completed at Michaelmas, 1911. They contain a large Lecture Theatre, seated for about 275 students, nine Lecture Rooms of various sizes, a Common Room for Professors and Lecturers, and three rooms suitable for small classes and interviews. The rooms are used mainly for lectures in Economics, English Literature, History, and Mathematics.

At the top of the building there is also a large Departmental Library, having a floor space of 2250 square feet. This provides accommodation for the Seeley Memorial Library, consisting of works on History and Comparative Politics; the German Research Library given to the University in 1914 by Mr Otto Beit; English, French, and German Departmental Libraries for the use of students reading for the Medieval and Modern Languages Tripos; the Bendall Sanskrit Library; and a small library of works on Moral Science. The Departmental Library is under the control of a Departmental Libraries Committee (see p. 309).

Librarians

Seeley: J. H. Clapham, Litt.D., King's (Acting Librarian).

Beit: K. Breul, Litt.D., King's, Schröder Professor of German.

1. The models shall be kept in a cabinet placed in one of the New Lecture Rooms and shall be under the supervision of the Lowndean Professor.

2. Any Professor, College Lecturer, or Teacher in the University may obtain the keys of the cabinet by application to the caretaker on signing his name in a book kept for the purpose.

3. Any person obtaining the keys will be responsible for the safety of the models until he gives up the keys after having replaced in the cabinet any models which he may have taken out.

UNIVERSITY LIBRARY

The buildings which now contain the University Library at one time included all the rooms required for the public life of the University; and it is only within recent memory that the gradual process of their absorption by the Library has been completed. The earliest portion of the site was given to the University shortly before 1278 by Nigel de Thornton, Doctor of Medicine, and the foundation of the north side of the quadrangle

is said to have been laid before 1347. The Library now contains more than 800,000 volumes, including over 10,000 manuscripts, as well as upwards of 100,000 maps. There are about 3000 books printed in the fifteenth century, and upwards of 8500 printed in England before 1640. The Bradshaw Irish Collection contains over 8000, the Adams Collection (chiefly early mathematical and scientific) about 1500, the Venn collection (Logic) over 1000, the Sandars Bequest (choice liturgical and other manuscripts and early printed books) 1370.

The historical library of the late Lord Acton, containing some 59,000 volumes, was presented by Viscount Morley in 1902.

There is a large special collection of books relating to the town and the University of Cambridge.

There are a large number of Oriental manuscripts, Arabic, Persian, Turkish, Hebrew, Syriac, Sanskrit, Malay, etc.

The Chinese Room contains the library presented by Sir Thomas Francis Wade in 1886, together with many valuable additions made in recent years. A Japanese collection has lately been begun, by the purchase of the books of the late W. G. Aston, and by considerable gifts from Sir E. M. Satow.

Under the Copyright Act the University is entitled on demand to a copy of every book published in the United Kingdom, and large numbers of foreign books, especially periodical publications, are acquired by purchase.

The general arrangement of the University Library can be studied in a table of classes, copies of which, together with plans of the rooms, are hung up in every room, or more fully, in 'Notes for Readers' sold at the door (price 1*d.*). The catalogues accessible to the student are as follows :—

1. The General Catalogue of Printed Books.
2. The Old Catalogue (for such books printed before 1854 as are not yet re-catalogued).
3. Catalogue of Music.

And the following published catalogues :

4. Catalogue of English printed books to 1640.
5. Catalogue of the J. W. Clark Cambridge Collection.

As to Admission to the Library

1. No person except the staff of the Library and those who are entitled to borrow books shall be admitted into the Library on the first or the last day in any quarter on which the Library is open. All the following rules are subject to this rule.

¹ In consequence of the absence of certain members of the staff on duties connected with the War, the following Grace was passed on November 20, 1915: "That, notwithstanding the Regulations for opening and closing the Library, the Library Syndicate be authorised for the period of the War to order the Library to be closed from 1 to 2 p.m. on each working day other than Saturday."

They shall not be admitted at other hours unless they shall have obtained a card authorising them to come at other hours in manner hereinafter mentioned.

4. An Undergraduate who desires such a card as is mentioned in the last preceding rule must produce to the Librarian a letter from his College Tutor recommending him as a proper person for the receipt of such a card, and thereupon the Librarian may (if he thinks fit) give him a card of admission. Such card shall be valid only during the quarter in which it is granted, and the person to whom it is granted must, whenever he enters the Library at a time at which the Library is not open to Undergraduates in general, produce his card to the door-keeper and write his name in a book kept for the purpose. The Librarian, if he thinks fit, may at any time withdraw the permission thus given and demand that the card shall be given up to him and cancelled.

Applications accompanied by such letters of recommendation are considered by the Syndicate at two successive meetings. Tickets of admission are not granted to persons under 21 years of age, unless they are reading for a Tripos examination. (See also no. 12 below.)

7. A student of Girton or of Newnham College instead of making application under Rule 6 may present to the Syndicate with her form of application a certificate signed by the Principal of her College and countersigned by a Member of the Senate stating that she is a student of such College, is reading for a Tripos examination or is studying some specified subject, and is a fit and proper person to be admitted to the Library for the purpose of study.

8. Persons whose applications are approved by the Syndicate will receive tickets of admission upon signing an undertaking to conform to the published regulations and upon making the following payment:

10. Persons who hold such tickets shall be admitted into and may remain in the Library whenever it is open: provided that they shall not be admitted into or remain in the Library after 2 p.m. A reading room is provided for their use and they shall not be allowed to occupy seats in the East Room, Cockerell's Building, or the Old Divinity School.

The following new Regulations for the Battie, Browne, Craven, Davies, Pitt, Porson, and Waddington Scholarships were adopted by Grace of October 31, 1914:

1. That the Battie, Browne, Craven, Davies, Pitt, Porson, and Waddington Scholarships be divided into two groups, the first group consisting of the Craven and Waddington Scholarships, the second group consisting of the rest.

2. That the Craven Scholarships be of the annual value of £80.

3. That the value of the Waddington Scholarship be the income of the fund subject to the payment thereof of necessary expenses if any.

4. That the Scholarships of the second group be henceforth of a uniform annual value of not less than £40 or more than £50, that the value be fixed from time to time by Grace of the Senate, and that in the first instance it be £40.

5. That each Scholar receive payment of his Scholarship as from the first day of October preceding the date of his election up to the end of the third academic year after the academic year in which he shall have matriculated, or, in the case of a Scholar who shall have matriculated in the Easter Term, up to the end of the fourth academic year after the academic year in which he shall have matriculated (except that a Scholarship of the second group shall be vacated by election to a Craven or Waddington Scholarship, as provided in Regulation 10).

6. That the emoluments of each Scholarship be paid by equal half-yearly payments, each payment being contingent on the Scholar's having kept by residence the academic Term or Terms included in the half-year, unless dispensation for purposes of study elsewhere than in the University (or for other good cause) be granted by the Council of the Senate.

7. That, in any year in which the Waddington Scholarship is declared vacant, one Craven Scholarship, but in other years two Craven Scholarships, be declared vacant; but the Examiners shall have power to award only one Scholarship of the first group, or not to award any Scholarship of the first group, if they shall be of opinion that there are not candidates of sufficient merit. 9. That as far as possible two Scholarships of the second group be declared vacant in each year, but that the Examiners shall have power to award only one such Scholarship, or not to award any such Scholarship, if they shall be of opinion that there are not candidates of sufficient merit.

12. That the Scholars elected to any of the Scholarships of the second group be announced in the order of foundation of the Scholarships to which they are elected.

13. That in every year the Vice-Chancellor call a meeting of the electors to the Scholarships for the Monday first following the first Congregation in November to consider which Scholarships shall be declared vacant.

14. That the Examiners and Electors be

by Grace of the Senate, and shall pay to such deputy the same sum as that which is paid to each of the other Examiners appointed by Grace of the Senate.

(c) Two members of the Senate appointed by Grace of the Senate at the first Congregation in November in every year.

15. That the Examiner nominated by the Vice-Chancellor as his deputy and the other Examiners appointed by Grace of the Senate be each paid a sum of £20, provided that they also act as Examiners for the Chancellor's Medals for Classical Learning.

16. That such part (if any) not exceeding one-fourth of the fees payable under the last preceding Regulation as may from time to time be determined by Grace of the Senate on the recommendation of the Financial Board be, in any year in which a Waddington Scholarship is declared vacant, paid out of the Waddington Fund, and that subject to such payment the fees be paid out of the Craven Fund.

17. That the surplus income remaining in the Craven Fund after paying the stipends of the Craven Student and of the Craven Scholars and the fees of the Examiners as provided in the preceding Regulation, be applied by the Managers of the Craven Fund for the encouragement of Classical research by Bachelors of Arts or other graduate members of the University.

UNIVERSITY CAPITATION TAX

Old Regulations

Members of the University at present in residence are required to pay a Capitation Tax to the University in accordance with the following Regulation¹:—

That every member of the University who is matriculated after the end of the Lent Term 1894 be required to make a quarterly payment to the University Chest on the usual quarter-days in respect of each quarter during which or any portion of which his name is on the Boards of a College or Hostel or on the list of Non-Collegiate Students: that in respect of the quarter in which he is matriculated and in respect of each succeeding quarter up to and including the quarter in which he is admitted to his first Degree the payment be ten shillings (in lieu of the payment of four shillings and threepence prescribed by Grace of 31 May 1866), and in respect of all other quarters the payment be four shillings and threepence.

Provided that a person whose name has been entered on the Boards of a College or Hostel, or on the list of Non-Collegiate Students, be exempt from the payment of the University Capitation Tax in respect of any quarter previous to that in which he is matriculated or commences residence.

New Regulations

For members of the University who matriculate after the end of the Lent Term, 1915, the Capitation Tax will be increased and the Degree fees correspondingly reduced, in accordance with the following Regulations, adopted by Grace of the Senate, 22 May 1914:—

That every member of the University who matriculates after the end of the Lent Term 1915 be required to make on the last day of each term the following payments to the University Chest in respect of each of the terms hereinafter mentioned during which or any portion of which his name is on the Boards of a College or Hostel or on the list of Non-Collegiate Students, (that is to say)

(a) in respect of the term in which he matriculates and of each succeeding term up to and including the term in which he is admitted to his first Degree, a payment of thirty-five shillings if he shall have resided in that term for not less than twenty-one days or been allowed to count the term as kept by residence, or a payment of ten shillings if he shall not have so resided or been allowed to count the term as kept by residence;

(b) in respect of each subsequent term up to and including the ninth term after the end of the term in which he is admitted to his first Degree, a payment of ten shillings if he shall have resided in that term for not less than twenty-one days:

but that save as aforesaid he be not required to pay any Capitation Tax to the University.

¹ But see p. 386 for the special provision for the suspension of Capitation Tax in the case of undergraduates absent on military service.

Provided always that no Capitation Tax shall be required from any person who in the same term in which he matriculates is admitted to a complete Degree, *honoris causa*, under Statute A, Chapter II, Section 18.

(g) The fee for Mus.M. degree be £8.

Plan of Examinations¹

* * The substance of the Regulations for all these Examinations will be found in Chapters X, XI, and XII of the *Student's Handbook*. The following sections give only a brief summary, which although correct as far as it goes, might be misleading if it were relied upon by intending candidates.

THE PREVIOUS EXAMINATION²

The Degree of Bachelor of Arts is obtained by passing certain University Examinations. These are of two kinds—Triposes (Examinations for Honours), and Examinations for the Ordinary Degree (Pass Examinations). The difference between these two alternative courses is explained in the sections that follow, but they are both approached by a single avenue—the Previous Examination. Every candidate for the B.A. Degree has to pass Part I and Part II of the Previous Examination; while candidates for Honours have also to pass what is practically a third Part of this Examination, known as the Additional Subject. It is possible to pass the Previous Examination, or to obtain exemption from it, before commencing residence at the University, and it is very desirable that candidates for a Tripos should do this, in order to set free the whole of their three years of residence for more important work.

The Previous Examination is held four times in each academic year, in October, December, March, and June. Notice of the subjects of examination for each civil year is issued before the middle of the Lent Term of the civil year immediately preceding, the subjects of the four Examinations in each civil year being the same.

The Previous Examination is open to three classes of candidates: (1) matriculated students in their first or any later term of residence; (2) students who have been already admitted as members of a College or Hostel or as Non-Collegiate Students, but who have not yet commenced residence or been matriculated; (3) students who, though not yet admitted to a College or Hostel

¹ For the conditions under which Examinations may be allowed to students who have been on service connected with the War, see p. 385 below.

² A Report of the Previous Examination Syndicate recommending extensive changes in this Examination has been before the Senate, but the further consideration of it is postponed until the conclusion of the War (see p. 388 below).

or as Non-Collegiate Students, are certified by the Tutor of a College or Hostel or by the Censor of the Non-Collegiate Students to be *bonâ fide* applicants for admission.

Candidates may present themselves for any or all the Parts at any Previous Examination, but they are not considered to have passed the Examination till they have passed both Part I and Part II, and (if candidates for a Tripos) the Additional Subjects also. To pass in any Part, a candidate must satisfy the Examiners in each paper of the Part. The Examination is conducted entirely by means of printed papers; there is now no *vivâ voce* examination.

The names of successful candidates are published in lists containing, for Parts I and II, four classes, and for the Additional Subjects, two classes, the names in each class being arranged in alphabetical order.

Part I of the Previous Examination consists mainly of Classics, and includes four papers:—(1) a Greek Gospel *or* one of the Greek *or* Latin Classics; (2) one of the Latin Classics *or* Latin Unseen; (3) one of the Greek Classics *or* Greek Unseen; (4) Latin Unseen, the use of a dictionary being allowed. Alternatives to Latin and Greek are allowed to natives of Asia or Africa and not of European parentage.

Part II of the Previous Examination consists mainly of Mathematics and includes four papers:—(1) *either* Paley's *Evidences*, *or* a paper in Elementary Logic, *or* a paper in Elementary Heat and Chemistry; (2) Geometry; (3) Arithmetic and Elementary Algebra; (4) a paper containing subjects for an English Essay selected from a standard work or works.

The Additional Subjects consist of the three following alternatives, in *one* of which candidates in Honours for any Tripos are required to pass:—(1) Mechanics (two papers); (2) French (two papers); (3) German (two papers).

Under certain conditions, exemption from the Previous Examination can be obtained by means of Certificates which may be classified as follows:—(1) *Cambridge Certificates*, which include (a) Higher Certificates and School Certificates granted by the Oxford and Cambridge Joint Board; (b) Senior Local Certificates and (c) Higher Local Certificates granted by the Cambridge Local Examinations Syndicate. (2) *Oxford Certificates*, which include (a) Oxford Responsions and (b) the Oxford Senior Local Certificates. (3) *London Certificates*, granted to students in connexion with the Matriculation Examination of the University of London. (4) *Certificates from the Northern Universities*, granted to students in connexion with the Joint Matriculation Examination of the Universities of Manchester, Liverpool, Leeds, Sheffield, and Birmingham. (5) *Scotch Certificates*, granted

in connexion with the Examinations of the Scotch Education Department. (6) *Certificates of Graduation* under certain conditions at the Universities of Aberdeen, Birmingham, Durham, Edinburgh, Glasgow, Leeds, Liverpool, London, Manchester, St Andrews, and Sheffield, and at the University of Wales. (7) *Foreign Certificates*, granted in connexion with Examinations in Austria-Hungary, France, Germany, Russia, Spain, or Switzerland¹. (8) Students who have satisfied certain conditions which entitle them to the privileges of Affiliation, are also exempt from the Previous Examination.

The privileges of Affiliation are granted, under certain conditions to be ascertained from the *Student's Handbook*, to students from Affiliated Institutions (see p. 367), and also under other conditions, to students of Affiliated Lecture Centres (see p. 367). They are also granted under certain conditions to graduates of approved Universities who are not members of affiliated Institutions (see p. 368).

EXAMINATIONS FOR THE ORDINARY B.A. DEGREE

A student who, having passed Parts I and II of the Previous Examination, intends to proceed to the Ordinary B.A. Degree, is required to pass *either* (1) the General Examination¹ and a Special Examination, *or* (2) two Special Examinations, *or* (3) the Preliminary Examination in Science and a Special Examination.

THE GENERAL EXAMINATION AND A SPECIAL EXAMINATION

§ 1. *The General Examination*²

Students who have passed Parts I and II of the Previous Examination may enter for either Part of the General Examination (but not both Parts) in their third term of residence, if they have previously kept two terms; and for either or both Parts in their fourth or any later term of residence, if they have previously kept three terms.

The Examination is held twice in the year, in June and December.

¹ See also the Grace relating to Serbian students, on p. 391 below.

² In consequence of the decline in the number of candidates, the following provisions for the suspension of the General Examination during the War were made by Grace of February 4, 1916:

'1. That, notwithstanding anything to the contrary in the Ordinances, the General Examination be not held after the Easter Term of 1916, until the University shall otherwise determine;

2. That a student who, before the end of the Easter Term of 1916, has passed one Part only of the General Examination be deemed to have passed one Part or one Section of a divided Special Examination;

3. That, in the Easter Term of 1916, a student who has kept two terms by residence be allowed, notwithstanding Regulation 10, *Ordinances*, page 37, to offer himself for examination in both Parts of the General Examination.'

See also p. 388 below.

The Examination for Part I consists of five papers, as follows:—

- (1) A paper on one of the Greek classics ; (2) a paper on one of the Latin classics ; (3) and (4) two papers consisting of questions on Mechanics with simple questions on Trigonometry
- (5) (*voluntary*) Latin Prose.

The Examination for Part II also consists of five papers as follows:—

- (1) A paper on the Acts of the Apostles in the original Greek ; (2) a paper on a selected portion of English History ; (3) a paper containing one or more subjects for an English Essay or Essays, the subjects being taken from the portion of English History selected for examination ; (4) Elementary Hydrostatics and Heat ; (5) (*voluntary*) a paper on some play of Shakespeare or some portion of the works of Milton.

Papers (1) (2) (3) (4) in each Part are obligatory. Paper (5) in each Part is voluntary, that is to say, students are not required to present themselves for either of these papers, but the results are taken into account in assigning the places in the class lists.

The names of the successful candidates in each Part are published in a list containing four classes, with the names in each class arranged alphabetically.

§ 2. *The Special Examination*

A Special Examination is held in each of the following subjects:—(1) Agricultural Science, (2) Botany†, (3) Chemistry, (4) Classics†, (5) Engineering Science, (6) Geography, (7) Geology†, (8) History, (9) Law, (10) Logic, (11) Mathematics†, (12) Military Subjects†, (13) Modern Languages, (14) Music, (15) Physics, (16) Physiology, (17) Political Economy, (18) Psychology†, (19) Theology, (20) Zoology†.

Twelve of the Special Examinations are divided into two Parts, and are held twice a year ; two are undivided, and are held once a year in connexion with a Tripos ; five are undivided, but are held twice in each year. One Special Examination—that in Modern Languages—is an exceptional case.

The Regulations relating to the standing of candidates are given in the *Student's Handbook*. All the Special Examinations are open to Bachelors of Arts without restriction of standing.

In the Special Examinations the names of the successful candidates are published in a list containing three classes, the names in the first class being arranged in order of merit, and those in the second and third classes alphabetically : except that in the Special Examinations in Botany, Geology, and Zoology, the names are arranged alphabetically in all three classes.

† For special provisions affecting these Examinations in consequence of the War, see p. 391.

TWO SPECIAL EXAMINATIONS

A student who prefers to proceed to the Ordinary B.A. Degree by taking two Special Examinations in place of the General Examination and one Special Examination, can only do so subject to certain conditions relating to (1) his choice of a Special Examination and (2) his standing at the time when he takes it. If he substitutes a Special Examination for the General Examination he can only do so when he is of sufficient standing; and when having made this substitution he comes to select a second Special Examination, he must not choose one which is too closely related to the one which he has already passed. It should be clearly understood that this method of proceeding to the Ordinary B.A. Degree is alternative to the method described in the preceding section, and a candidate must not therefore read the different sets of Regulations together and claim to proceed partly under one and partly under the other.

A candidate for the Ordinary B.A. Degree who has passed one of the Special Examinations as an alternative for the General Examination may not take as his final Examination for the B.A. Degree a second Special Examination which in the following list is grouped with the Special Examination which he has already passed :

- (i) Theology ;
- (ii) Logic, Political Economy ;
- (iii) Law ;
- (iv) History ;
- (v) Agricultural Science, Botany, Chemistry, Geology, Physics, Physiology, Psychology, Zoology ;
- (vi) Classics, Modern Languages ;
- (vii) Engineering Science, Mathematics ;
- (viii) Music ;
- (ix) Geography ;
- (x) Military Subjects.
- (xi) Engineering Science, Physics.

The Regulations relating to the standing of candidates who take two Special Examinations in place of the General Examination and one Special Examination are complicated by the fact that some Special Examinations are divided and others are not. The substance of the Regulations dealing with each group of cases will be found in the *Student's Handbook*.

THE PRELIMINARY EXAMINATION IN SCIENCE AND
A SPECIAL EXAMINATION

§ 1. *The Preliminary Examination in Science*

The Preliminary Examination in Science is practically identical with the First Examination for the Degree of Bachelor of

Medicine, but the Regulations with regard to the standing of candidates are different. Thus although a student who passes the Preliminary Science Examination is regarded as having passed the First M.B., it is not the case that a student who passes the First M.B. is regarded as having passed the Preliminary Science Examination¹.

The Examination is open to all students who have entered on their third term of residence at least, having previously kept two terms, and have passed or obtained exemption from both Parts of the Previous Examination.

The Examination is held three times in the year, and begins in the Michaelmas Term on the Tuesday or Friday which first happens after October 2 and also on the Monday at or next after the last day of full Michaelmas Term; and in the Easter Term on the Monday next after the second Sunday in June.

The Examination is partly in writing, partly oral, and partly practical, and the subjects of examination are: (1) Chemistry, (2) Physics, and (3) Elementary Biology. The schedules are those of the First M.B. Examination, and the Examination is conducted by means of the same papers. A student is allowed to present himself for examination in all or any of these subjects at the same Examination.

The names of the successful candidates in the several subjects are arranged in alphabetical order.

A student who has passed the Examination in Chemistry or in Physics or in Elementary Biology in the Preliminary Examination in Science, is regarded as having passed the corresponding part of the First M.B. Examination, and is not required to pay an additional fee.

§ 2. *The Special Examination*

Students who pass the Preliminary Examination in Science in place of the General Examination have still to pass a Special Examination in order to qualify for the Ordinary B.A. Degree. The Regulations under which they can do so are given in the *Student's Handbook*. It is, however, provided that a candidate for the Ordinary B.A. Degree who has passed the Preliminary Examination in Science as an alternative for the General Examination may not take as his final Examination for the B.A. Degree the Special Examination in Physics or the Special Examination in Chemistry.

¹ The following Grace, passed 3 December 1915, modifies this Regulation for the purposes of the War: "That, subject to the consent of the Council of the Senate, students who have passed any part of the First M.B. Examination not earlier than the Michaelmas Term of 1912, but before the end of the Emergency period, be credited with having passed the corresponding part of the Preliminary Examination in Science."

EXAMINATIONS FOR HONOURS

A student who has passed Parts I and II of the Previous Examination and also the Examination in one of the Additional Subjects, or who has obtained exemption from the Previous Examination, may be a candidate in a Tripos Examination, provided that he is of the proper academic standing. The Tripos Examinations were founded in the following order: (1) Mathematics, (2) Classics, (3) Moral Sciences, (4) Natural Sciences, (5) Theology, (6) Law, (7) History, (8) Oriental Languages, (9) Medieval and Modern Languages, called, since 1917, the Modern and Medieval Languages Tripos, (10) Mechanical Sciences, (11) Economics, (12) Anthropology, and (13) English¹. Of these the Classical, Moral Sciences, Natural Sciences, and Theological Triposes are divided into two Parts, but a degree can be obtained by passing the First Part only; the Mathematical, Law, History, and Economics Triposes are divided into two Parts, the First of which does not by itself qualify for a degree; the English Tripos¹ is divided into two Sections, both of which must be passed in order to obtain a degree; and the Mechanical Sciences and Oriental Languages Triposes are undivided and must be passed at one and the same Examination. The Anthropological Tripos is the equivalent of a Second Part only, and a student must obtain Honours in some other Tripos before he can take it. The Modern and Medieval Languages Tripos (New Regulations)² is a special case. In order to obtain Honours in this Tripos a candidate must pass (*a*) in two languages in Part I; or (*b*) in five of the subjects contained in either of the Examinations in Part II; or (*c*) in a composite examination described as a Section, consisting of one language in Part I, together with three subjects from the group representing the same language in Part II (Literature and History). He may also present himself for examination in two, but not more than two, Sections in the same year. But no candidate is allowed to obtain Honours in any Section, unless he satisfies the Examiners in that portion of the Section which belongs to Part I.

The Tripos Examinations are held once a year, in the Easter Term. The common practice is for students to take the First Part of a Tripos (in cases where the First Part alone confers a degree) at the end of the third year of residence. Thus a student who comes into residence in October, having passed or obtained exemption from the Previous Examination and the Additional Subjects, has three academical years, including two Long Vacations, in which to prepare for his Tripos. The great majority of successful candidates then proceed at once to the B.A. Degree, and leave the University; but a small number

¹ The first Examination for the English Tripos will be held in 1919.

² The last Examination under the Old Regulations will be held in 1919; the first Examination under the New Regulations will be held for Part I in 1918 and for Part II in 1919.

remain in residence for a fourth year as Bachelors of Arts, in order to read either for the Second Part of the same Tripos, or, if they prefer it, for the Second Part of some other Tripos, for which they are now eligible as having passed an Honours Examination. In the case of the Economics, Law, and History Triposes the common practice is somewhat different, as the First Part of the Tripos is taken at the end of the second year of residence, and a successful candidate has the option of qualifying himself for a degree by taking either the Second Part of the same Tripos or a Part of some other Tripos at the end of his third or fourth year of residence. The Mathematical Tripos and the Modern and Medieval Languages Tripos are exceptional in this, as in some other respects; the Regulations which govern them will be found in the *Student's Handbook*.

A candidate for Honours should not, unless in very exceptional cases, attempt to read for two Triposes simultaneously; if he desires to cover a wide field of study, it is better first to take the First Part of one Tripos and then the Second Part of another.

Except in the special cases of Part I of the Mathematical Tripos and Part I of the Modern and Medieval Languages Tripos (New Regulations), a student who has failed in a Tripos Examination cannot present himself on another occasion for the same Examination.

Every Tripos Examination, if taken at all, must be taken within a certain limit of time. The Regulations relating to the standing of candidates for each Tripos will be found in the *Student's Handbook*; as also the conditions under which in exceptional circumstances permission may be obtained to 'degrade¹,' i.e. to postpone a Tripos beyond the limit ordinarily allowed.

The Tripos Examinations are conducted entirely by means of printed papers, except that in the science examinations provision may be made for *viva voce* examination in connexion with the practical work. As a general rule the time allowed for each paper is three hours. Notice of the date of commencement of the various Tripos Examinations and the order in which the papers will be set is given beforehand in the *University Reporter*, and is posted on the Screens of the various Colleges.

The names of successful candidates are arranged in three classes, but the arrangement of the names in each class varies in different Triposes as follows: (1) In the Anthropological Tripos, the Classical Tripos, Part II, the English Tripos², the Mathematical Tripos, the Mechanical Sciences Tripos, the Modern and Medieval Languages Tripos, the Moral Sciences Tripos, Part II, the Natural Sciences Tripos, the Oriental Languages Tripos, and

¹ See also p. 387 below.

² The first Examination for the English Tripos will be held in 1919.

the Theological Tripos, the names in each class are arranged in alphabetical order; (2) in the Law Tripos they are arranged in order of merit; (3) in the Classical Tripos, Part I, they are arranged in each class in one or more divisions (usually three), the names in each division being arranged in alphabetical order; and (4) in the Economics Tripos, the Historical Tripos, and the Moral Sciences Tripos, Part I, they are arranged in three classes, of which the second is divided into two divisions, the names in the first and third classes, and in each division of the second class, being arranged in alphabetical order.

A student who has been excused a Special Examination by taking Honours in a Tripos Examination before he is of standing for a degree, may in some circumstances proceed to a degree by means of a Certificate of Diligent Study, instead of being obliged to pass a second Special Examination. The Regulation dealing with this will be found in the *Student's Handbook*.

Copies of the questions set in the Tripos Examinations of the preceding academical year are published annually by the University Press, and may be obtained of any bookseller. It is the case in some Tripos Examinations that the Examiners allow candidates a choice of questions, but as a rule this rests in their discretion, and is not subject to any fixed regulation.

THE PUBLICATION OF CLASS LISTS

The following general Regulations for the publication of lists of successful candidates apply to all Examinations:

1. All lists of successful candidates in examinations shall be published by the Registry causing a printed copy of each list to be affixed to the Senate-House door not later than 1 p.m., except in the case of those Tripos Examinations in which the lists of successful candidates are read in the Senate-House. In the latter case the lists shall be read at 9 a.m. on the day named in the regulations, and shall be affixed to the Senate-House door by the Registry or his agent immediately after the reading of the lists.

2. The Senior Examiner, under which title is to be understood

(1) in the case of Parts I and II of the Previous Examination, the General Examination for the Ordinary B.A. Degree, and each of the Tripos Examinations, the Chairman of the Examiners,

(2) in the case of each of the Additional Subjects of the Previous Examination, and each of the Special Examinations for the Ordinary B.A. Degree, except the Special Examination in Music, the Senior Resident Examiner,

(3) in the case of the examination of graduates proceeding to the Degree of Bachelor or Master of Law, the Chairman of the Examiners for the Law Tripos,

(4) in the case of each Part of each of the Examinations for the M.B. Degree, the Regius Professor of Physic,

(5) in the case of the Special Examination in Music, and of each part of the examination for the Mus.B., Mus.M. and Mus.D. Degrees, the Professor of Music,

(6) in the case of the Examination in spoken French and German, the Chairman of the Examiners,

shall send as soon as possible to the Registry in a sealed envelope the list of successful candidates signed by all the Examiners. A list signed by all the Examiners shall at the same time be sent in a sealed envelope by the Senior Examiner to the Vice-Chancellor and shall be considered as the authoritative list to be preserved in the Registry. These lists shall be sent in a printed form if this can conveniently be done. As soon as these lists shall have been sent by the Senior Examiner to the Registry and the Vice-Chancellor respectively, the duty of the Senior Examiner, so far as regards the publication of the list, shall cease, except in the case of those Tripos Examinations in which the list is read in the Senate-House. In such cases the Senior Examiner, or one of the Examiners deputed by him, shall read the list.

3. The Registry shall cause directions to be given to the University Press for printing and circulating the copies in the manner specified in Regulation 4; and on the morning of the day when the list is to be published it shall either be affixed to the Senate-House door at 10 A.M., or be conveyed before 9 A.M. by the Registry or his agent to the Senior Examiner or the person appointed to read it.

4. Simultaneously with the publication of lists, printed copies enclosed in envelopes shall be sent from the University Press to Heads, Tutors, and Praelectors of Colleges and Public Hostels, ..., the Censor of Non-Collegiate Students, and the persons appointed to affix such lists on the College screens.

5. In the case of Examinations respecting which no day is fixed by Ordinance for the publication of the list, or respecting which it may not be desirable to have the publication delayed to the latest day fixed by Ordinance, the Senior Examiner shall communicate to the Registry as soon as practicable a statement of the day on which he may expect to receive the list; and the Registry shall cause to be affixed to the Senate-House door, or shall insert in the *Reporter*, a notice of the expected date of publication.

6. In any case in which the Examiners represent to the Vice-Chancellor that a correction or addition is required in a list already published in accordance with the foregoing Regulations, the Vice-Chancellor shall have power to authorise the issue of an amended list embodying the correction or addition; this amended list shall be signed, published, and circulated in the same manner as the original list, and shall take the place thereof for all purposes¹.

¹ The Council suggest that, in authorising the issue of an amended List, the Vice-Chancellor should make use of some such form as the following:

The Vice-Chancellor has authorised the issue of the following amended List for Examination to take the place for all purposes of the List published on The following alteration has been made in the List: [Here specify the alteration, and then print the List as amended.]

Research Students

In the preceding sections two avenues to the B.A. Degree have been described—that leading to the Ordinary B.A. Degree by way of the General and Special Examinations, and that leading to an Honours Degree by way of a Tripos Examination. But the establishment of Courses of Research has made it possible for students who have already graduated in other Universities, or who are able to give some other evidence of special qualification, to proceed to the B.A. (or LL.B.) Degree¹ under different conditions from those applicable to the ordinary undergraduate, and after a shorter period of residence. Such students do not take Examinations, but they qualify for a degree by means of a Dissertation.

Research Students in Arts are required to keep by residence at least six terms. Having done all that is required by the Statutes and Ordinances of the University they may be admitted to the Title of Bachelor Designate in Arts and are afterwards inaugurated Bachelors of Arts at the time prescribed by the University.

Research Students in Law are required to keep by residence at least six terms. Having done all that is required by the Statutes and Ordinances of the University they may be admitted to the Title of Bachelor Designate in Law. After such admission they have the same rank and privileges as Bachelors Designate in Arts. They are inaugurated Bachelors of Law at the time prescribed by the University and have then the same rank and privileges as Bachelors of Arts.

REGULATIONS FOR RESEARCH STUDENTS IN ARTS AND LAW

1. Applications for admission as Research Students shall be made to the Registry.

No person shall be admitted as a Research Student unless he has attained the age of twenty-one years.

2. Each application shall be accompanied by

- i. a diploma or other certificate of graduation at a University;
- ii. a statement as to the course of research which the applicant desires to pursue, together with such evidence of qualification, attainments, and previous study as he may be able to submit;
- iii. a certificate or declaration that the applicant has attained the age of twenty-one years.

¹ A Report of the General Board of Studies recommending the establishment of the Degrees of Master of Letters and Master of Science, to be obtained by research, has been approved by the Senate, but these Degrees cannot be conferred until application has been made to the King in Council for a new Statute.

3. In exceptional cases persons who do not present a diploma or certificate of graduation may be admitted as Research Students, provided that, in lieu thereof, they give such evidence of general educational qualification as may be approved by the Council of the Senate.

4. Applications shall, if possible, be submitted not later than June 1 in the academic year preceding that in which the applicant proposes to begin his course. But the Degree Committees of Special Boards of Studies shall have power to consider applications submitted at other times.

5. Subject to the approval of the Council of the Senate in cases coming under Regulation 3, the Registry shall communicate each application to the Chairman of the Special Board of Studies with which the proposed course of research appears to be most nearly connected; and the application shall be considered and decided by the Degree Committee of the Special Board.

6. The application shall not be granted unless it shall appear

i. that the course of research can conveniently be pursued within the University; and

ii. that the applicant has produced adequate evidence that he is qualified to enter upon the proposed course.

7. When the application has been decided, the Chairman shall inform the Registry of the decision; and the Registry shall inform the applicant.

8. A Research Student shall not be allowed to count any term before that in which he has matriculated, unless he has satisfied the Council of the Senate that his matriculation has been deferred for grave and sufficient cause.

9. A Research Student shall not be admissible as a candidate for any University Prize or Scholarship which is open only to undergraduates and Bachelors-designate in Arts or Law.

For the purposes of any regulation respecting the standing of candidates for other University Prizes or Scholarships the first term kept by a Research Student shall be counted as his seventh term.

10. A student who has been admitted to a course of research shall pursue that course under direction and supervision, prescribed by the Degree Committee, and under such other conditions, if any, as may be laid down by that Committee.

11. A student, who has after the first day of the term in which he was admitted to a course of research kept three terms by residence, may in the fourth or any subsequent term up to the twelfth after such admission send to the Registry, not later than the division of the term, a dissertation containing an account of and embodying the results of the research carried on by him in the University. The dissertation must be accompanied by a fee of £5 for the University Chest, and by a certificate shewing that the student has kept the required number of terms. The applicant shall state, generally in a preface to his dissertation and specifically in notes, the sources from which his information is derived, the extent to which he has availed himself of the work of others, and the portions of the dissertation which he claims as original.

The Registry shall forward the dissertation to the Chairman of the Degree Committee concerned; and the dissertation shall be referred to one or more persons appointed by the Committee, who shall have power to examine the student orally or otherwise upon the subject thereof and shall report thereon to the Committee. Each of the persons so appointed shall receive a fee of two guineas from the University Chest.

The Committee shall have power to take into consideration together with the dissertation any memoir or work published by the student which he may desire to submit to them.

By special permission of the Degree Committee, a dissertation may be submitted in a later term than his twelfth term.

No student may present a dissertation who is not at the time a Member of the University.

12. If the Degree Committee be of opinion that the work submitted by the student is of merit as an original contribution to learning or as a record of original research, the Chairman shall forward to the Registry a statement to this effect, indicating therein the subject or subjects of the student's research.

If the Degree Committee be of opinion that the dissertation submitted by the student is not of sufficient merit to serve as a qualification for the Certificate of Research, they may determine the conditions, if any, under which the student shall be allowed again to submit to them a dissertation, and the Chairman shall inform the Registry, who shall inform the student, of this decision.

13. The statement shall be forwarded by the Chairman to the Registry, who shall embody it in a Certificate of Research in the following form:

This is to certify that
of _____ College admitted a Research Student of the
University of Cambridge has submitted to the Degree Committee of the
Special Board for
Dissertation entitled

embodying the results of his own investigations And that in the opinion
of the said Committee the work so submitted is of Merit as an original
contribution to learning [*or, as a record of original research*].

Special Board
Registry

Each candidate before receiving his Certificate of Research shall deposit in the University Library a copy of his dissertation in a form approved by the Degree Committee.

14. A student who has obtained a Certificate of Research and has kept by residence at least six terms shall be entitled to proceed to the Degree of B.A. and thereafter under the usual conditions to the Degree of M.A. and to other Degrees in the University.

A student who has obtained a Certificate of Research upon a statement made by the Degree Committee of the Special Board for Law, and has kept by residence at least six terms, shall also be entitled to proceed to the Degree of LL.B., and thereafter under the usual conditions to the Degree of LL.M. and to other Degrees in the University; and may take the Degree of LL.B. either instead of, or in addition to, the Degree of B.A.

Admission of Graduates to Research

15. A Graduate of the University who desires to be admitted as a Research Student with a view to obtaining the Certificate of Research described in Regulation 13 shall make application, through the Registry, to the Chairman of the Special Board of Studies with which his proposed

course of research appears to be most nearly connected; and the application shall be considered and decided by the Degree Committee of the Special Board.

16. The Degree Committee shall not grant the application unless they are satisfied

i. that the course or courses of research can conveniently be pursued within the University; and

ii. that the applicant has produced adequate evidence that he is qualified to enter upon the proposed course or courses.

17. If the application be granted, the student shall become entitled to a Certificate of Research upon satisfying the requirements of Regulations 10—13, except that he may submit his dissertation when he has kept by residence two terms after the first day of the term in which he was admitted to a course of research.

Fees

18. The fee ordinarily payable by a student admitted to a course of research, for working in one of the University Laboratories or Museums shall be such fee not exceeding £4. 4s. per term as the Professor or other officer in charge of the Laboratory or Museum shall determine. The Professor or other officer in charge of the Laboratory or Museum may in addition require such payment as he may think fit for material or special apparatus supplied to the student.

These Regulations first came into force in 1913. From 1897 to 1913 Research Students were known as 'Advanced Students.' Of these there were two kinds, one proceeding to Degrees by means of Tripos Examinations and the other by means of Certificates of Research.

GRACES AND SUPPLICATS FOR DEGREES

The following are the more important Regulations governing the granting of Graces and Supplicats for Degrees:

No Degree other than a Degree conferred under Stat. A. ch. II. sec. 18 *honoris causa* shall be conferred out of Term¹.

¹ Notwithstanding this Ordinance it has been usual of late years to sanction by Special Grace the holding of a Congregation in the Long Vacation for conferring Degrees in Medicine and Surgery.

No Degree shall be conferred upon any person unless

either (1) A Grace authorising the conferring of the Degree of which due notice has been given has been approved by the Senate;

or (2) A Supplicat in the form prescribed by the Senate duly signed by the Head or Praelector of the College or the Principal of the Hostel to which the applicant belongs, or, in the case of a Non-Collegiate Student, by the Chairman of the Board, or by the Censor of Non-Collegiate Students, or by their respective Deputies (the aforesaid Officers or their Deputies being members of the Senate in full possession of their privileges as such), has been presented to and approved by the Senate.

In all cases in which residence is required as a qualification for a Degree, a Certificate attesting on behalf of each applicant the amount of the residence which he has duly kept, must be previously presented to and approved by the Council of the Senate; such Certificate being given under the hand and seal of the Head of the College, or the Principal of the Hostel to which the applicant belongs, or, in the case of a Non-Collegiate Student, of the Chairman of the Board of Non-Collegiate Students, or of their respective Deputies.

No Grace for a Degree shall be in force longer than one calendar year from the date of its approval by the Senate.

Except as hereinafter provided no degree shall be conferred unless the Supplicat and Certificate of terms (if necessary) have been sent in to the Registry not later than 10 o'clock on the morning of the day on which the degree is to be conferred, or in the case of a degree to be conferred on a day of General Admission not later than 10 o'clock on the morning of the day next but three (exclusive of Sunday) preceeding.

In cases in which this rule has not been complied with the degree may nevertheless be conferred if the necessary documents have been sent to the Registry in time to be laid before the Council with the necessary information respecting the candidate, a fee of £1 in addition to the usual degree fee having been paid to the proper authority; but the aforesaid additional fee shall not be charged in cases in which the current term (being one of those mentioned in the Certificate) has not been kept on the day preceeding that on which the Certificate ought to be sent in, provided that the Supplicat has been duly sent in with a notice of the cause of the delay of the Certificate of Terms.

Special Graces

That the Graces for the admission by proxy to Degrees or titles of Degrees, and all "Special Graces" for admission to Degrees or titles of Degrees, be in the form of Supplicats.

That "Special Graces" be proposed to the Senate by themselves immediately after the Graces on the Grace Paper for the day have been disposed of.

That the form of the Supplicat on behalf of a candidate for a Degree by proxy be the same as that on behalf of an ordinary candidate for the same Degree with the addition of the words "et ut absens admittatur per procuratorem suum."

That in the case of Graduates to whom the Senate has granted Honorary Degrees under Stat. A, Chap. II, Sect. 18, Par. 1 or Par. 2, and whom it is proposed to admit by proxy, a separate Grace be offered for such admission.

Application for leave to proceed to a Degree in absence

The Vice-Chancellor begs leave to inform Tutors and Praelectors of Colleges that, in future, applications for permission to proceed to Degrees *in absentia* should be forwarded to the Registry, and not direct to the Vice-Chancellor.

Such applications should reach the Registry at least ten days before the Congregation at which it is desired that the Degree should be taken.

The Registry will then forward the applications to the Vice-Chancellor for the consideration of the Council of the Senate.

FORMS OF SUPPLICATS FOR DEGREES

Graces for Degrees not conferred *honoris causa* (or Supplicats as they are commonly termed) have the name of the College or Public Hostel to which the applicant belongs, or, if he be a Non-Collegiate Student, the heading "Non-Collegiate Students' Board" and the date of the day on which the Supplicat is to be presented prefixed, and are signed by the Head or Praelector of the College or Hostel of the applicant or in the case of a Non-Collegiate Student by the Chairman of the Board or the Censor of Non-Collegiate Students.

In cases where residence is required as a qualification for a Degree the Supplicat must state the number of terms which have been kept; and if the Senate be asked to allow any term which has not been kept, the reason of the applicant's having failed to keep the term must be stated in the Supplicat.

The ordinary form of Supplicat for the Degree of Bachelor of Arts is as follows:

Supplicat reverentiis vestris A. B. ut novem termini completi, in quibus omnia quae ad gradum baccalaureatus in Artibus suscipiendum requirantur perfecit, sufficiant ei ad titulum assequendum Baccalaurei in Artibus designati.

Other forms of Supplicat dealing with various cases are to be found in the *Ordinances*.

FORMS OF PRESENTATION FOR DEGREES

As some of the various forms of Presentation are occasionally used by members of the Senate who may be called upon to present for Degrees, they are printed in full:

N.B. These forms are subject to the following provision:

That the formula employed by each Praelector at the presentation of each group, except the first presented by him, of candidates for one and the same degree be

The Divinity, Law, and Physic Schools are open during the whole of every Term, and the keeping of all Acts is entirely at the discretion of the respective Professors.

The Scarlet Days are Christmas Day, Easter Day, Ascension Day, Whitsunday, Trinity Sunday, All Saints' Day, the First Sunday in November (the day for the Commemoration of Benefactors), Commencement Tuesday (the Tuesday next preceding June 24), and any other days for which the Vice-Chancellor gives notice. It has been customary of late years for the Vice-Chancellor to give notice that Scarlet will be worn on the first day of General Admission in the Easter Term (held on the Saturday before Commencement Tuesday), and also on the day in June on which a Congregation is usually held for conferring Honorary Degrees upon distinguished men.

All Festivals, Saints' Days, and Sundays, are surplice-days, and the evenings preceding are surplice-evenings.

Inceptors in Arts

A Bachelor of Arts may be admitted Inceptor in Arts at the end of six years from the end of his first term of residence, provided that not less than two years have elapsed from his Inauguration. An Inceptor in Arts becomes a complete Master of Arts by creation on the Tuesday immediately preceding the last day of Easter Term. (See p. 208.)

Proceedings in Divinity

BACHELOR OF DIVINITY

A Master of Arts or Law may be admitted to the Degree of Bachelor in Divinity on the eleventh of June in the seventh year from his creation, or on any later day.

Old Regulations

1. A Master of Arts, proceeding to the degree of Bachelor of Divinity, shall be required, at some time after the expiration of four years from his creation, either (1) to keep one Act. or (2) to print a Dissertation composed by himself in Latin or English on some subject connected with Biblical Criticism, Exegesis, or History, or with the Evidences of Christianity, or with Dogmatic Theology, or with Ecclesiastical History, Literature, or Antiquities.

2. The Act shall be kept in the following manner:

The Regius Professor of the Faculty shall assign the day and hour when the Exercise shall be kept;

The Professor, or some Graduate of the Faculty, who is a Member of the Senate, deputed by him, shall preside over the Exercise;

The candidate shall read a Thesis, composed in Latin by himself on some subject approved by the Professor; the Professor, or Graduate presiding, shall bring forward arguments or objections in English for the candidate to answer, and shall examine him in English *vivâ voce* as well on questions connected with his Thesis as on other subjects in the Faculty of a more general nature; the Exercise being made to continue at least one hour;

Public notice of the Act shall be given by fixing on the door of the University Schools, eight days at least before the assigned time, a written paper specifying the name and College of the candidate, the day and hour appointed for the Exercise, and the subject of the Thesis: copies of the notice shall be delivered also, at the same time, to the Vice-Chancellor and to the Professor.

3. The subject of the Dissertation shall be approved beforehand by the Professors of Divinity by a majority of votes.

4. The Dissertation shall be sent either printed or in manuscript to the Regius Professor of Divinity.

5. If the Professors of Divinity, by a majority of votes, accept the Dissertation as satisfactory, the Regius Professor shall fix a day on which the candidate shall present himself for examination.

6. In all cases where the votes are equal, the Regius Professor shall have a casting vote.

7. A Graduate in Divinity shall be annually appointed by Grace of the Senate on the nomination of the Board of Theological Studies at the second Congregation in the Michaelmas Term to act as Assessor to the Regius Professor of Divinity in conducting the Examination.

8. The Regius Professor of Divinity shall give public notice of the Examination by fixing on the door of the University Schools, eight days at least before the assigned time, a written paper specifying the name and College of the candidate, the subject of his Dissertation, and the day, hour, and place appointed for the Examination; copies of the notice shall be delivered also at the same time to the Vice-Chancellor and to the Professors of Divinity and to the Assessor of the Regius Professor of Divinity.

9. The candidate shall be examined by the Regius Professor and his Assessor as well on subjects connected with his Dissertation as on other subjects in the faculty of a more general nature; and the Examination shall be conducted in writing, but the Examiners shall have the power of putting *vivâ voce* questions if they consider it necessary. No candidate shall be approved for the Degree unless the Examiners decide that he has passed the Examination satisfactorily, or unless he be specially exempted under Regulation 11.

10. If the Regius Professor be unable to take part in the Examination, some Graduate in Divinity, who is a member of the Senate, shall be deputed by him to preside in his stead.

11. The Professors, if unanimous, shall have power to exempt the candidate from this Examination, where the special merits of his Dissertation or of his published works appear to them sufficient to entitle him to a Degree.

12. The Degree shall not be granted until the Dissertation has been printed; and the candidate in printing the Dissertation shall not be at liberty to make any alteration or addition without the leave of the Regius Professor of Divinity.

13. The candidate shall send a printed copy of his Dissertation to the Vice-Chancellor, to each of the Professors of Divinity, and to the University Library.

4. The examination shall consist of four papers, viz. on the Old Testament, the New Testament, Christian Doctrine, and Church History. Such candidate shall make his application in writing to the Registrar, stating at the same time which is the Special Board of Studies with which he considers that the subject of his original contribution to the advancement of Science or Learning is most nearly connected, and shall specify therein the printed contribution or contributions to the advancement of Science or Learning on which his claim for a degree is based. He shall at the same time send to the Registry a copy of each of the contributions to the advancement of Science or Learning specified in his application, and a fee of ten guineas for the University Chest. If the application is granted, this sum shall form part of the University fee for the Degree. The Registry shall forthwith forward the application to the Chairman of the Special Board indicated.

3. Such applications shall be referred to a Committee of the Special Board of Studies, to be called the Degree Committee of the Board. The Degree Committee shall consist of the Chairman of the Board, of the Professors and Readers who are members of such Board either by Statute or by Grace as Professors (including the Public Orator in the case of the Classical Board) or Readers, and Members of the Senate elected to serve on the Board on the nomination of the Council of the Senate. Provided that the Committee shall have power to co-opt, at any time between the annual election of the new member of the Board in the Michaelmas Term and the end of the ensuing Lent Term, not more than two additional members, each of them being either an actual member of the Special Board or already nominated as an additional member by the Board; provided further that a person so nominated shall not become a member of the Degree Committee until he shall have been approved by the Senate as an additional member of the Board. The persons thus co-opted shall remain members of the Degree Committee till the last day of the next following Michaelmas Term, provided that no person shall continue to be a member of the Degree Committee after he has ceased to be a member of the Special Board.

4. If such Committee shall be of opinion that the original contributions to the advancement of Science or Learning constitute *prima facie* a qualification for a degree, they shall obtain reports upon them from not less than two persons, who may be members of the Committee or not. These reports shall be treated as confidential documents. If referees are not appointed the fee of ten guineas paid by the applicant under Regulation 2 shall be returned to him.

5. The Committee shall direct that a fee, not less than three guineas and not more than five guineas, shall be paid from the University Chest to each referee.

6. If the Committee be of opinion that the degree should be granted, their resolution to that effect, with the names of those present, and of those voting on either side, accompanied by the report of the referees, shall be communicated to the General Board of Studies.

7. No final resolution of the Committee on the subject of the grant of a degree shall be taken except at a meeting at which not less than two-thirds¹ of the members of the Committee are present.

8. If the General Board of Studies after receiving such communication shall be of opinion that the degree ought to be conferred, the Vice-Chancellor shall publish the name of the candidate as approved for the degree of Doctor in Science or Doctor in Letters as the case may be.

9. If the Committee either without obtaining a report or after receiving the report of the referees shall be of opinion that a degree ought not to be granted, the Chairman of the Special Board of Studies shall inform the candidate of the fact.

10. No candidate for a degree shall be present at the deliberations either of the Committee or of the General Board of Studies respecting his own case.

11. The fee payable on admission to the degree of Doctor in Science or Doctor in Letters shall be £25.

12. Candidates for the degrees of Doctor in Science or Doctor in Letters shall be presented for their degrees by the Chairman of the Special Board of Studies or by a Doctor in Science or Letters as the case may be deputed by him.

13. Doctors in Science and Doctors in Letters shall take precedence immediately after Doctors in Medicine in the order of seniority of their complete degree.

14. Doctors in Science or Letters created Doctors on or before the Commencement Day of the year 1887 shall after that day take precedence as if they had all been created Doctors on that day.

Resolutions of the General Board of Studies

1. That in all cases it is desirable that there should be at least two independent reports by the referees on all applications for the degree of Litt.D. or Sc.D.

2. That when practicable, one at least of the referees, appointed to consider an application by a resident member of the University for the degree of Litt.D. or Sc.D., should be either not a member of the University or not a resident member of the University.

3. That it is undesirable that a referee should be appointed to consider an application for the degree of Litt.D. or Sc.D. who has himself collaborated with the applicant in any of the papers on which the application is based; but that if, in a particular case, there are special reasons for appointing as referee a person with whom the applicant has collaborated, such referee should not report on any of the work of the applicant in which he has himself taken part.

Diplomas

. The substance of the Regulations relating to Diplomas will be found in Chapter XVI of the *Student's Handbook*. The brief summary given below, although correct as far as it goes, might under some circumstances be misleading to intending candidates.

In addition to Degrees, which are for the most part conferred only on its own members, the University grants four Diplomas, which are open to persons not members of the University¹. These are (1) the Diploma in Agriculture, (2) the Diploma in Psychological Medicine, (3) the Diploma in Public Health, and (4) the Diploma in Tropical Medicine and Hygiene. The University also grants four other Diplomas which are almost entirely restricted to members of the University. These are (1) the Diploma in Anthropology, (2) the Diploma in Forestry, (3) the Diploma in Geography, and (4) the Diploma in Mining Engineering, the Diplomas in Anthropology and Geography being only open to non-members under certain exceptional circumstances. These eight Diplomas are treated below in alphabetical order. The special case of the Examination in Architectural Studies is also dealt with at the end of this Section.

THE DIPLOMA IN AGRICULTURE

The Examination for the Diploma in Agriculture is held in Cambridge, and is open to persons who are not members of the University. The Examination consists of two Parts; and no candidate is admitted to Part II until he has satisfied the Examiners in Part I, provided that in Part I a candidate who has obtained Honours in Part I of the Natural Sciences Tripos is excused Chemistry and Physics if he has passed in Chemistry in the Tripos, Physics if he has passed in Physics in the Tripos, Botany if he has passed in Botany in the Tripos, and Zoology if he has passed in Zoology or Physiology in the Tripos. A candidate who has passed both Parts of the Examination is entitled to a Diploma testifying to his competent knowledge of the Science and Practice of Agriculture, and stating in which of the volun-

tary subjects, if any, he has satisfied the Examiners, and in which subject or subjects, if any, he has attained distinction. A candidate who has passed either Part of the Examination may present himself again for examination in any of the voluntary subjects, and in the event of his satisfying the Examiners, these subjects will be endorsed on his Certificate.

Candidates for the Diploma in Agriculture who have already passed the Special Examination in Agricultural Science are regarded as having passed Part I of the Examination for the Diploma.

The Examination for Part I is held twice in the year. It includes the subjects for the Special Examination in Agriculture, is conducted by means of the papers set for that Examination and is held at the same times and in the same manner. The Examination for Part II is held once in the year, or, if the Board of Agricultural Studies should think it expedient, more than once.

In Part I the subjects and schedules are those of the Special Examination in Agricultural Science. The Examination, which is partly in writing and partly oral and practical, includes the following subjects: Elementary Botany, Zoology, Geology, Chemistry and Physics, in their relation to Agriculture; the General Principles of Agriculture; the General Principles of Forestry. Of these subjects, Elementary Geology in relation to Agriculture and the Principles of Forestry are voluntary. The results of the papers in the voluntary subjects are taken into account in assigning the places in the class-list; and marks will be affixed to the names of those who pass satisfactorily in a voluntary subject.

In Part II eight papers are set as follows: (1) and (2) Agriculture, (3) Botany, (4) (*voluntary*) Zoology, (5) Chemistry, (6) Physiology, (7) (*voluntary*) Physics, (8) (*voluntary*) Geology, all with reference to Agriculture. Marks are affixed to the names of those candidates who pass satisfactorily in a voluntary subject. The Examiners will also place a distinguishing mark opposite the names of those candidates whom they consider to have specially distinguished themselves in any subject or subjects. Marks of distinction may be given in the subjects of the voluntary papers as well as in the subjects of the other papers. In addition to the papers there will be a practical or oral examination in each subject.

Part II consists of five papers as follows:—(1) Outlines of the General History of Art, including Architecture. (2) Architecture and the Allied Arts: (*a*) Classical, (*b*) Medieval, (*c*) Oriental. No candidate will be allowed to take questions on more than one of these three sections (*a*), (*b*), and (*c*). (3) Subjects for an Essay relating to the period chosen by the candidate in paper (2). (4) Renaissance and Modern Architecture. (5) Theory of Art in relation to Architecture.

In estimating the merits of the work done by the candidates the Examiners will take account of style and method.

A student who has passed the Previous Examination may offer himself for examination in either Part, but not both Parts, of the Examination in Architectural Studies, in his third or any later term of residence, provided that he has previously kept two terms. He may not offer himself for examination in both Parts in the same term unless he has entered on his ninth term at least, having previously kept eight terms. A candidate who has obtained Honours or been allowed the Ordinary Degree in the Mechanical Sciences Tripos, or who has passed in Part I of the Special Examination in Engineering Science, will be deemed to have passed in papers (1), (2) and (3) of Part I of the Examination in Architectural Studies. A candidate who has obtained Honours in a Part of any Tripos Examination or in one Section of the Medieval and Modern Languages Tripos will be deemed to be qualified for the degree of Bachelor of Arts if he has passed the Examination in Architectural Studies and has kept the number of terms required for a degree.

The Examiners will arrange the names of those who pass in each Part in three classes; the names in the first class being arranged in order of merit and those in the second and third classes alphabetically. No candidate will be entitled to a Certificate that he has passed in either Part or both Parts until he has graduated.

Students who have passed both Parts of the Examination are exempted from the Intermediate Examination of the Royal Institute of British Architects.

In addition to the Diplomas described above, the University grants a Certificate of Proficiency in the Theory and Practice of Education. The written Examination includes (1) The Principles of Education (2 papers); (2) The History of Education from 1400 to the present time; and (3) The Practice of Education (Method). There is also a Test of Practical Efficiency.

Candidates must be at least 20 years of age, and must have passed one of the recognised qualifying Examinations. Particulars of these can be obtained from W. G. Bell, M.A., Secretary to the Teachers' Training Syndicate, Trinity Hall, Cambridge. Fuller information will also be found in Chapter XXI of the *Student's Handbook*.

THE substance of the Regulations relating to the appointment, duties, and remuneration of Examiners and Adjudicators by the University is as follows:—

PREVIOUS EXAMINATION

PARTS I AND II

(1) Four Examiners, members of the Senate, to examine in the subjects of Part I and five in Part II are nominated to the Senate by the Board of Examinations for election in the Michaelmas Term of each year to conduct the Examinations of the following year. (2) An Examiner in Logic, a member of the Senate, is nominated at the same time to the Senate by the Special Board for Moral Science. (3) One or more Examiners in Arabic, in Chinese, in Sanskrit, and in Pali are nominated to the Senate by the Special Board for Oriental Studies for election before the division of the term in which these Examinations are held.

The following Regulation applies to the meetings of Examiners:—

Before the commencement of the Examination there shall be, (1) a meeting of the Examiners in Part I, when the papers set by each Examiner in that Part shall be submitted to the other Examiners in Part I for their approval; (2) a meeting of the Examiners in Part II, when the papers set by each Examiner in that Part shall be submitted to the other Examiners in Part II for their approval. The questions proposed to be set by each Examiner shall be submitted in print to his colleagues at least three days before a meeting for the consideration of the papers. All meetings of the Examiners for each Part shall be summoned and presided over by the Chairman of the Examiners for that Part.

These Regulations shall not apply to the Examiners in Arabic, Chinese, Sanskrit, and Pali, but such Examiners shall submit their papers to the Special Board for Oriental Studies.

One at least of the Proctors or Pro-Proctors and three at least of the Examiners are required to be present throughout all the Examinations; and four of the Proctors' and Pro-Proctors' men are to be in attendance upon the Examiners.

The remuneration of the Examiners is determined by the following Regulation:—

That each Examiner in Part I and each Examiner in the Mathematical subjects in Part II shall receive £70 from the University Chest, and that the Examiner in the English Essay in Part II shall receive £60 from the University Chest.

The Examiners in Paley's Evidences, Elementary Logic, and Elementary Heat and Chemistry shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

¹ By special arrangements during the War, the number of Examiners and the fees paid to them have been much reduced (see p. 387 below).

In every year in which an examination in Arabic, Chinese, Sanskrit, or Pali is held, the Examiners who take part in the Examination shall receive from the University Chest such remuneration as shall be determined by the Board of Examinations with the consent of the Vice-Chancellor.

The Board of Examinations appoints one of the Examiners in Part I and one of the Examiners in Part II as Chairman of that Part; and each Chairman receives an additional payment of £5.

ADDITIONAL SUBJECTS

Six Examiners, two in Mathematics, two in French, and two in German, are nominated to the Senate by the Board of Examinations for election in the Michaelmas Term of each year to conduct the Examinations in the following year.

The following Regulation applies to the meetings of Examiners:—

The two Examiners in Mathematics shall take part in the meeting of the Examiners in Part II of the Previous Examination described in the preceding section, when they shall submit their papers to each other and to the Mathematical Examiners in Part II for approval. The questions to be set by each Examiner shall be communicated in print to his colleague and to the Mathematical Examiners in Part II, and to the Chairman of the meeting at least three days before the meeting.

Each of the Examiners receives from the University Chest such remuneration (not less than £15) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

The Board of Examinations appoints one of the Examiners to act as Chairman, and he receives an additional payment of £5.

SPECIAL EXAMINATIONS

In the case of all Special Examinations for the Ordinary B.A. Degree, except those in Logic and Physiology, which are held in connexion with a Tripos, a meeting of Examiners must be held previous to each Examination, when the papers set by each Examiner are submitted for approval.

One at least of the Examiners and one of the Proctors or Pro-Proctors must be present, and two of the Proctors' or Pro-Proctors' men are required to be in attendance during every part of the Examination : but, if more than one Special Examination be held in the same room, the Board of Examinations may relax the strict obligation of attendance on the part of the Examiners for the purpose of invigilation.

The Examiners send a report of the results of each Examination to the Secretary of the Board of Examinations within a week after the publication of the class-lists ; and this report is communicated, in the case of the Examinations in Physics and in Chemistry, to the Special Board for Physics and Chemistry ; in the case of the Examination in Logic to the Special Board for Moral Science ; in the case of the Examination in Physiology to the Special Board for Biology and Geology ; and in the case of each of the other Examinations to the Special Board or other Board by which the Examiners for that Examination are nominated. The report contains information as to the standards adopted in arranging the class-list of the Examination.

The Examiners for the various Special Examinations are appointed by the Senate in the Lent Term on the nomination of the Special Board of Studies with which the Examination is connected. Each of the Boards marked with an asterisk in the following table may, if it think fit, appoint one of its members to summon and preside over the meeting of Examiners referred to in the first paragraph of this section, who, if the votes of the Examiners are equally divided, has a casting vote. In the case of Agriculture

and Military Subjects a Chairman of Examiners must be appointed by the Board, and in the latter case he is required to be a member of the Senate.

TRIPOS EXAMINATIONS

The following General Regulations for the election, duties, and remuneration of Chairmen of Tripos Examiners apply to all Triposes :—

The Examiners for each Tripos, or for each Part of a Tripos where the Examiners for the two Parts are distinct, shall be called together, as soon as possible after their appointment, by the Examiner senior in order of degree of all the resident Examiners for the Tripos or Part of a Tripos, to make preliminary arrangements and to appoint one of their body who shall be a resident member of the Senate to act as Chairman; such appointment to be communicated as soon as practicable to the Vice-Chancellor for publication to the Senate.

An *honorarium* of £5 shall be assigned in each case to the Examiner who is appointed to act as Chairman, except that, in the case of the Natural Sciences Tripos, the *honorarium* assigned to the Chairman of the Examiners shall be £10 for Part I and £5 for Part II.

It shall be the duty of the Chairman to call a meeting of the Examiners at which the examination questions of each of the Examiners shall be duly submitted to the other Examiners, to call any other meetings which may be necessary, and generally to see that the regulations which apply to the particular Examination with which he is concerned are duly observed.

In all cases of equality of votes the Chairman shall have a second or casting vote.

ANTHROPOLOGICAL TRIPOS

Four Examiners are nominated to the Senate by the Board of Anthropological Studies for election in the Michaelmas Term. The questions proposed by each Examiner are submitted to and approved by the Examiners collectively; and the answers to each question set by an Examiner are examined by two at least of the Examiners. In every year in which an Examination is held the Examiners receive from the University Chest a sum of £10 each.

CLASSICAL TRIPOS

The Examination for Part I of the Classical Tripos is conducted by Examiners appointed under the following Regulations :—

That the Examination shall be conducted by eight Examiners, of whom there shall be nominated to the Senate for election, one Examiner every year by each of the two Colleges whose turn it is to present the Proctors for that year, and two by the Special Board for Classics. The four Examiners so nominated and elected shall, if re-elected by the Senate in the following year, hold office for two years. If any such Examiner shall be prevented from examining in the second year, it shall devolve upon the

Special Board for Classics to nominate an Examiner in his room, subject to the approval of the Senate by Grace. Such Examiner shall hold office for one year only. The Examiners shall take rank according to their University standing. The names of the Examiners shall be submitted to the Senate for election before the division of the Michaelmas Term.

That in any year in which the Board are of opinion that an additional Examiner or additional Examiners ought to be appointed in order that the list of those who pass the Examination with credit may be published at the time prescribed by Ordinance, the Board shall have power to nominate to the Senate for election an additional Examiner or additional Examiners, as the case may be, and that such Examiner or Examiners shall hold office for one year only.

That each of the Examiners shall receive from the University Chest the sum of fifty-five pounds for each year during which he is an Examiner.

That in every year in which the number of candidates (men) for the Examination exceeds 105, but in which the whole number of candidates is not such as to justify the appointment of a ninth Examiner, or in which the number of men exceeds 120, but the whole number is not such as to justify the appointment of a tenth Examiner, or in which the number of men exceeds 135, but the whole number is not such as to justify the appointment of an eleventh Examiner, a further sum of £3 for each man in excess of 105, 120, 135 respectively shall be paid from the Chest and shall be divided equally among the Examiners.

That there shall be a General Meeting of the Examiners previous to the Examination, when the papers set by each Examiner shall be submitted to his colleagues for their approval, and shall be settled by the Examiners in common.

That the exercises in Composition and the Essays shall be examined by three at least of the Examiners; and the translations and answers to questions by two at least.

The Examination for Part II of the Classical Tripos is conducted by two Examiners in each Section, nominated to the Senate by the Special Board for Classics for election in the Michaelmas Term of each year. The papers set in each of the five Sections are approved in the first instance by both the Examiners in that Section, and afterwards by a meeting of all the Examiners. The answers are examined as far as possible by both Examiners in the Section. Each of the Examiners in Part II receives from the University Chest the sum of £15 in every year in which he shall have held an Examination in the Section for which he is appointed.

ECONOMICS TRIPOS

The Examination for both Parts of the Economics Tripos is conducted by Examiners appointed under the following Regulations:—

The Examination for both Parts shall be conducted by four Examiners, who shall be nominated by the Special Board and elected by the Senate in the Michaelmas Term preceding the Examination.

The Special Board shall have power to nominate in the Lent Term not more than three Assessors to be appointed by Grace of the Senate, to examine in any of the optional subjects in Part II. Each Assessor shall

be responsible for setting the paper or papers in the subject or subjects assigned to him, and for looking over the work of the candidates therein, and shall present a written report to the Examiners. The Assessors shall have a right to attend the meetings of the Examiners, but shall not have a vote in determining the class list.

The questions proposed by each Examiner and each Assessor shall be submitted to and approved by the Examiners collectively; and the answers to each question set by an Examiner shall be examined, as far as possible, by two at least of the Examiners.

The Examiners shall receive from the University Chest the sum of eighty pounds, together with a sum of one pound for every candidate beyond the number of twenty who shall present himself for either Part. The distribution of this sum or sums among the Examiners shall be determined by themselves, subject to any regulations that may be laid down from time to time by the Special Board.

Each Assessor shall receive from the University Chest either five or ten pounds, as the Special Board may determine.

The Board shall, however, have power to nominate an additional Examiner to examine in either Section. They shall also have power to nominate an Examiner to examine in both Sections. The total number of Examiners examining in the Tripos shall not be less than three. One Examiner is nominated by the Council of the Senate in every year, to hold office for two years, and his name is proposed to the Senate for election at an early Congregation in the Lent Term. Each Examiner receives £5 yearly out of the income of the Fund.

YORKE PRIZE

The subject for each Essay is selected and the Prize adjudged by two or more Adjudicators selected and appointed by the Vice-Chancellor, the Master of Trinity, and the Master of Magdalene, and approved by Grace of the Senate. Each Adjudicator receives £5 out of the income of the Fund. The following Regulation provides for a difference of opinion between the Adjudicators :—

That the Public Orator or one of the Professors or Public Functionaries of the University, who shall be able and willing to act, shall be invited by the Vice-Chancellor, the Master of Trinity College, and the Master of Magdalene College, to act as Adjudicator in the event of such difference of opinion between the paid Adjudicators as shall prevent them from adjudging the Prize and that his decision in the case of any reference to him shall be conclusive.

Lists of the persons at present holding office as University Examiners will be found on pp. 31—38 above.

University Administration

. Lists of the members of the undermentioned Committees, Syndicates, and Boards will be found on pp. 1-47 above.

THE ELECTORAL ROLL

The Electoral Roll is the body of Resident Members of the Senate which elects the central administrative council of the University known as the Council of the Senate.

The Electoral Roll is constituted annually under the following clauses of the Cambridge University Act of 1856 :

The Vice-Chancellor shall on or before the second Monday in October in every year cause to be promulgated in such way as may seem to him expedient for the purpose of giving publicity thereto, a List of the Members of the Senate whom he shall ascertain to have resided within one mile and a half of Great St Mary's Church for fourteen weeks at the least between the first day of the preceding Michaelmas Term and the first day of the said month of October ; and such List, together with the following persons (that is to say) all Officers of the University being Members of the Senate, the Heads of Houses, the Professors, and the Public Examiners, shall be the Electoral Roll of the University for the purposes of this Act.

The Vice-Chancellor shall at the same time fix some convenient time and place, not more than fourteen days nor less than seven days from the time of such promulgation, for publicly hearing objections to the said List which any Member of the Senate may make on the ground of any person being improperly placed on or omitted from the said List ; and if any such objections shall appear to the Vice-Chancellor to be well-founded, he shall correct the said List accordingly, and he shall thereupon sign and promulgate the said List, which shall thenceforth be the Electoral Roll for the year thence next ensuing, and until a new Roll shall in like manner have been promulgated.

By a clause of the Universities Act, 1877, it was further provided that

No objection to the list of members of the Electoral Roll of the University of Cambridge, promulgated in accordance with section seven of the Cambridge University Act, 1856, made on the ground of any person being improperly placed on or omitted from that list, shall be entertained unless notice of it is given in writing to the Vice-Chancellor at least four days before the day for publicly hearing objections to that list ; and the Vice-Chancellor shall, at least two days before such day, cause to be promulgated a list of all the objections of which notice has been given.

A list of the Electoral Roll for 1916-17, promulgated 20 October, 1916, is given on pp. 1-11 above.

THE COUNCIL OF THE SENATE

The Council of the Senate, also constituted under the Cambridge University Act of 1856, consists of the Chancellor, the Vice-Chancellor, four Heads of Colleges, four Professors of the University, and eight other Members of the Senate to be chosen from the Electoral Roll, such Heads of Colleges, Professors, and Members of the Senate being elected by the persons whose names are on the Electoral Roll; provided always that there shall never be more than two members of the same College among the eight elected Members.

The members of the Council hold office for four years, but the ordinary Elections are biennial, as two of the Heads of Colleges, two of the Professors, and four of the other members of the Council retire every two years. The Elections for filling these vacancies take place on November 7 (or on November 8 if November 7 should be a Sunday) in the years in which the date is an even number.

Any casual vacancy occurring by Death, Resignation, or otherwise among the Members of the Council must be filled by the election of a qualified person upon a day not later than 21 days or sooner than 7 days after such occurrence to be fixed by the Vice-Chancellor and publicly notified by him; but if such vacancy shall occur during vacation the occurrence shall be deemed for the purpose of such notice to have taken place on the first day of the ensuing term; and the person so elected shall be subject to the same rules and conditions as to the tenure of office, and in all other respects, as the person to whose place he succeeds would have been subject if no such vacancy had taken place.

If any member of the Council, other than the Chancellor or the Vice-Chancellor, shall have been absent from all the meetings of the Council during the whole of one Term, his seat shall at the close of such term become and shall be declared by the Vice-Chancellor to be vacant.

If any member of the Council shall become Vice-Chancellor his seat shall not thereby become vacant, nor shall the seat of any member of the Council become vacant by reason that after his election he may have become or may have ceased to be a Professor or a Head of a College; provided always that if any of the eight members of the Senate chosen from the Electoral Roll shall afterwards cease to be on the Electoral Roll, his seat shall thereupon become and be declared vacant.

The principal duty of the Council of the Senate is to consider and prepare all Graces to be offered to the Senate, whether proceeding from individual members of the Senate or from Syndicates, and no Grace may be offered to the Senate without the sanction of the major part of those voting upon it in the Council. The Council also nominates to the Senate members appointed by Grace to serve on Boards, Syndicates, and other bodies.

No business shall be transacted in the Council unless five members at least be present; and all questions in the Council shall be decided by the majority of the votes of the members present, and the President shall have a second or casting vote when the votes are equally divided: provided

always, that in case of a difference of opinion between the Chancellor or the Vice-Chancellor or his Deputy, and the majority of the members present at any meeting of the Council, the question as to which such difference may exist shall not be deemed to be carried by such majority unless the same shall constitute a majority of the whole Council, but in such case the question shall be adjourned to the next meeting of the Council, and such adjourned question shall be finally decided by the majority of the members of Council then present.

THE FINANCIAL BOARD

The Financial Board is appointed for the care and management of the property and income of the University, and consists of the Vice-Chancellor, two members of the General Board of Studies elected by that Board, four members of the Senate elected by the Colleges in common, and four members of the Senate elected by Grace on the nomination of the Council of the Senate. Of the members of the Board elected by the Colleges in common, not more than one may belong to any one College. The members serve for four years. The quorum of the Board is five.

THE GENERAL BOARD OF STUDIES

The General Board of Studies consists of the Vice-Chancellor, one member of each Special Board of Studies elected by that Special Board, and eight members of the Senate elected by Grace. The members of the Board serve for four years.

The election to the General Board of representatives of Special Boards is governed by the following Regulation :—

That in subsequent years the Boards whose representatives retire shall, not later than the Saturday before the division of the Michaelmas Term, elect one of their members to serve on the General Board for four years. The election by Grace of two members of the Senate to serve for four years shall take place after the election of the Representatives of the Boards at a Congregation to be held before the end of full term in the Michaelmas Term. The period of service of the members of the Board shall commence on the first day of January after the date of election.

Retiring members shall be re-eligible.

It is the duty of the General Board to consult together from time to time on all matters relating to the studies and examinations of the University, including the maintenance and improvement of existing institutions, and the establishment and maintenance of new institutions. They are required to prepare, whenever it appears to them desirable, and present to the Vice-Chancellor, a report to be published by him to the University. They are also required to issue from time to time regulations and instructions in respect to the subjects and character of the lectures to be delivered, the subordination when necessary of the Readers and University Lecturers to the Professors, the extent to which in any cases discourses shall be supplemented by oral or

written examinations, the times and places of lecturing, the arrangements to be made for the distribution of students among the different teachers, so as to secure classes of suitable size, and to group separately the more and less advanced students, and any other matters affecting the method of instruction to be pursued, with the view of providing suitable and efficient education in all subjects of University study for all students whether more or less advanced who may require it.

The General Board is also required to consider the schemes for lectures in every year submitted to it by the several Special Boards, and to approve the said schemes or remit them for further consideration with alterations and amendments, or, if necessary, frame schemes; provided that, in case the General Board of Studies and any of the Special Boards shall be unable to agree as to any scheme, the question shall be referred to a meeting of the members of the General Board and of the Special Board deliberating together, whose decision shall be final. When such schemes have been finally determined, the General Board presents them to the Vice-Chancellor for publication.

Readers and University Lecturers are appointed by the General Board of Studies, subject to the confirmation in every case of the Special Board with which the Readership or Lectureship is connected. If the General Board and Special Board do not agree within twelve weeks after the vacancy in the case of a Readership, or within four weeks after the General Board have communicated an appointment to the Special Board in the case of a University Lectureship (days of vacation not being reckoned in either case), the appointment lapses to the Council of the Senate.

If by reason of sickness, necessary absence from the University, or other sufficient cause, any Professor or Reader desire to have a Deputy to discharge the duties of his office, he must obtain the consent of the General Board of Studies, such consent to be given in writing, and to specify the time for which the Deputy is to be appointed. The Deputy is nominated by the General Board and approved by Grace, and receives from the Professor or Reader such stipend as may be approved by the General Board of Studies and by Grace, being not less than one-third nor more than two-thirds of the proportional part of the whole annual income of the office of the Professor or Reader (not including the dividend or emoluments of any Professorial Fellowship) for the time for which the Deputy is appointed; provided that in the case of the Regius Professor of Hebrew and the Ely Professor of Divinity, the portion of the whole annual income of the Professorship assigned to the Deputy shall not exceed one-half.

If it be certified to the General Board of Studies that any Professor or Reader has become unable to discharge his duties by age, ill-health, or other serious impediment, and if the said General Board shall deem the inability to be sufficiently proved, they shall have the power of requiring a Deputy to be appointed for any time not exceeding twelve calendar months, and such appointment may be renewed if necessary from time to time;

such Deputy being appointed and remunerated as described in the preceding paragraph.

If the appointment of a Deputy for a period of twelve months shall have been renewed twice in successive years, and at the end of the three years during which a Deputy shall thus have acted for the Professor or Reader the occasion for appointing a Deputy still continues, the General Board shall have power to declare the office of Professor or Reader vacant, and a new Professor or Reader shall be thereupon elected. The University shall have power to give a pension to the Professor or Reader according to circumstances, as the Senate may think fit.

The functions of the General Board in connexion with the residence of Professors and Readers are described on p. 89 above.

THE *SEX VIRI*

The Chancellor and six persons, called the *sex viri*, elected singly by Grace for two years, or four at least of the number, of whom one must always be the Chancellor, adjudicate respecting all persons not *in statu pupillari* charged with offences against the Statutes or Ordinances of the University. They may punish offenders at their discretion, by deprivation or suspension of Degree, or any lighter sentence; but appeal may be made to the Senate within twenty-four hours after judgment given in the manner described in Statute A, Chapter VIII.

If the Chancellor and the *sex viri*, or four at least of their number, of whom the Chancellor must be one, report to the Council of the Senate that it has been proved to their satisfaction that a Graduate of the University has been convicted of a crime for which he has been sentenced to penal servitude or imprisonment and that such crime is one which renders him unfit to be a Graduate of the University, then the Council of the Senate may propose to the Senate a Grace depriving him of his Degree or Degrees and of all privileges enjoyed by him as a Graduate of the University, and in case the Grace is approved by the Senate he is deprived accordingly.

The Chancellor and the *sex viri* have power to admonish the Orator, the Registrary, the Librarian, and the Esquire Bedells or to remove them from their offices for serious neglect of duty or for other grave misconduct. They have also power to admonish or to deprive Professors and Readers, but in such cases an appeal lies to the Senate within twenty-four hours after judgment given, in the manner described in Statute A, Chapter VIII.

THE COURT OF DISCIPLINE

The Court of Discipline for persons *in statu pupillari* consists of the Chancellor and six Heads of Colleges appointed by Grace to serve for three years in such manner that two of the six go out of office every year but are capable of re-election. No

sentence involving deprivation of Degree, rustication, or expulsion is valid without the concurrence of the Chancellor and three at least of the other members of the Court.

If the Head of the College to which a person *in statu pupillari* charged with any offence belongs is not a member of the Court, notice must be given to him to enable him to be present as an Assessor, but he shall not be entitled to vote.

Regulations for the procedure of the Court must be made by the Court from time to time, subject to the approval of the Senate. The Regulations at present in force will be found in the *Book of Ordinances*.

ELECTORS TO PROFESSORSHIPS

In those cases in which the election to a Professorship is governed by Statute B, the election is made by a Board consisting of the Vice-Chancellor and eight persons elected by the Senate, two of such persons being nominated by the Council of the Senate, three by the General Board of Studies, and three by the Special Board of Studies to which the Professorship is assigned. With a view to the representation of opinion outside the University, one at least of the three persons nominated by the General Board, and one at least of the three persons nominated by the Special Board, are required to be persons who are not resident in the University nor officially connected with it. The members of these Boards of Electors serve for eight years, one retiring every year. No election of a Professor may be made unless two-thirds at least of the number of the existing Board be present at the time of voting; and in the final voting no election may be made unless a majority of votes of the members present be given for some one person. If no election be made within twelve weeks from the day for electing, the appointment of the Professor for that turn lapses to the Chancellor.

In the case of the Downing Professorships of the Laws of England and of Medicine the Master of Downing College is an additional Elector; and in the case of the Dixie Professorship of Ecclesiastical History the Master of Emmanuel College is an additional Elector. For the Hulsean Professorship of Divinity, the Sadleirian Professorship of Mathematics, the Whewell Professorship of International Law, the Elrington and Bosworth Professorship of Anglo-Saxon, the Slade Professorship of Fine Art, and the Quick Professorship of Biology there are specially constituted Electoral Boards. The Regius Professors of Divinity, Hebrew, and Greek are elected by the Council of the Senate; the Lady Margaret's Professor of Divinity is elected by the Vice-Chancellor together with the Doctors and Bachelors of Divinity who are also members of the Senate; the Lucasian

Professor of Mathematics, the Norrisian Professor of Divinity, and the Disney Professor of Archaeology are elected by the Heads of Colleges; and the Lowndean Professor of Astronomy and Geometry is chosen by certain *ex officio* Electors. The Regius Professors of Civil Law, of Physic, of Modern History, and the King Edward VII Professor of English Literature are appointed by the Crown.

SYNDICATES AND COMMITTEES

The routine business of the University is largely managed by Committees appointed by Grace of the Senate and technically known as Syndicates. These have the right to report to the Senate on all matters within their jurisdiction, and the recommendations contained in such reports, if approved by the Senate, become Ordinances and are binding on the whole University. In addition to the permanent Syndicates, occasional Syndicates are from time to time appointed to superintend particular changes, as for instance the erection of new buildings, or to enquire into and report on particular questions of University policy or reform.

The appointment of Syndicates is subject to the two following General Regulations:—

(1) Syndics who cease to reside in the University cease to be reckoned as Syndics, but it is lawful to appoint as Syndics members of the Senate who are not in residence.

(2) Retiring members of permanent Syndicates are not eligible for re-election 'except by a Special Grace in which it shall be stated that in the opinion of the Council there are special grounds which make the retirement of such member or members inexpedient.' The bodies described below to which this rule applies are marked with an asterisk.

*ANTIQUARIAN COMMITTEE

The management of the collections and library of the Museum of Archaeology and of Ethnology are entrusted to a Committee called the Antiquarian Committee. This consists of the Vice-Chancellor, the Director of the Fitzwilliam Museum, the Disney Professor of Archaeology, the University Reader in Ethnology, two members of the Fitzwilliam Museum Syndicate appointed by the Syndicate, the President of the Cambridge Antiquarian Society, and two members of the Council of the Cambridge Antiquarian Society appointed by the Council of that body (provided that every such member of the Committee keep his place on the Committee so long as he holds the qualification in virtue of which he has been appointed), and of three other persons to be elected by Grace to serve for three years, one retiring by rotation every year. The Antiquarian Committee is required to meet at least once in every term, and to present an annual report to the Senate before the end of each academical year.

*BOTANIC GARDEN SYNDICATE

The Botanic Garden Syndicate consists of the five Statutory Governors—the Vice-Chancellor, the Masters of Trinity and St John's, the Provost of King's, and the Regius Professor of Physic—with the Professor of Botany and six members of the Senate elected by Grace for three years, two retiring by rotation every year. The Vice-Chancellor or his deputy and three other members form a quorum. The Syndicate is required to meet at least once in every term, and to make an annual report to the Senate of the state of the Garden, together with a statement of the accounts.

The Syndicate is empowered to order generally all such things as may be necessary for the proper cultivation and maintenance of the Garden; it being distinctly understood that in any question of considerable expense application be made to the Senate for its express sanction and authority. The detailed management of the Botanic Garden buildings is also committed to the Botanic Garden Syndicate.

BUILDING COMMITTEE

The Building Committee consists of the Secretary of the University Buildings Syndicate (see p. 319) *ex officio* and of three members of the Syndicate nominated by the Council of the Senate and appointed by Grace to serve for three years, one retiring by rotation every year. The members of this Committee are *ex officio* members of any Building Syndicate that may hereafter be appointed to superintend the erection of new buildings or the extension of existing ones.

A member of the Committee ceasing to be a member of the University Building Syndicate *ipso facto* ceases to be a member of the Committee; but a member of the Committee who has become, as such, an *ex officio* member of a particular Building Syndicate, does not vacate his place on that Syndicate, although, in consequence of his ceasing to be a member of the Building Committee, he may cease to be an *ex officio* member of the Syndicate.

CLASSICAL ARCHAEOLOGY COMMITTEE

The administration of the Museum of Classical Archaeology is entrusted to a Curator under the direction of a Committee of six members of the Senate, of whom three are nominated to the Senate for election by the Special Board for Classics, and three by the Fitzwilliam Museum Syndicate, to serve for a period of three years. The Reader in Classical Archaeology is *ex officio* Curator of the Museum; he acts as Secretary to the Committee, and under their direction he exercises a general superintendence over the Museum and its staff. It is the duty of the Committee to present a report every year to the Senate.

DEPARTMENTAL LIBRARIES COMMITTEE

The administration of the Departmental Libraries accommodated in the University Lecture Rooms Building in Bene't Street (see p. 108) is entrusted to a Committee consisting of three persons appointed from their own number by the University Buildings Syndicate and two persons appointed by the Senate on the nomination of the Council of the Senate. The appointment of members of the Committee is made annually in the Michaelmas Term for the ensuing civil year. The Committee has authority (a) to allocate the space available for Libraries in the Lecture Rooms Building amongst the several Departments for whose Libraries accommodation in the Building has been provided by the University Buildings Syndicate; (b) to determine the distribution among the Boards of Studies concerned of any grants that may be made to these Libraries without being expressly assigned to any particular Library; (c) to fix the hours during which the Libraries shall be open.

The Committee exercises a general control over the Libraries, provided that the Boards of Studies concerned with the various Libraries retain the following powers: i. Each Board is empowered to authorise the purchase of new books, to provide (if they think fit) a special catalogue, and to defray other incidental expenses, from the funds at their disposal. The accounts of each Library must be audited by the Committee. ii. Each Board has authority to accept presents of books, subject to the condition that no books shall be accepted except on the understanding that the Board or other authority shall be at liberty to dispose of them by sale or otherwise if they are found to be no longer required for the purposes of the Departmental Library. iii. Each Board is at liberty to dispose of books no longer required for the purposes for which its Library is intended, provided that before any book is otherwise disposed of it shall be offered to the Syndics of the University Library for transference to that Library if an equally good copy is not already contained therein. iv. Each Board is empowered to make rules for the use of its Library by students and others, including rules for the borrowing of books, if the Board think that such borrowing should under any conditions be allowed.

FIELD LABORATORIES COMMITTEE

By Grace of 6 June 1913 the administration of the Field Laboratories connected with the Department of Agriculture was entrusted to a managing Committee consisting of the Drapers Professor of Agriculture, the Professor of Pathology, the present Quick Professor of Biology, the Reader in Chemical Physiology, and the University Lecturer in Agricultural Physiology, with power to add to their number.

The repairs and insurance of the buildings of the Field Laboratories are under the control of the University Buildings Syndicate, but all other expenses connected with the Field Laboratories are paid out of the funds at the disposal of the managing Committee, who have under their control the assignment of the lands and buildings as between the several departments, and who are responsible for the engagement, dismissal, and payment of servants.

The managing Committee are required to prepare and keep the accounts of the Field Laboratories in such form as may be approved by the Financial Board, the accounts being annually audited in such manner as the Financial Board may direct.

*FITZWILLIAM MUSEUM SYNDICATE

The Fitzwilliam Museum Syndicate consists of the Vice-Chancellor and eight other members of the Senate elected by Grace to serve for four years, two retiring in rotation every year. There must be at least two meetings in every term. If any member of the Syndicate other than the Vice-Chancellor be absent from all the meetings of the Syndicate during one term his place on the Syndicate becomes vacant at the end of that term, provided that two meetings at least have been held of which at least three days' previous notice has been given. No business may be transacted at any meeting unless at least four members are present, but in cases of emergency a smaller number may act, provided they be unanimous.

The Syndicate has charge of the buildings of the Fitzwilliam Museum and all other rooms of whatever kind connected therewith; appoints and dismisses the staff; provides out of the income of the Fitzwilliam Fund for the maintenance of the buildings and collections under their charge, provided that any question involving exceptional expenditure or alterations be referred to the Senate for its approval; and reports annually to the Senate.

*HIGHEST GRADE SCHOOLS EXAMINATION SYNDICATE

The Syndicate for the inspection and examination of Schools, known as the Highest Grade Schools Examination Syndicate, consists of the Vice-Chancellor and twelve other members of the Senate elected by Grace to serve for four years, three retiring by rotation every year, the Vice-Chancellor or his deputy and three other members forming a quorum. The duties of the Syndicate are to receive and deal with all applications for inspection and examination; to nominate examiners; to grant certificates; and to report at least once a year to the Senate. They appoint a Secretary who holds office during their pleasure.

For the purpose of co-operation with other Universities the Syndicate is authorised to confer with any Delegacies or

Committees of such Universities and to prepare for adoption by the Senate such Regulations as may seem to them desirable for securing combined action. Under this authority arrangements have been made with the Delegates of the University of Oxford for forming a joint Board with the view of securing combined action in the inspection and examination of Schools.

The Syndicate has also been recently empowered to cooperate with the Board of Education with a view to the establishment of a general Examination for Secondary Schools to be conducted by University examining bodies recognised for this purpose, on the results of which certificates would be issued to successful candidates.

. An account of the Examinations conducted by the Highest Grade Schools Examinations Syndicate will be found in Chapter XXIII of the *Student's Handbook*.

*LIBRARY SYNDICATE

The Library Syndicate consists of the Vice-Chancellor and of sixteen other members of the Senate elected by Grace to serve for four years, four retiring in rotation every year. The principal duties of the Syndicate are to supervise the management of the Library and give orders for the purchase, classification, and arrangement of the books, for the provision of book-cases and other fittings, and for all ordinary repairs, and to control the expenditure of all moneys devoted to the purposes of the Library. They are required to hold at least two meetings in every term, the quorum for the transaction of business being five. The Syndicate must make an annual report to the Senate concerning the state of the Library.

*LOCAL EXAMINATIONS AND LECTURES SYNDICATE

The duties of the Syndicate in connexion with Local Examinations are (1) to conduct the Preliminary Local Examination, the Examination for Junior Students, and the Examination for Senior Students, appointing the Examiners in every year, prescribing the subjects of examination, and fixing the time and place of the examinations and the fees to be paid by candidates, making an annual report to the Senate; (2) to undertake the examination and inspection of schools; (3) to conduct the Higher Local Examination for Men and Women. The Syndicate has also been recently empowered to cooperate with the Board of Education and other bodies in the provision of Examinations designed for pupils at Secondary Schools and in the issue of certificates awarded in such examinations.

The duties of the Syndicate in connexion with Local Lectures are to organise and superintend courses of lectures and classes at such places as they may select, and to hold examinations in connexion therewith, on condition that all the funds which may be necessary are guaranteed by the local authorities; and they make an annual report to the Senate. They are also empowered to appoint persons who are not members of the Senate on a Committee of the Syndicate for the general management, subject to the control of the Syndicate, of Tutorial Classes, arranged in connexion with the Workers' Educational Association.

The functions of the Syndicate in connexion with the admission of Women to University Examinations and to Research are referred to on pp. 369-74 below.

The detailed management of Syndicate Buildings, the office of the Syndicate, is also committed to the control of the Syndicate.

*** An account of the Examinations conducted by the Local Examinations and Lectures Syndicate will be found in Chapter XXIII of the *Student's Handbook*.

LODGING HOUSES SYNDICATE

Licences to keep lodging houses for the residence of persons *in statu pupillari* are granted under the following regulations, and no person *in statu pupillari* occupying a set of lodgings not duly licensed is considered as resident in the University or keeping terms.

1. That a Syndicate shall be constituted consisting of the Vice-Chancellor, the Proctors, the Proctors of the preceding year, and four other members of the Senate elected by Grace.

2. That one of the said four members shall retire from the Syndicate in every year on Dec. 31, the order for retirement being that of priority of election; and that his place shall be supplied by a person nominated by the Vice-Chancellor, and elected at a Congregation before the end of full term in the Michaelmas Term.

3. That in the case of a vacancy occurring in any year by the death of one of the said four members, or otherwise, a new member shall be elected as soon as possible to supply the vacant place, and that the person so elected shall continue to be a member of the Syndicate for the same period as that during which the person, whose substitute he is, would have continued.

5. That the Syndicate shall be entrusted with the power of granting licences to the keepers of lodging houses for the residence of persons *in statu pupillari*, subject to such regulations as may be prescribed by Graces of the Senate: that they shall also have the power of hearing and adjudicating upon all complaints against the keepers of lodging houses, and of suspending or revoking licences whenever it appears to them expedient.

6. That no business shall be transacted at any meeting of the Syndicate unless the Vice-Chancellor or his deputy and four other members at least be present.

7. That the Syndicate shall meet for the purpose of granting licences on the Tuesday after the division of Michaelmas Term.

8. That all applications for licences shall be sent to the Vice-Chancellor at least one fortnight before the licensing day; and that every application shall state the name, residence, and occupation of the applicant, the number of sets of lodgings for which the licence is required, and the price per week of each set; and shall be accompanied by a certificate, signed by two persons, one of whom shall be a member of the Senate of the University, and the other shall be the incumbent of the parish or district in which the house is situate, or a respectable householder not being himself the keeper of a lodging house, that the applicant is a person of good character, and by a certificate signed by the Secretary to the Syndicate in the following form:

I hereby certify that I have examined the house of the above-named applicant; that it is capable of accommodating in a proper manner besides the family of the applicant the number of students proposed in the application; that it is satisfactory from a sanitary point of view; that it is so arranged as to enable the applicant to comply with all the regulations of the Syndicate; that the lodgings are healthy and clean; and that the prices stated above appear to me to be reasonable.

Signed this

day of

19 .

Secretary to the Syndicate

9. That printed lists of the names, residences, and occupations of the applicants, together with the number of sets of lodgings in each house and their respective prices, shall be sent as soon as practicable after the last day appointed for receiving applications to the Master, Tutors, and Deans of every College, accompanied by a request that any remark or objection, which it may seem desirable to make, may be sent in writing to the Vice-Chancellor for the consideration of the Syndicate before the time of licensing, or that the person objecting may attend the Syndicate on the day of licensing and confer with them in person.

9*. That registers shall be kept of the names, residences, and occupations (1) of all persons to whom licences are granted on any licensing day, together with the number of sets of lodgings in each case, and their respective prices, (2) of all persons to whom the Syndicate have refused to grant licences, and (3) of all persons whose licences have been suspended or revoked by the Syndicate.

10. That no licence shall be granted to any person for more than one year, nor beyond certain limits in the town, such limits to be defined and published from time to time by the Syndicate.

10*. That the Syndicate may grant provisional licences to continue in force until the Tuesday after the division of the Michaelmas Term, or for any shorter period, and such licences shall be operative as from the first day of the term in which they are granted.

In the case of the death of a lodging house keeper during term, or for other urgent cause, the Syndicate shall have power to grant a licence which shall be operative from such date as the Syndicate shall determine.

11. That every certificate of licence shall be signed on behalf of the Syndicate by the Vice-Chancellor or his deputy and the two Proctors.

12. That a statement shall be sent after every licensing day to the Master, Tutors, and Deans of every College, containing the names, residences, and occupations of the persons to whom licences have been granted, together with the number of sets of lodgings in each case and their respective prices.

15. That before receiving a licence every applicant shall sign the following promise and declaration:

I declare that the house in which I desire to let lodgings is in my own occupation.

I hereby promise that:

1. I will not let my lodgings to any student without written permission from his Tutor, and I will not require him to take them for more than one term certain:
 2. I will shew my licence, if required, to any student desirous to take my lodgings:
 3. Before I receive as lodger any person who is not a member of the University I will obtain written permission from the Syndicate; and also from the Tutor of each student lodging in my house at the time:
 4. I will report to the Syndicate the names and Colleges of all students lodging in my house, with such other particulars as the Syndicate may require:
 5. At ten o'clock every night I will lock the outer doors, and securely fasten the shutters of the ground-floor of my house, and I will take means to prevent any one from entering or leaving the house between 10 P.M. and 6 A.M. without my knowledge; and between those hours the outer doors of my house shall not be opened, except by the master or mistress in person, or by a representative approved by the Syndicate;
 6. I will not allow on any account a key of any outer door of my house to any lodger:
 7. I will note down the time after ten o'clock (or such earlier hour as the University or College authorities may direct) at which any student lodging in my house enters or leaves the house, and will deliver or send by a responsible person a statement thereof once a week, or oftener if required, to the College authorities, with a special note of occasions on which such student has so entered or left without his academical dress:
 8. In case a student lodging in my house has not entered or left the house after ten o'clock during any week, I will send a statement to that effect at the end of the week:

The Board of Indian Civil Service Studies is also a Special Board, but it is somewhat differently constituted.

By Grace of May 10, 1883, a Board of Indian Civil Service Studies was constituted, to consist of eight persons, of whom two should retire each year but be re-eligible. By Grace of March 11, 1897, the Board was constituted a Special Board of Studies, consisting of the Sir Thomas Adams Professor of Arabic, the Regius Professor of Modern History, the Professor of Sanskrit, and eight members of the Senate elected by Grace to serve for four years, two retiring in rotation every year. The principal function of the Board is to provide from time to time, for Indian Civil Service Students resident at Cambridge, such assistance in preparing for their periodical examinations, and also such special supervision, as they may think necessary, applying for that purpose such funds as may be assigned to them from time to time by the Senate. By Grace of Nov. 21, 1889, the Board was further authorised to correspond on behalf of the University with the Government and other bodies on all matters connected with the interests of Cambridge students proposing to become candidates for first selection for the Indian Civil Service; and by Grace of Nov. 20, 1890, it has been made the duty of the Board to report annually the results, as regards Cambridge candidates, of the examination for first selection, and any changes in the Regulations, and to append such remarks and suggestions as they may think useful.

The Board are also authorised, with the consent of the Vice-Chancellor, to appoint University Teachers (see p. 72).

The Board are also authorised, by Grace of March 16, 1893 (1) to arrange for or recognise lectures or other instruction in any of the subjects of the Indian Civil Service Open Competition; and in accordance with this Grace they publish at the beginning of each term a list of lectures to be delivered on some of the subjects not included in the lists published by the Special Boards of Studies: and (2) by Grace 6 of February 27, 1902, to use for the discharge of the duties assigned to the Board in regard to the Indian Civil Service Open Competition such portion of the funds assigned to them by the Senate as may from time to time not be required for the instruction and supervision of the Selected Candidates.

Information respecting the arrangements made from time to time by the Board may be obtained from the Secretary, H. A. Roberts, M.A., University Offices, St Andrew's Street, Cambridge.

An Association of Colleges has been formed to provide supplementary lectures in the subjects of the examination for the open competition. G. P. Moriarty, M.A., 1, Mill Lane, has been appointed Director of Studies, and will advise candidates with reference to their work for the Open Competition.

* * A fuller account of the arrangements for the supervision of Indian Civil Service Students and of the subjects of examination will be found in Chapter XIX of the *Student's Handbook*.

University Legislation

CONGREGATIONS AND GRACES

THE University has power to prescribe from time to time by Grace the form and manner of holding a Congregation, the conditions under which Graces having received the sanction of the Council may be offered to the Senate, the mode of taking votes and recording the results, and generally to regulate its own proceedings.

There must be a meeting of the Senate for the discussion of proposed Graces, or of Reports made by the Council of the Senate, Boards of Study, or Syndicates, or of any other question strictly academical, whenever the Chancellor or the Council of the Senate think fit, but no vote may be taken at the time of the discussion. It is the duty of the Council to consider any proposals or amendments pertinent to the subject discussed which may be offered at the time of the discussion by any member of the Senate.

The following Ordinances regulating the procedure at Congregations are at present in force:—

Congregations

1. Congregations shall be held in the Senate-House at such times as may be appointed by the Chancellor or the Vice-Chancellor by means of a public notice duly signed with the name of the Chancellor or the Vice-Chancellor, and affixed to the board in front of the University Library, copies of such notice having been likewise circulated in the University.

2. The presence of the Chancellor, or in his absence of the Vice-Chancellor, or his Deputy, that of the two Proctors, or in the absence of either or both of the Proctors, of his or their Deputy or Deputies, and that of the Registrary or his Deputy, shall be necessary in order to constitute a Congregation.

3. The two Pro-Proctors who have been nominated according to the cycle of Proctors by Colleges shall either in person or by Deputies approved by the Vice-Chancellor attend all Congregations: the other Pro-Proctors shall attend all such Congregations as the Vice-Chancellor may request them to attend.

Graces

4. No Grace other than a formal Supplicat for a Degree shall be offered to the Senate except as hereinafter provided by Regulation 6 unless before noon of the day next but one immediately preceding the day of the Congregation at which it is offered.

(a) the Grace has been previously published to the Senate in the Cambridge *University Reporter* or in such other way as the Senate may from time to time direct
and

(b) copies of the Grace have been affixed to the board in front of the University Library and sent to the houses of the several Heads of Colleges¹.

5. Notice of all Graces the effect of which would be to make any change in the Book of 'Ordinationes,' and of any other Grace of which early notice is in the opinion of the Council desirable, shall be given as far as can conveniently be done in the *Reporter* ten days before the day of the Congregation at which such Graces are to be offered.

6. If any matter should arise upon which in the opinion of the Council it is desirable that the Senate should decide at once, the Grace relating to such matter may be offered to the Senate without such previous notice as is required by Regulation 4 provided

(1) That such notice thereof as may be practicable be given to the Senate beforehand,

(2) That there be at least twenty members of the Senate present at the Congregation when the Grace is offered,

(3) That when a Grace is brought forward of which notice has not been given beforehand in accordance with Regulation 4, the attention of the members of the Senate present shall be formally and distinctly called to the fact.

Withdrawal and Correction of Graces

7. A Grace of which due notice has been given may be withdrawn by the Vice-Chancellor and Council of the Senate, or, if circumstances which had not been anticipated appear to the Vice-Chancellor to require it and there is no opportunity of referring the question to the Council of the Senate, by the Vice-Chancellor alone at any time before it has been offered to the Senate: provided that if the Grace be withdrawn by the Vice-Chancellor alone the Vice-Chancellor explain the reasons of the withdrawal to the Council subsequently, and that whenever a Grace is withdrawn the attention of the members of the Senate present be formally and distinctly called by the Vice-Chancellor to the withdrawal.

8. If an obvious or immaterial error occurs in the published form of a Grace, it may be corrected at the Congregation by the Vice-Chancellor, provided that the attention of the members of the Senate present shall be formally and distinctly called by the Vice-Chancellor to any such correction.

Of Voting at Congregations

17. All Graces or Supplicants which are offered to the Senate for its sanction shall be read audibly at the Congregation by the Senior Proctor: and any member of the Senate who objects to any Grace or Supplicat

¹ The Council of the Senate in 1904 adopted the following Standing Order in regard to their procedure in passing Supplicants for higher degrees, and published it for the information of Praelectors of Colleges:

"When a candidate for a higher degree has been approved for the degree and when publication of such approval is required from the Vice-Chancellor, the Council does not pass the Supplicat for the degree until at least two days after the Vice-Chancellor has published the name as approved. Publication of the approval is made by a notice either in the *University Reporter*, or on the door of the Senate House or of the University Schools, or in such other place, accessible to Members of the Senate, as the Vice-Chancellor thinks fit."

may signify his opposition by pronouncing the words *non placet* immediately after such Grace or Supplicat has been read.

18. Whenever any member of the Senate has thus signified his opposition, the Senior Esquire Bedell shall once or oftener, if necessary, call out in an audible voice *Ad scrutinium* : the Senate-House shall be completely cleared from the West end as far Eastwards as may be necessary of persons who are not members of the Senate : and the members of the Senate present who desire to vote shall take their seats, if they are in favour of the Grace or Supplicat just read, on the South side of the Senate-House ; if opposed to it, on the North side.

19. If in the opinion of both the Proctors, the result of such a division is obvious, the Senior Proctor shall forthwith declare the result without taking the votes singly : but any two members of the Senate may in any such case, if they think fit, request the Vice-Chancellor to direct that the votes be taken singly, and the Vice-Chancellor shall thereupon direct that the votes be taken singly.

20. Whenever the votes of the members of the Senate are taken singly either in consequence of the Vice-Chancellor's direction or because the Proctors do not regard the result of the division as obvious, those members of the Senate who are in favour of the Grace or Supplicat shall vote on the South Side and those who are opposed to it on the North Side of the Senate-House. The votes of those who are on the South Side shall be taken singly by the Senior Proctor and the Senior of the two Pro-Proctors nominated by Colleges or their respective Deputy or Deputies, and the votes of those who are on the North Side shall be taken singly at the same time by the Junior Proctor and the Junior of the two Pro-Proctors nominated by Colleges or their respective Deputy or Deputies.

Each member of the Senate who votes shall vote by delivering to a Proctor (or to a Pro-Proctor) a card on which shall be inscribed

- (i) his name, degree, and college,
- (ii) the word *placet* or the words *non placet* (as his vote may be).

The voting cards of the Vice-Chancellor and of members of the Senate seated on the dais shall be collected by the Proctors and the Pro-Proctors on the respective sides of the Senate-House.

In taking the votes of members of the Senate who are not seated on the dais, the Proctor and the Pro-Proctor on either side of the Senate-House shall stand together near the dais. Each such member of the Senate who votes shall proceed from the East End by the side on which he intends to vote as far as the Proctor and the Pro-Proctor on that side ; shall deliver his voting card to the Proctor (or to the Pro-Proctor) ; and shall then return towards the East end of the Senate-House by a space down the centre.

The process of voting singly is indicated in the accompanying diagram:

FF...are the forms on which members of the Senate would sit when voting collectively (regulation 18, p. 338).

PPPP are the positions assumed by the Proctors and the Pro-Proctors when they receive single votes.

BBBB are barriers securing a central space.

When votes are taken, members of the Senate on the respective sides would pass, in the direction of the arrows, between the forms and the barrier on their own sides; they would then deliver their voting cards to the Proctor (or to the Pro-Proctor) stationed at the West end of the barrier; then, proceeding round the West end of the barrier in the direction indicated by the arrows, they would return towards the East end of the Senate-House along the central gangway.

The Council are of opinion that the writing on the cards might be either in ink or in pencil; and they have not specified the kind of card on which the votes should be recorded. It would be easy to provide cards at the entrance to the Senate-House, by which members of the Senate might vote; they also consider that a visiting card, with entries completed in the manner prescribed in the proposed Ordinance, might be admissible for voting purposes.

The barriers would occupy the same positions as on days of General Admission, when they are found convenient in connection with the arrangements for the presentation and admission of candidates for degrees. They could conveniently be used even on days when the number of candidates for degrees is much smaller than on a day of General Admission. The candidates would approach the Vice-Chancellor along the central gangway, pass round the South Barrier at its West end, and return towards the East end of the Senate-House by the passage between the forms and the barrier.

21. When the results of the voting have been ascertained the Senior Proctor, after communicating the numbers of the votes on each side to the Vice-Chancellor, shall declare them publicly to the Congregation¹.

Notice of Graces to be brought forward for the approval of the Senate is given in the *University Reporter*, which also contains a record of *Acta*, including all Degrees conferred at all Congregations. In this are also printed Reports of the Council of the Senate, and of the various Syndicates and Boards, notices of vacant university offices and of the persons chosen to fill them, the results of University Examinations, the award of Scholarships and Prizes, and other official information of the proceedings of the University. An ordinary number of the *University Reporter* is published on every Tuesday during Full Term, and additional numbers at any other time at the discretion of the Vice-Chancellor.

Congregations have been announced for the following days of the current academical year:—

¹ The Council of the Senate made the following Minute, 20 January, 1902: "That the voting cards handed by the Proctor after a division in the Senate House to the Registry, are delivered to him on behalf of the Chancellor (or Vice-Chancellor), whose sanction is accordingly requisite before names are copied from these cards; and that it is desirable that the precedent set on this head in 1897, when the sanction of the Vice-Chancellor was obtained before the votes were published, should be followed in future."

THE RIGHT OF VOTING IN THE SENATE

The following have by statute the right of voting in the Senate: the Chancellor, the Vice-Chancellor, Doctors of Divinity, Law, Medicine, Science, and Letters, Doctors of Music who before being admitted to their first degree have kept by residence at least nine terms, Bachelors of Divinity, and Masters of Arts, Law, Surgery, and Music. The right may not, however, be granted to anyone who has been admitted to a Degree *honoris causa*, or who has migrated from another University, unless either before or after his admission to such Degree or his migration he has kept by residence¹ in Cambridge the greater part of each of three terms. No one who has been admitted to the title of a Degree only thereby gains the right of voting.

The names of all persons entitled to vote must be inscribed by the Registrary in a Register or book provided for the purpose. No one is allowed to vote or have his name inscribed in the Register who has either refused, or after due warning neglected, to pay any fees, fines, or other dues required by the University.

Persons who have continued to be members of the University from the time of their admission to their first Degree have their names inscribed in the Register at the time of completing their Degree by creation. If any one has not continued to be a member of the University from the time of admission to his first Degree, his name may be inscribed in the Register at the time of completing his Degree by creation, or at any later time, if he pays all fees, fines, and other dues which he would have been called upon to pay if he had been a member of the University continuously from the time of admission to his first Degree. Any one whose name has been inscribed in the Register and afterwards removed may have his name inscribed again if he pays all fees, fines, and other dues which he would have been called upon to pay if his name had continued on the Register from the time at which it was removed.

The University has power to prescribe by Grace a sum or sums of money to be accepted in lieu of the fees, fines, and other dues mentioned in the two preceding cases; but in neither case is the person whose name is so inscribed in the Register entitled to vote within a period of 180 days after the inscription of his name.

Those persons who have the right of voting in the Senate are deemed to be the members of the Senate.

All members of the University who have already been admitted to a Degree are required to pay to the University in every year the sum of seventeen shillings by four equal quarterly payments of four shillings and threepence². But the following scale of compositions is in force, in lieu of

¹ This residence is reckoned by days. Such persons must reside within the precincts of the University, and shall not be considered to have resided on any day unless they have spent the following night within the precincts of the University.

² For members of the University who matriculate after the end of the Lent Term, 1915, a different scheme will come into force. This is described on p. 154.

all annual payments to be paid by members of the University as soon as the first Degree is taken.

Any person who, having taken a Degree qualifying him for voting in the Senate, but not having hitherto obtained the right of voting from his name not having been kept on the boards of his College, makes application to have his name placed upon the Register, he is required to pay to the Vice-Chancellor a sum of money equal to the sum of all the payments which he would have made to the University if his name had continued on his College Boards, provided that when these fees, fines, and dues exceed £5, the sum of £5 may be accepted in lieu thereof.

The Register of Voters is revised and promulgated by the Vice-Chancellor, early in October of every year; and at the time of promulgation he fixes some convenient time and place for publicly hearing objections to the Register which any member of the Senate may make on the ground of any person being improperly placed on or omitted from it, when, if such objection shall appear to the Vice-Chancellor to be well founded, he corrects the Register accordingly ¹.

Persons chargeable with quarterly payments to the University who do not provide for the making of these payments through their respective Colleges, or Public Hostels, or the Non-Collegiate Students Board, as the case may be, may make them direct to the Registry, but any member of the Senate who allows his payments to fall into arrear is liable to have his name removed from the Register. A list of members of the Senate whose names are not on the Boards of any College is given below (see index).

STATUTES OF THE UNIVERSITY

The Electoral Roll and the Council of the Senate were established and are still governed by the Cambridge University Act of 1856. In other matters the University is controlled by Statutes made by Commissioners in pursuance of the Universities of Oxford and Cambridge Act of 1877, and approved by the Queen in Council in 1882. These Statutes are, however, subject to alteration from time to time by new Statutes made by the University under the Act of 1877. The procedure is as follows :

There is a Committee of His Majesty's Privy Council called the Universities Committee, consisting of the President of the Council, the Archbishop of Canterbury, the Lord Chancellor, the Chancellor of the University of Oxford if a member of the Privy Council, the Chancellor of the University of Cambridge if a member of the Privy Council, and such other member or two members of the Privy Council as His Majesty may

appoint, that other member, or one at least of those two other members, being a member of the Judicial Committee of the Privy Council. The powers and duties of the Universities Committee may be exercised and discharged by any three or more members of the Committee one of whom shall be the Lord Chancellor or a member of the Judicial Committee of the Privy Council.

The University, within one month after making a statute, shall cause it to be submitted to His Majesty the King in Council, and notice of it having been so submitted shall be published in the *London Gazette*...

At any time within three months after the gazetting of a statute, the University or the Governing Body of a College, or the trustees, governors, or patron of a University or College emolument, or the Principal of a Hall, or the Governing Body of a school, or any other person or body, in case the University, College, emolument, Hall, school, person, or body, is directly affected by the statute, may petition the King in Council for disallowance of the statute, or of any part thereof.

It shall be lawful for the King in Council to refer any statute petitioned against under this Act to the Universities Committee.

The petitioners shall be entitled to be heard by themselves or counsel in support of their petition.

It shall be lawful for the King in Council to make, from time to time, rules of procedure and practice for regulating proceedings on such petitions.

The costs of all parties of and incident to such proceedings shall be in the discretion of the Universities Committee; and the orders of the Committee respecting costs shall be enforceable as if they were orders of a Division of the High Court of Justice.

If the Universities Committee report their opinion that a statute referred to them, or any part thereof, ought to be disallowed, it shall be lawful for the King in Council to disallow the statute or that part, and thereupon the statute or that part shall be of no effect.

If a statute is not referred to the Universities Committee, then, within one month after the expiration of the time for petitioning against it, the statute shall be laid before both Houses of Parliament, if Parliament is then sitting, and if not, then within fourteen days after the next meeting of Parliament.

If a statute is referred to the Universities Committee, and the Committee do not report that the same ought to be wholly disallowed or to be remitted to the Commissioners, then, as soon as conveniently may be after the report of the Universities Committee thereon, the statute, or such part thereof as is not disallowed by Order in Council, shall be laid before both Houses of Parliament.

If neither House of Parliament, within twelve weeks (exclusive of any period of prorogation) after a statute or part of a statute is laid before it, presents an address praying the King to withhold his consent therefrom, it shall be lawful for the King in Council by Order to approve the same.

Interpretation of Statutes

If any doubt arises with respect to the true meaning of any statute made by the Commissioners for the University of Cambridge, the Council of the Senate may apply to the Chancellor of the University for the time being, and he may declare in writing

the meaning of the statute on the matter submitted to him, and his declaration shall be registered by the Registry of the University, and the meaning of the statute as therein declared shall be deemed to be the true meaning thereof.

ORDINANCES OF THE UNIVERSITY

The University has power to make Ordinances for the encouragement of learning and the maintenance of good order and discipline provided that they be not contrary to anything contained in the Statutes of the University.

The *Book of Ordinances*, edited by the Registry, is published from time to time as the Council of the Senate may direct.

UNIVERSITY EDICTS

* * Other Edicts relate to University discipline as it affects members of the University *in statu pupillari*. The substance of these will be found in the *Student's Handbook*.

By the 17th section of the Cambridge Award Act of 1856 the power of Discommuning, by which members of the University *in statu pupillari* are 'prohibited from dealing with such persons as have or shall have infringed or not complied with rules or decrees made from time to time by the authorities of the University and publicly proclaimed' was continued, subject to two provisos: (1) 'that notice shall be given to the person in respect to whom the power is proposed to be exercised in order that he may attend, if he think fit, to show that the rules have not been infringed or, to explain the circumstances under which they have been infringed'; and (2) 'that the said power shall not extend to discommune any person for adopting legal remedies for the recovery of a debt without having given previous notice to the University or College Authorities, or to the deprivation or suspension of a wine licence.'

At the present time the following edicts affecting Tradesmen have been publicly proclaimed, and are in force:

(1) *Debts*

Whereas it is highly injurious to the good order and discipline of the University that persons *in statu pupillari* should borrow money, or contract, without the knowledge of their Tutors, large debts or debts with a long extension of credit;

Notice is hereby given,

That if any vintner, victualler, livery-stable keeper, tradesman, dealer, keeper of a motor warehouse, or other person, having a motor vehicle or motor vehicles for hire, or other person shall take from any Undergraduate or Bachelor of Arts, without the knowledge and consent of his College Tutor, or, in the case of Non-Collegiate Students, of the proper officer of the Non-Collegiate Students Board, any promissory note, bill of exchange, bond or other security in writing, he shall for so doing be liable to be discommuned.

Notice is also given,

That every vintner, victualler, livery-stable keeper, tradesman, dealer, or keeper of a motor warehouse, or other person, having a motor vehicle or motor vehicles for hire, to whom any Undergraduate or Bachelor of Arts or Law shall now or hereafter be or become indebted in a sum or sums exceeding in the whole the amount of five pounds, is hereby required to send to the College Tutor of such Undergraduate or Bachelor of Arts or Law, or, in the case of Non-Collegiate Students, to the proper officer of the Non-Collegiate Students Board, on the last day of each term a statement of any debt or debts exceeding in the whole the amount of five pounds which have been incurred at any time previous to the seventh day before the end of Full Term, and shall not have been paid before the last day of the term; and a statement shall also be sent on the first day of September of any debt or debts exceeding in the whole the amount of five pounds incurred at any time previous to that date and remaining unpaid on that date. If it shall be proved to the satisfaction of the Vice-Chancellor and Heads of Colleges that any such person has failed to comply with this regulation he shall be liable to be discommuned.

(2) *Loans of Money*

Whereas it is highly injurious to the good order and discipline of the University, that persons *in statu pupillari* should obtain loans of money by means or under colour of giving an order for wine, clothes, or other articles:

Notice is hereby given,

That if any vintner, victualler, tradesman, dealer, or other person shall directly or indirectly lend or procure the loan of any sum of money to any person *in statu pupillari*, in consideration of any order for wine, clothes, or any other article whatsoever, he shall for so doing be liable to be discommuned.

Notice is also given,

That if any vintner, victualler, tradesman, dealer, or other person shall supply, or pretend to supply, to any person *in statu pupillari* any wine, clothes, or any other article whatsoever, with the knowledge that such article supplied, or pretended to be supplied, will be made use of to procure money, he shall for so doing be liable to be discommuned.

Notice is also given,

That if any vintner, victualler, tradesman, dealer, or other person shall by any false pretence as to the supply of goods or any other false pretence obtain, or attempt to obtain, the payment of any loan made to a person *in statu pupillari* he shall be liable to be discommuned.

(3) *Tandems, Coaches, etc.*

Whereas students of the University have lately been observed driving tandems and four-in-hand carriages;

And whereas such practice is highly injurious to the discipline and good order of the University, as well as dangerous;

Notice is hereby given,

That if any innkeeper, or livery-stable keeper, or any other person shall be proved to have let out for hire, or in any way to have furnished a tandem, coach, or four-in-hand vehicle, or horses for the same, for the purpose of being driven by a person *in statu pupillari*, or shall suffer a person *in statu pupillari* to drive such tandem, coach, or four-in-hand vehicle, he shall for so doing be liable to be discommuned.

(4) *Entertainments at Taverns and Public Rooms*

Whereas it has been found to be injurious to the good order and discipline of the University that persons *in statu pupillari* should take part in entertainments at taverns or public rooms without the knowledge and consent of the authorities of the University:

Notice is hereby given,

That if any cook, victualler, vintner, or other tradesman shall supply victuals or wine for any entertainment of more than five persons *in statu pupillari* at any tavern or public room without a written permission from the Senior Proctor, or in his absence the Junior Proctor, he shall for so doing be liable to be discommuned.

(5) *Boating on the river above Newnham*

Whereas it has been found to be extremely dangerous for persons who are unable to swim to use boats on the River above Newnham:

Notice is hereby given,

That if any boat-builder or other person shall let out any boat for hire and for use upon the part of the River above Newnham to any person *in statu pupillari* he shall for so doing be liable to be discommuned unless (a) the name of such person appears in the official list of members of the University *in statu pupillari* who have presented satisfactory certificates of being able to swim and (b) such person has signed his name in a book provided by the University and kept by the boat-builder or other person from whom the boat is hired.

(6) *Driving on Sundays*

Whereas students of the University have of late been observed to drive out of Cambridge on Sundays in dog-carts and other vehicles and to conduct themselves in a noisy and disorderly manner in villages in the neighbourhood of Cambridge:

Notice is hereby given,

That if any innkeeper or livery-stable keeper or any other person shall let out for hire or in any way supply a dog-cart or other vehicle or a horse or horses for the same for the use on a Sunday of a person *in statu pupillari*, or shall suffer a person *in statu pupillari* to use any such dog-cart or other vehicle on a Sunday, without the written permission of the Tutor of such person, the Principal of his Hostel, or the proper officer of the Non-Collegiate Students Board, as the case may be, he shall for so doing be liable to be discommuned.

The word vehicle as used in this Edict shall include any kind of motor-propelled vehicle.

(7) *Hiring and housing motor vehicles*

Whereas it has been found desirable to assist the ready identification of persons *in statu pupillari* making improper and inconsiderate use of hired motor vehicles:

Notice is hereby given,

That if any tradesman, keeper of motor warehouse, or other person shall let out any motor car, motor bicycle, or other motor vehicle for hire to any person *in statu pupillari* he shall for so doing be liable to be discommuned unless such person *in statu pupillari* at the time of hiring such motor vehicle shall have signed his name in a book provided by the University and kept by the tradesman, keeper of motor warehouse, or other person from whom the motor vehicle is hired.

This notice shall not extend to persons licensed by the Watch Committee of the Borough to drive motor vehicles regularly plying for hire.

Further, that if any tradesman, keeper of motor warehouse, or other person, having a motor vehicle or motor vehicles for hire, shall fail to furnish to the Junior Proctor (or other member of the Proctorial Body appointed by the Proctorial Syndicate) within a week after the commencement of Full Term a description of such vehicle or vehicles together with the index letter or letters and the registration number or numbers thereof, or shall fail to report to the Junior Proctor, as they occur, any alterations in or additions to the list of such vehicles, he shall for so doing be liable to be discommuned.

And further, that if any tradesman, keeper of a motor warehouse, or any other person having charge of a motor vehicle or motor vehicles on behalf of a member or members of the University *in statu pupillari* shall fail to furnish to the Junior Proctor within a week after the commencement of Full Term a written description of such motor vehicle or vehicles, together with the index letter or letters and the registration number or numbers thereof and the names of such persons *in statu pupillari*, or shall fail to report to the Junior Proctor, as they occur, any alterations in or additions to the list of such vehicles, he shall for so doing be liable to be discommuned.

(8) *Misuse of premises, vehicles, etc.*

Notice is hereby given,

That if any innkeeper, tradesman, dealer, livery-stable keeper, motor warehouse keeper, boat-keeper, keeper of a place of entertainment, or other person, who has any dealings with members of the University *in statu pupillari*, shall admit to his premises, or to the use of any vehicle or boat in his charge, any woman whom he knows to be of loose character in such circumstances as might lead to her association with any member of the University *in statu pupillari*, or if in any case of suspicion he shall fail to report at once the whole circumstances of such case to the Senior Proctor (or, in his absence, to the Junior Proctor), he shall be liable to be discommuned.

(9) *Management of places of entertainment*

Whereas there has been a notable increase, more especially in the outlying parts of Cambridge, in the number of places licensed for musical, pictorial, or other entertainments to which members of the University *in statu pupillari* are admitted, and whereas there have been of late numerous cases of disorderly conduct at such places,

Notice is hereby given,

That if the keeper of, or person responsible for, such place of entertainment shall fail to maintain good order on his premises, or to observe such regulations as the Proctors may from time to time approve for the admission of persons *in statu pupillari*, he shall for such neglect be liable to be discommuned.

University Finance

The ordinary income of the University, apart from the income of special trusts, is derived from two main sources, the receipts of the University Chest, and the Common University Fund.

UNIVERSITY CHEST

The receipts of the Chest for the year ended December 31, 1916, as compared with those of the two previous years were as follows :

The gross expenditure for the year 1916, exclusive of the sum of £336 under the heads of Extraordinary Expenditure, amounted to £34,684, as compared with £37,820 in 1915 and £48,175 in 1914. To this sum of £34,684 must be added the sum of £2500 transferred direct from the Supplementary Account of the Common University Fund to the Library, making a total of £37,184. Under the authority of Graces 5 and 7 of December 8, 1916, appropriations to the extent of £2500 from the General Account and £4200 from the Supplementary Account of the Common University Fund were applied to Professors' Stipends and Grants to Scientific Departments respectively. A sum of £1860 has been received from Trust Funds under the Emergency Statutes. By these means the net charge on the income of the Chest in 1916 for recurrent expenditure was reduced from £34,684 to £26,124. Further information with regard to the financial situation as it has been affected by the War will be found on p. 380 below.

COMMON UNIVERSITY FUND

The Common University Fund is entirely provided by contributions levied upon the Colleges according to a percentage of the income of each.

For this purpose the income of a College is taken to be the gross income, external and internal, including (a) 'the profits, if any, derived from the Hall, Kitchen, Buttery, sale of commodities, and supply of service'; (b) 'such parts of the income arising from the investment of sums received from members of the

* Including £315 returned Income Tax.

College for dues thereafter payable to the University or to the College or both as may be applied, either yearly or otherwise, to the general revenue of the College or to any purpose within the College'; and (c) in lieu of the rents of College rooms, the assessment to poor rate of the College buildings.

From the gross income thus calculated, the following deductions may be made:

- (a) Rates, taxes, and insurance on the College buildings.
- (b) Rates, taxes, insurances, tithe or other rentcharge, fee farm rents, quit rents, fines on copyhold estates, fines on renewals of leases, if and when paid by the College.
- (c) The University dues paid to the University in each year by the College for such of its members as have not made compositions for dues payable to the University or the College.
- (d) The cost of maintenance and repairs of the College buildings.
- (e) The cost of maintenance, repairs, and improvements on the College estates incurred by the College.
- (f) Necessary repairs of chancels in all cases where the same are chargeable upon the College and paid by it.
- (g) Compulsory charges on the College estates or general revenue for the augmentation of benefices, and stipends of perpetual curates in parishes where the College possesses tithe rentcharge or land given in lieu of tithe.
- (h) The cost of management of the College estates including the stipends paid to College officers for the purpose.
- (i) The interest on debts and loans and the repayment of principal money by instalments in all cases in which the debt has been incurred or the loan contracted for the extension of the College buildings or for the improvement of the College estates and such instalments are spread over a period of not less than twenty years.
- (k) Such receipts from minerals or other sources as the College is by law required to treat as capital.
- (l) Such portions of the income of trust funds as are applicable exclusively to purposes without the College.
- (m) One half of the income derived from the tuition fees paid by students.

The net incomes of the Colleges are then charged with such a percentage as will produce an aggregate sum of £30,000 'or such larger sum being not greater than £30,500 as may be found more convenient for the purpose of calculating the rate *per centum* in any year.' Provided that in case it appears at any time hereafter to the Financial Board that the aggregate income of the Colleges has fallen so low that the contribution required would be an excessive burden upon the Colleges, the Chancellor may, upon the application of the Financial Board, inquire into the matter, and if he be satisfied that the fact is so he may at his discretion direct that the amount to be levied be diminished for any period not exceeding five years by any sum not exceeding £6000 for each year of such period. For the purposes of this proviso the Vice-Chancellor may not exercise the power thus given to the Chancellor.

From the contributions so determined each College is entitled

to deduct £200 for each Professorial Fellowship in the College held by a Professor of the University.

For the year 1916 the University contribution was fixed by the Financial Board at £30,096. 18s. 11d., to produce which a percentage of $11\frac{1}{2}$ per cent. on the taxable incomes of the Colleges was required. The assessment and share of each College are shewn in the following table:

It must be remembered that this assessment of the incomes of the Colleges, although serving as a basis of taxation for University purposes, does not represent the free income at the disposal of any College, as a large part of what is here described as income is subject to special trusts or to statutory restrictions.

The Common University Fund into which the contributions of the Colleges are paid can only be used for certain specified purposes, and no payment out of the Fund may be made without the authority of a Grace of the Senate. These purposes are the following:

The stipends of Professors, Readers, and University Lecturers;

Retiring pensions for *emeriti* Professors and Readers;

The salaries of Demonstrators, Superintendents, and Curators, in the several departments of learning and science;

The erection of Museums, Laboratories, Libraries, Lecture-rooms, and other rooms for University business, together with the provision of sites for such buildings, and interest on money borrowed for such purposes, and sinking funds for the repayment thereof;

The maintenance and furniture of such buildings, including the payment of assistants, skilled workmen and servants, and the provision of books, maps, plans, models, instruments, and apparatus;

Grants of money for special work in the way of research, and for investigations conducted in any branch of learning or science connected with the studies of the University.

The amount of the sum paid in any year for the provision of sites and for the erection of buildings and for the maintenance and furniture of buildings, including interest and payments towards sinking funds for the repayment of money borrowed for such purposes, shall not exceed one-third of the income of the Fund for that year.

The receipts and expenditure on account of the Common University Fund during the past three years have been as follows:

So long as a Professor holds any Fellowship or Headship the stipend of the Professorship in any year is reduced by £200 : provided that if in any year the deduction of £200 would reduce the stipend of a Professor below the amount derived from the endowment, the stipend of the Professor for that year shall be the amount derived from the endowment. No Professor shall be deemed to be a Professor of the University for the purposes of a Professorial Fellowship unless by the rules which govern his Professorship he is liable to residence and duties within the University.

THE ANNUAL AUDIT

The accounts of all moneys received and expended on behalf of the University, relating to funds administered for general purposes, or in trust or otherwise, are required by statute to be audited once in every year, the time of the Audit, the number of Auditors, and the mode of their appointment being determined by Grace. An abstract of the accounts must be made after the Audit in the form required by Statute A. c. v, and this abstract must be signed by the Auditors and published to the University by the Vice-Chancellor. The accounts of receipt and expenditure of money raised under the borrowing powers of the University must also be annually audited and published to the University.

The Registry is required by statute to attend the audits of University accounts.

The Audit begins on some day not later than March 10 in each year. It is conducted by the Vice-Chancellor and three members of the Senate elected separately by Grace before the division of the Lent Term in each year. Each of the elected Auditors receives a fee of five guineas from the University Chest.

PENSIONS

By Grace of 11 February 1897, a Professors' and Readers' Pensions Fund was established, and this applies to the Professors and Readers at present holding office. The more important of the Regulations governing its administration are the following:—

That in cases where a Professor or Reader has held his office for not less than fifteen years and has become incapable of discharging the duties of such office a pension may on his retirement be granted from this fund to such Professor or Reader by Grace of the Senate on the recommendation of the General Board of Studies.

That Professors and Readers on retirement after the age of 65 shall become Emeriti Professors and Readers without statutory duties or powers.

By a new statute approved by the King in Council 14 May 1914, the University has, however, acquired power to require any person elected after that date to any of the offices of Orator, Registry, Librarian, or Esquire Bedell, or to a Professorship or Readership, to retire from office at such time and under such conditions as may be prescribed in any scheme for retirement and the provision of pensions which shall have been established by Grace before the date of his election. The University has also power to make the provisions of any such scheme apply to any person elected before 14 May 1914 who signifies in writing to the Vice-Chancellor his desire to be placed under the operation of such scheme. In connexion with this statute a Revised Scheme of Pensions has been drawn up and approved by Grace of the Senate, but it does not come into force until some future date to be hereafter determined by Grace. The provisions of this Revised Scheme will be found in the *Ordinances*. The difficulties in the way of its coming into operation are almost entirely financial.

Pensions for Assistants, Clerks, and Servants

A Reserve Fund has also been formed on which may be charged pensions for Assistants, Clerks, and Servants. These are granted by Grace of the Senate upon the joint recommendation of the Financial Board and of the Syndicate, Board, or Official of the University by whom the Assistant, Clerk, or Servant has been engaged or employed.

The Latham Pension Fund

The Reverend Henry Latham, M.A., Master of Trinity Hall, who died 5 June 1902, made a bequest to the University, to establish a Pension Fund for 'giving assistance, occasional or annual, to members of the University who have been engaged in University or College work, and who may have become incapacitated by age or infirmity, or to the widows or children of members of the University who may have been so engaged and have died without making sufficient provision for their families.'

The Fund is administered under the following Regulations:—

Applications for pensions or grants from the Fund shall be sent to the Vice-Chancellor in the course of the first half of the Easter Term or in the course of the first half of the Michaelmas Term of any year.

Applications sent to the Vice-Chancellor shall be considered by the Council of the Senate as soon as conveniently may be after the division of the term in which they have been sent in.

If the Council of the Senate are of opinion that a pension or grant should be given they shall submit a Grace to the Senate to that effect, stating the amount of the pension or grant and naming the person or persons who are to benefit thereby.

The Council of the Senate shall be empowered, if they think fit, to adjourn the consideration of any application to any future term.

The accounts of the Fund shall be prepared annually by the Financial Board and published in the University Accounts.

Minutes of the Financial Board

The following Minutes of the Financial Board, dated 1909, bear on the general administration of University Finance :

That in the opinion of the Financial Board it is desirable that all Reports from Boards, Syndicates, and Departments in the University, which contain recommendations involving new or increased annual expenditure, should be considered at the same time in each year, and that with that object all such Reports should be presented to the Senate not later than the division of the Lent Term in each year.

That in the opinion of the Board it is undesirable that the erection of any new buildings, in addition to those already sanctioned by the Senate, should be undertaken unless a sum of money is provided sufficient not only to cover the cost of building but also to establish a maintenance fund by the investment of a sum not less than one-fourth of such cost.

University Representation

PARLIAMENT

The Election of Representatives of the University in Parliament is governed by the Universities Elections Act of 1861 as amended by the Universities Elections Act of 1868, and allows of voting by proxy. The procedure is as follows :

It is lawful for Electors, in lieu of attending to vote in person, to nominate any other Elector or Electors of the University, competent to make the declaration hereinafter mentioned, to deliver for them at the poll voting papers containing their votes. Every such voting paper must bear date subsequently to notice given by the Returning Officer of the day for proceeding to Election, and must contain the name or names of the candidate or candidates thereby voted for and the name or names of the Elector or Electors authorized on behalf of the voter to tender such voting paper at the Poll. Such voting paper, the aforesaid date and names being previously filled in, must, on any day subsequent to notice given by the Returning Officer of the day for proceeding to election, be signed by the voter in the presence of a Justice of the Peace for the County or Borough in which such voter shall be then residing; and the said Justice must certify and attest the fact of such voting paper having been so signed in his presence by signing at the foot thereof the form of attestation prescribed, with the name and address in full, stating his quality as a Justice of the Peace for such County or Borough.

The voting paper thus signed and certified may be delivered to the Vice-Chancellor or his Deputy at any one of the appointed polling places during the appointed hours of polling by any one of the persons nominated in the voting paper, who shall on tendering such voting paper at the Poll read out the same: provided that no voting paper shall be received or recorded unless the person tendering it shall make the following Declaration which he shall sign at the foot or back thereof :

‘I solemnly declare that I verily believe that this is the paper by which A. B. [the voter] intends to vote pursuant of the provisions of the Universities Election Acts, 1861 and 1868.’

THE TOWN COUNCIL

In order to give the University separate representation upon the Town Council, the number of Councillors of the Borough of Cambridge was increased by the provisions of the Cambridge Local Government Act, 1889, from thirty to thirty-six, and the number of Aldermen from ten to twelve. Of the additional six Councillors, two are nominated by the Council of the Senate and elected by Grace, and the remaining four are elected by the Colleges and Halls of the University situated within the Borough in such manner as shall be from time to time determined by Grace of the Senate. The two additional Aldermen must be chosen from among the Councillors elected to represent the University.

Every member of the Senate of the University who is resident in a College or Hall of the University situated within the Borough, or is resident in the Borough, and every person who is enrolled and entitled to be enrolled as a Burgess of the Borough, is qualified to be elected such Councillor, and every such Councillor is qualified to be elected Alderman or Mayor. The annual election of such Councillors must be held on such day or days, not earlier than the Fifteenth day of October and not later than the First day of November, as may from time to time be appointed by the Vice-Chancellor.

The election of Borough Councillors by Colleges and Halls is at present governed by the following Regulations:

1. For the purpose of the election of the Councillors to be elected by the Colleges and Halls of the University situated within the Borough...., each such College and Hall shall elect one representative. The name of such representative shall be communicated to the Vice-Chancellor, who shall publish a list of the representatives in the *Cambridge University Reporter* at the beginning of each term.

2. The Vice-Chancellor of the University shall summon a meeting of such representatives for the election of Councillors.

3. Each representative shall have one vote, together with one additional vote for each complete £100 for which the College or Hall is for the time being assessed to the rate for the relief of the poor in the Cambridge Poor Law Union.

4. Each representative may vote for any number of candidates not exceeding the number to be elected and shall give the whole number of votes to which he is entitled to each of the candidates for whom he votes.

5. When an equality of votes is found to exist between any candidates, and the addition of a vote would entitle any of these candidates to be declared elected, the returning officer, whether a representative or not, may give such additional vote.

6. The Vice-Chancellor, on summoning the meeting of the representatives, shall invite them to send to him, in writing, nominations of candidates at least six days before the day of election.

7. Nominations so sent to the Vice-Chancellor shall be communicated by him to the representatives at least four days before the day of election.

8. At the meeting for election, further nominations may be made by any representative.

THE ASSESSMENT COMMITTEE

The Cambridge Local Government Act, 1889, further provides that the Assessment Committee of the Cambridge Union shall consist of twenty-four members, twelve being appointed by the Guardians of the Poor of the Cambridge Union, eight by the Council of the Borough from among themselves, and four by the University in such manner as may from time to time be determined by Grace of the Senate.

The election of University representatives is at present determined by the following Regulations :

1. Of the four members of the Assessment Committee of the Cambridge Union to be appointed by the University . . . , one shall be nominated by the Council of the Senate, and three by the Colleges and Halls of the University situated within the Borough.

2. For the purpose of the nomination of these three members, each such College and Hall shall elect one representative. The name of such representative shall be communicated to the Vice-Chancellor, who shall publish a list of the representatives in the *Cambridge University Reporter* at the beginning of each term.

3. The Vice-Chancellor of the University shall summon a meeting of such representatives for the nomination of these members.

4. Each representative shall have one vote, together with one additional vote for each complete £100 for which the College or Hall is for the time being assessed to the rate for the relief of the poor in the Cambridge Poor Law Union.

5. Each representative may vote for any number of candidates not exceeding the number to be nominated, and shall give the whole number of votes to which he is entitled to each of the candidates for whom he votes.

6. When an equality of votes is found to exist between any candidates, and the addition of a vote would entitle any of these candidates to be declared nominated, the returning officer, whether a representative or not, may give such additional vote.

7. The Vice-Chancellor, on summoning the meeting of the representatives, shall invite them to send to him, in writing, the names of intended candidates at least six days before the day of nomination.

8. The names so sent to the Vice-Chancellor shall be communicated by him to the representatives at least four days before the day of nomination.

9. At the meeting for nomination, further names may be submitted by any representative.

10. The names of the four persons nominated shall be submitted to the Senate for appointment by Grace.

THE WATCH COMMITTEE

The constitution of the Watch Committee of the Borough is determined by Sections 51 and 52 of the Cambridge Award Act of 1856, as follows :

From and after the Ninth Day of November One thousand eight hundred and fifty-six the Watch Committee of the Borough shall consist of :

The Mayor for the Time being ;

Nine other members of the [Town] Council, appointed by the Council ;

Five members of the University, being members of the Senate, appointed by the Senate ;

and at any meeting of such Committee the Mayor, if present, shall be the Chairman ; and in the absence of the Mayor a Chairman shall be chosen by the members of the Committee then present ; and in all cases where the votes are equal the Chairman shall have a second or casting vote.

The appointment of members of the Watch Committee by the Council and Senate respectively shall be made on or before the ninth day of November in each year, unless in any year in which that day shall be Sunday, and in such year the said appointment may be made on the day following ; and the members of the Watch Committee shall continue in office from the tenth day of November in the year of their appointment until and including the ninth day of November in the following year.

OTHER UNIVERSITY REPRESENTATION

CONSERVATORS OF THE RIVER CAM

By an Act of Parliament passed in the first year of the reign of Queen Anne (1 Anne Stat. 2 c. 11) which received the royal assent 27 February 1702-3, the control of the river from Clayhythe Ferry to the Queens' Mill, Cambridge, was entrusted to eleven Conservators, of whom three were to be appointed by the Chancellor or Vice-Chancellor of the University and the Heads of Colleges for the time being or in their absence their deputies.

This Act, and a subsequent Act passed in the reign of King George the Third (53 G. III c. 214), were repealed by an Act passed in the reign of Queen Victoria (14 and 15 Vict. c. xcii), with the exception of the appointment of Conservators, which remains in force.

GENERAL MEDICAL COUNCIL

Under the provisions of 21 and 22 Vict. c. 90 the University is entitled to appoint a representative to serve on the General Medical Council. The election is for periods of five years, and is made by Grace of the Senate.

GOVERNORS OF SCHOOLS, &c.

A list of Schools and other educational institutions on the Governing Bodies of which the University is represented, with the names of the representatives, will be found on p. 44 above.

MARINE BIOLOGICAL ASSOCIATION.

A representative of the University on the Council of the Marine Biological Association at Plymouth is appointed in each year by Grace of the Senate on the recommendation of the Special Board for Biology and Geology.

BRITISH SCHOOL AT ATHENS

An annual grant of £100 is made from the Worts Fund (see p. 128) to the British School at Athens; and a representative of the University on the Managing Committee of the School is appointed by Grace in the Michaelmas Term of each year on the nomination of the Special Board for Classics.

UNIVERSITY DELEGATES

During the academical year 1916-17 no Delegates have been appointed to represent the University at other University Celebrations at home or abroad.

University Patronage

The University has in its gift the Vicarage of Burwell in Cambridgeshire, and of Ovington in Norfolk, and under 3 Jac. I. c. 5 (1606) it also enjoys the right of presenting to livings in certain counties in cases where the patron is a Roman Catholic. The counties assigned by this Act to the University of Cambridge are Essex, Hertfordshire, Bedfordshire, Cambridgeshire, Huntingdonshire, Suffolk, Norfolk, Lincolnshire, Rutland, Leicestershire, Derbyshire, Nottinghamshire, Shropshire, Cheshire, Lancashire, Yorkshire, Durham, Northumberland, Cumberland, Westmorland, Radnorshire, Denbighshire, Flintshire, Carnarvonshire, Anglesey, Merioneth, and Glamorgan; the rest of England and Wales, including the City of London, being similarly assigned to the University of Oxford.

The University exercises its right of presenting to vacant benefices by means of a Board of Electors who select a clerk for presentation, but such selection requires confirmation by Grace of the Senate. This Board consists of the Vice-Chancellor and eight members of the Senate appointed by Grace to serve for four years, two retiring by rotation every year; four being nominated by the Council of the Senate and four by the Special Board for Divinity. The selection is made under the following Regulations:

If a member of the Board shall be a candidate for the vacant benefice, he shall be thereby disqualified from acting in the selection of a clerk for such benefice.

The Board shall have power to regulate its own proceedings, to elect a Chairman in the absence of the Vice-Chancellor, and to fix the number necessary for a quorum; provided that no selection of a clerk shall be made except by the votes of an actual majority of the electors, given at the time of the selection.

If from any cause the electors shall be unable to select a clerk for any vacant benefice, and shall pass a resolution to that effect, the selection shall be made by the Vice-Chancellor.

If the Vice-Chancellor shall be unable to select a clerk, he shall report to the Senate to that effect.

Whenever a clerk shall have been selected by the Board or by the Vice-Chancellor, a single Grace shall be offered to the Senate for the confirmation of such selection and for affixing the seal of the University to the deed of presentation.

When the Vicarage of Burwell is vacant, the Board shall select two clerks; and a Grace shall be offered to the Senate for the confirmation of such selection and for affixing the seal of the University to the deed of nomination. Such nomination shall then be submitted to the person or persons entitled to present to the Vicarage.

If the person or persons entitled to present to the Vicarage of Burwell shall fail to present one of the clerks so nominated within the legal time, one of the clerks so nominated shall be selected in the manner ordinarily prescribed in these Regulations.

When any benefice, the presentation to which is to be made by the University, shall become vacant, the Vice-Chancellor shall give public notice of the vacancy and of the date by which application for the benefice shall be made. All applications for vacant benefices shall be made to the Registry in such form and manner as the Board shall from time to time direct. The Registry shall forward the applications to the Vice-Chancellor. In the selection of a Clerk the Board and the Vice-Chancellor shall not be restricted to the candidates who have sent in applications.

A list of the livings in the gift of each College is given below under Colleges, but for convenience of reference a complete list is printed here :

The University has power to adopt as an affiliated College in any place within the United Kingdom or in any part of the British dominion any institution founded for the education of adult students, with such conditions as to the provision of lectures, and as to the rules and arrangements for the students, as may be determined from time to time by Grace.

The University has power also to terminate at any time by Grace the connexion of the University with the institution as an affiliated College.

Privileges of Affiliation

1. Any Student of an Affiliated Institution who shall have continued a member of it for such length of time, not less than two years, and shall have attended such lectures and passed such examinations, as may be required from time to time by Grace of the Senate, shall, if admitted as a member of the University otherwise than as a Research Student, be entitled to either or both of the following privileges:—

- (1) to be exempted from all parts of the Previous Examination;
- (2) to reckon the first term kept by residence as the second, third, or fourth term of his residence, for the purposes of all provisions respecting the standing of candidates for Tripos Examinations, for Degree Examinations in Medicine, Surgery, or Music, or for Studentships, Scholarships, Exhibitions, Prizes, or Medals, and respecting the standing of candidates for Degrees.

1*. If a student admitted to the privileges of affiliation has, in accordance with the foregoing Regulation 1 (2), reckoned for any purpose the first term kept by residence as the second, third, or fourth term of his residence, as the case may be, he shall be required so to reckon his first term for all purposes.

2. In the case of any student claiming to be admitted to the privileges of Affiliation, a certificate of having fulfilled the prescribed conditions, signed by the Registrar or other competent authority of the Affiliated Institution, shall be presented for registration to the Registry in the student's first term of residence, and a fee of £2 shall be paid at the same time to the Registry for the University Chest.

3. Any certificate of having fulfilled the prescribed conditions may be accepted for registration at a time later than that above specified, provided

that in every such case an additional fee of £1 shall be paid to the Registry for the University Chest.

4. Students claiming to be admitted to the privileges of Affiliation shall be required (1) to have fulfilled all the prescribed conditions before matriculation, (2) to matriculate and to pay the usual fee of £5.

. The 'prescribed conditions' vary considerably in the different cases; they are stated in the *Student's Handbook*, and should be carefully examined.

COURSES OF RESEARCH

Women who are or propose to become members of one of the Colleges recognised under Regulation 2 relating to the admission of women to University Examinations (see p. 369 above) are admitted to Courses of Research under the following Regulations:

1. Applications for the admission of Women to Courses of Research shall be made by the authorities of the College of which they propose to become members to the Secretary for Examinations of the Local Examinations and Lectures Syndicate.

No woman shall be admitted to a Course of Research unless she has attained the age of twenty-one years.

2. Each application shall be accompanied by

- i. a diploma or other certificate of graduation at a University;
- ii. a statement as to the course of research which the applicant desires to pursue, together with such evidence of qualification, attainments, and previous study as she may be able to submit;
- iii. a certificate or declaration that the applicant has attained the age of twenty-one years.

3. In exceptional cases women who do not present a diploma or certificate of graduation may be admitted to a Course of Research, provided that, in lieu thereof, they give such evidence of general educational qualification as may be approved by the Local Examinations and Lectures Syndicate.

4. Applications shall, if possible, be submitted not later than June 1 in the academic year preceding that in which the applicant proposes to begin the course. But the Syndicate shall have power to receive applications submitted at other times.

5. Subject to the approval of the Local Examinations and Lectures Syndicate in cases coming under Regulation 3, the Secretary of the Syndicate shall communicate each application to the Chairman of the Special Board of Studies with which the proposed Course of Research appears to be most nearly connected; and the application shall be considered and decided by the Degree Committee of the Special Board.

6. The application shall not be granted unless it shall appear to the Degree Committee

- i. that the course of research can conveniently be pursued at Cambridge;
- ii. that the applicant has produced adequate evidence that she is qualified to enter upon the proposed course.

The dissertation must be accompanied by a fee of £5, and by a certificate shewing that the student has kept the required number of terms. The student shall state, generally in a preface to her dissertation and specifically in notes, the sources from which her information is derived, the extent to which she has availed herself of the work of others, and the portions of the dissertation which she claims as original.

The Secretary shall forward the dissertation to the Chairman of the Special Board concerned; and the dissertation shall be referred to one or two persons appointed by the Committee, who shall have power to examine the student orally or otherwise upon the subject thereof and shall report thereon to the Committee. Each of the persons so appointed shall receive a fee of two guineas from the Local Examinations and Lectures Syndicate.

The Committee shall have power to take into consideration together with the dissertation any memoir or work published by the student which she may desire to submit to them.

By special permission of the Syndicate, a dissertation may be submitted in a later term than the student's twelfth term.

No woman may present a dissertation who is not at the time a member of one of the Colleges recognised under Regulation 2 relating to the Admission of Women to University Examinations (see p. 369 above).

10. If the Degree Committee are of opinion that the work submitted by the student is of merit as an original contribution to learning or as a record of original research, the Chairman shall forward to the Secretary of the Syndicate a statement to this effect, indicating therein the subject or subjects of the student's research.

If the Degree Committee are of opinion that the dissertation submitted by the student is not of sufficient merit to serve as a qualification for the Certificate of Research, they may determine the conditions, if any, under which the student shall be allowed again to submit to them a dissertation, and the Chairman shall inform the Secretary, who shall inform the student of this decision.

11. The statement shall be forwarded by the Chairman to the Secretary of the Local Examinations and Lectures Syndicate, who shall embody it in a Certificate of Research in the following form:

This is to certify that

* * * A fuller account of the work of the Appointments Board is given in Chapter xxiv of the *Student's Handbook*.

By Grace of 27 February, 1902, an Appointments Board in connexion with the University was established for five years to carry on the work hitherto performed by the Cambridge Appointments Association, and by Grace of 7 June 1906, the Appointments Board was continued until the Senate shall otherwise decide. The Board consists of the Vice-Chancellor, and five members of the Senate appointed by Grace, on the nomination of the Council of the Senate; and each College or Public Hostel in Cambridge which contributes annually the sum of ten pounds at least to the Appointments Fund is empowered to appoint annually one person to be a member of the Board for one year. The Board is also empowered to appoint annually not more than twelve persons to be additional members of the Board for one year. The Vice-Chancellor or his Deputy and four other members constitute a quorum.

The duties of the Board include the collection and distribution of information respecting appointments which can be appropriately filled by members of the University, and the organisation of means of communication between candidates for such appointments and the persons or bodies making the appointments; and in particular the registration of candidates seeking appointments. The Board is required to report at least once a year to the Senate.

The office of the Board is at the University Offices, St Andrew's Street, and is open throughout the year. For the hours of attendance see p. 117 above.

The effect of the War upon the number of undergraduates in residence has been ultimately a reduction to about one-sixth of the usual figure. The distribution of this among the Colleges is shewn in the following table, taken with slight modifications from the *Cambridge Review*:

	Easter Term, 1914	Easter Term, 1915	Easter Term, 1916	Easter Term, 1917
Christ's	157	69	50	46
Clare	181	40	26	19
Corpus	83	19	5	4
Downing	91	47	30	19
Emmanuel	193	96	52	33
Gonville and Caius	251	68	39	24
Jesus	175	39	28	21
King's	151	35	25	18
Magdalene	98	28	15	13
Pembroke	256	42	33	30
Peterhouse	82	40	27	25
Queens'	167	61	47	25
St Catharine's	118	65	30	21
St John's	229	102	59	34

Trinity Hall	103	34	18	18
Non-Collegiate Students .	139	95	78	56
	3181	1097	712	491

This diminution in the number of undergraduates has again affected the financial position of the University. The receipts of the University Chest for the year 1916 shewed further decreases, even as compared with 1915, on Examination Fees, £2181, Capitation Tax, £1556, Matriculation Fees, £1476, and Degree Fees, £2524. The total reduction of income amounted to £9765. If the same comparison is made with 1913, the last normal year, the decreases are as follows: Examination Fees, £9832, Capitation Tax, £5983, Matriculation Fees, £4564, and Degree Fees, £7668; the total reduction of income being £29,462.

The foregoing figures relate only to the University. Similar difficulties have arisen in the case of the Colleges. These differ

a good deal in their resources, but they have all suffered heavily from the decline in the number of their members, and as the war goes on serious financial problems are being faced.

THE WAR COMMITTEE

On 6 August 1914 the Vice-Chancellor, as Chairman of the Board of Military Studies, appointed a special War Committee of the Board to deal with the selection and recommendation of applicants for Commissions. The original members of this Committee were Mr W. Durnford, Vice-Provost of King's (Chairman), Colonel H. J. Edwards, C.B., Captain L. H. Thornton, and Mr W. C. D. Whetham, F.R.S., Senior Tutor of Trinity; but Captain Thornton ceased to act on the Committee when he left Cambridge for the Camp of Instruction formed at Royston on 25 August. Mr A. G. W. Murray, Librarian of Trinity, after acting as Secretary to the Committee for nine months, was appointed Assistant Secretary to the Board on 13 July 1915. On 25 March 1916 the Report of this Committee on the military work carried out in and in connexion with the University for the period 5 August 1914 to 29 February 1916 was published to the Senate by the Board of Military Studies. This Report was printed in full in the last issue of the *Calendar*.

EMERGENCY MEASURES

The War has witnessed the adoption of a number of emergency measures, and it is convenient that those which affect the ordinary life of the University should be grouped together here.

Emergency Statutes

The following Statutes have been made by the University under the authority of the Universities and Colleges (Emergency Powers) Act, 1915. The Graces of the Senate authorising the

necessary steps were passed 20 November 1915, and the Statutes were made and sealed 3 December 1915.

(1) The University shall have power by Grace of the Senate to postpone until any date not later than the end of the emergency period the election or admission to any Professorship, Readership, Lectureship, or Office in the University which is now vacant or may become vacant and to suspend for a like period from the date at which the same became or may become vacant or from the fifth day of August 1914 whichever shall have last happened any such Professorship, Readership, Lectureship, or Office. The moneys undisposed of by reason of any such postponement or suspension if paid out of the Common University Fund shall be paid to the University Chest and applied for the general purposes of the University and if paid out of any special account or trust shall be applied as the University shall by Grace determine.

(2) The University shall have power by Grace of the Senate to postpone until any date not later than the end of the emergency period the election or admission to any studentship, scholarship, prize, or other similar emolument in the University which may be or may become vacant and to suspend for a like period from the date at which the same became or may become vacant or from the fifth day of August 1914 whichever shall have last happened any such studentship, scholarship, prize, or other similar emolument. The moneys undisposed of by reason of any such postponement or suspension shall be applied as the University shall by Grace determine.

(3) When any studentship, scholarship, prize, or other similar emolument in the University has been offered for competition and when either no candidate presents himself or in the opinion of the examiners or adjudicators there is no candidate of sufficient merit to deserve election such studentship, scholarship, prize, or other similar emolument shall be suspended from the date at which it became vacant or from the fifth day of August 1914 whichever shall have last happened until the period at which it would next have been offered for competition if this statute had not been made or the end of the emergency period whichever shall first happen and the moneys undisposed of by reason of such suspension shall be paid to the University Chest and applied to the general purposes of the University, unless the University shall by Grace otherwise determine.

(4) The University shall have power by Grace of the Senate to suspend or modify in the interests of the holder of any studentship, scholarship, prize, or office in the University until any date not later than the end of the emergency period any conditions as to residence, duties or otherwise affecting the tenure or emoluments of such studentship, scholarship, prize, or office.

(5) If any holder of a studentship, scholarship, prize, or other emolument is engaged during the present war in the naval or military service of the Crown or in some other service of the Crown connected with the present war or in any work abroad of the British Red Cross Society, the St John Ambulance Association, or any body with similar objects, or has been made a prisoner of war and is by reason of such service, work, or imprisonment deprived of any payment or advantage attached to such studentship, scholarship, prize, or emolument he shall be entitled upon the termination of such service, work, or imprisonment to hold such studentship, scholarship, prize, or emolument (notwithstanding that his period of tenure may already have expired) for such period as shall enable him subject to the conditions attaching thereto to receive payments or enjoy advantages equivalent to those of which he shall have been so deprived, and the

moneys which would have been applicable to such payments if he had not been so deprived thereof shall be applied to the payments to be made to him under this section any provision to the contrary in the instrument of foundation notwithstanding.

(6) The foregoing statutes shall take effect as from the fifth day of August nineteen hundred and fourteen.

Allowance of Terms and Examinations

[Report of the Council of the Senate dated May 31, 1915,
confirmed by Grace of June 11, 1915.]

The following Recommendations were contained in this Report:—

....They...propose under Statute A, chapter II, sect. 16 to allow students four terms, if military service for a period covering four terms or more is properly certified; but unless in exceptional circumstances they are not prepared to allow more than four terms. By military service they understand serving in the Navy or Army of any of the Allied Powers; also work done for the health or well being of the Allied Forces in a hospital, ambulance, or other organisation recognised by, and under the control of, the military authorities. Special cases connected with the war not covered by the foregoing description, as for instance wounded or disabled men who are invalided after a short period of service, will be separately considered.

Research or Affiliated Students, who are required to keep only six terms, will not in ordinary circumstances be allowed more than two terms.

The Council have also reconsidered the question of excusing from certain examinations students who have been engaged on service connected with the war. They now propose that, under conditions approved by the Council, a matriculated student who has been thus engaged for two or more terms shall at his choice be excused either (a) the whole of the Previous Examination including the Additional Subjects, or (b) both parts of the Special Examination in Military Subjects. They further propose to recognise under certain conditions College or Intercollegiate Examinations passed at the end of a student's second year of residence as enabling him to proceed to a degree. Special cases connected with Examinations and not covered by the Recommendations will doubtless arise and will be duly considered.

The Council are of opinion that the claim for exemption from the Previous Examination should be granted, not only to those who have at the present time been actually in residence in the University, but also to those who may desire to enter the University and have been engaged for not less than six months in service connected with the present war.

In the case of students engaged in civil employment in connexion with the war, the Council will, as a general rule, require that the student should present a certificate in due form signed by the authority in control of the department in which he has served, and countersigned by the Head of his College and by his Tutor, covering the period of his service.

If the foregoing proposals are approved by the Senate, the Council will be prepared under their existing powers to relax the regulations for the standing of students entering for Tripos Examinations (see p. 387 below).

If a less period than three terms is allowed, a Certificate of Study given under existing regulations (*Ordinances*, 1914, page 188) for the time necessary to complete the three terms should be deemed equivalent to a Certificate of Study for three terms.

The Council recommend that students who are allowed a part or the whole of the Previous Examination should pay a registration fee of one pound for each Part so allowed instead of the usual fees for examination.

The Council accordingly recommend:

(1) That the Council of the Senate be empowered to excuse students who have been engaged for not less than six months on service connected with the present war either (a) Parts I and II and the Additional Subjects of the Previous Examination, or (b) Parts I and II of the Special Examination in Military Subjects.

(2) That students who are excused either Part or the Additional Subjects of the Previous Examination under the preceding Recommendations pay a registration fee of £1 for each such Part or the Additional Subjects.

(3) That the Council of the Senate be empowered to allow students to proceed to a Degree without further examination who, having been allowed two or more terms on grounds connected with the present war, and having passed Parts I and II of the Previous Examination and the Additional Subjects, produce satisfactory evidence from the authorities of their College that they have duly obtained a First, Second, or Third Class in a College or Intercollegiate Examination for Honours held at the end of their second year of residence with a view to a Tripos Examination which, if passed at the end of the third year of residence, would entitle them to a Degree.

(4) That students matriculated before the end of the Lent Term 1915 and serving in connexion with the present war, who are or may become qualified for the degree of B.A. or LL.B., be allowed to proceed to the degree at any Congregation for Degrees on payment of a fee of £7.

(5) That, in the case of students who have kept not less than six terms but not nine terms and who have passed all the examinations necessary for a degree, but to whom in respect of military service less than three terms is allowed, a Certificate of Study for the remainder of the three terms, for which no fee shall be charged, be held equivalent to such a Certificate for three terms.

[Grace of March 16, 1917]

That the words "or during a period of not less than six months have been prisoners of war or have been detained by the King's enemies" be inserted after the words "have been engaged for not less than six months on service connected with the present war" in Regulation 1 relating to Allowances to Students on Military Service.

[The following note was appended to this Grace when it was offered to the Senate: "This addition to the Regulation was proposed, as no allowance of the kind had previously been made for prisoners of war who are civilians."]

[Report of the Council of the Senate on Allowances to Students on Military Service, dated October 30, 1916.]

The Council of the Senate beg leave to report to the Senate as follows:
Under the powers granted to them by Grace 1 of 11 June 1915 they can

excuse the Previous Examination or the Special Examination in Military Subjects to students who have been engaged for not less than six months on service connected with the present war, although such students may not, before their period of service, have joined the University. The Council desire to make it clear that they will also be prepared to consider applications for the granting of terms to students who have not, before their period of service, entered their names at a College or as Non-Collegiate students.

The Council will follow their usual practice in not actually allowing terms until one term at least has been kept by residence, and they will require that students shall have been matriculated, before they are allowed exemption from the Previous Examination....

Capitation Tax

[Graces of November 21, 1914]

That, on the recommendation of the Financial Board, and notwithstanding the Ordinances with regard to the Capitation Tax (*Ordinances*, 1914, page 496), the quarterly payment of ten shillings in respect of members of the University who have not been admitted to their first degree be suspended in the case of those who are prevented from keeping terms by residence by the requirements of naval or military service in connexion with the present war, provided that

(1) each College furnish the Financial Board at the end of each quarter with a list of those members for whom it intends to claim such exemption; and

(2) that if any such member on returning into residence be allowed one or more terms he be required to make such payments as correspond to the period of residence allowed to him.

That, on the same recommendation, persons who, on grounds of naval or military service, may be allowed one or more terms before that in which they actually matriculate, become liable on matriculation to pay the Capitation Tax corresponding to the period of residence allowed to them.

[The Council of the Senate, by a Minute dated October 18, 1915, have interpreted this Ordinance to mean "that members of the University absent on Military Service be required to make the terminal payment of ten shillings for those terms only which they are allowed."]

[Grace of December 18, 1915]

That, on the recommendation of the Financial Board and notwithstanding Grace 7 of May 22, 1914, the terminal payment of thirty-five shillings (or ten shillings) be suspended in the case of members of the University matriculated after the end of the Lent Term 1915 who are prevented from keeping terms by residence by the requirements of naval or military service in connexion with the present war, provided that

(1) each College furnish the Financial Board at the end of each term with a list of those members for whom it intends to claim such exemption,

(2) if any such member be hereafter allowed one or more terms he be required to make such payments as correspond to the period of residence allowed him.

Congregation for Degrees

[Grace of May 19, 1917]

That, on the second day of General Admission in June in the present year, one Congregation at 11 A.M. be held in place of the second and third Congregations provided for on that day by the *Ordinances* (pages 215, 6).

[Grace of June 19, 1917]

That, notwithstanding Regulation 20 relating to Admission to Degrees (*Ordinances*, page 215), candidates for admission to the title of Bachelor designate in Arts, who have obtained honours in a Tripos examination and have, by reason of military service, been excused the Special Examination in Military Subjects, be admitted at the Congregation at 11 a.m. on June 19.

Degrading (see p. 384 above)

The following notices have been issued with regard to applications for leave to degrade:

The Council of the Senate beg leave to give notice to the Tutors of Colleges that they will not decline to allow students who have been absent on service connected with the war to enter for Tripos Examinations on the ground that they have in the interval been allowed to proceed to the B.A. Degree; and that the Council will entertain favourably applications to be allowed to degrade. (May 15, 1916.)

The Council of the Senate beg leave to announce to the Tutors of Colleges that they will be prepared to consider favourably applications to degrade made on behalf of students who, having been declared medically unfit for military service, have during the continuance of the war temporarily left the University in order to teach in Schools. (June 12, 1916.)

Dixie Professorship of Ecclesiastical History

[Grace of March 10, 1917]

That the Recommendation contained in the Report, dated 29 January 1917, of the Council of the Senate on the Vacancy in the Dixie Professorship of Ecclesiastical History, namely,

That the election to the Dixie Professorship of Ecclesiastical History, now vacant in consequence of the death of Professor Gwatkin, be postponed under Emergency Statute (1) until the end of the war be approved.

Examiners, Examination Papers

[Graces of October 15, 1915]

That, during the continuance of the present war, the Council of the Senate be empowered to postpone or suspend, in cases where they think fit, the appointment of Examiners required to be appointed by the Ordinances.

[The following note was appended to this Grace when it was offered to the Senate: "The object of this Grace is to continue to the Council a power which was granted them for a limited period by Grace 8 of October 16, 1914."]

That, notwithstanding any Ordinances to the contrary, the Examiners for any Examinations be not required, during the continuance of the present war, to have their papers printed in cases in which the number of candidates is very small.

[The following note was appended to this Grace when it was offered to the Senate: "On May 21, 1915, a Grace to this effect passed the Senate as regards the General Examination and Special Examinations for the Ordinary B.A. Degree. It appears desirable to extend the range. There was, for example, only one candidate for the last examination for the Additional Subjects in German."]

[Grace of November 20, 1915]

That, no Examiners for the Oriental Languages Tripos having been nominated by the Board for Oriental Studies for the year 1916, the period for which the Examiners for the years 1914 and 1915 are members of the Board be extended by one year.

[The following note was appended to this Grace when it was offered to the Senate: "Only two Examiners were nominated for the year 1915, and the above Grace is proposed in order that the number of members on the Board may not be unduly depleted. There are no candidates for the Oriental Languages Tripos in 1916."]

Fitzwilliam Museum

[Grace of February 10, 1917]

That, on the recommendation of the Fitzwilliam Museum Syndicate, the Fitzwilliam Museum be closed at five o'clock instead of six o'clock from May 1 to June 24 in the present year.

[The following note was appended to this Grace when it was offered to the Senate: "This proposal was made in consequence of the reduced staff of the Museum."]

General Examination

[Report of the Board of Examinations on the General Examination for the Ordinary B.A. Degree dated November 11, 1915, confirmed by Grace of February 4, 1916]

The Board of Examinations beg leave to report to the Senate as follows:

At the request of the General Board of Studies, they have considered the question of discontinuing for a time to hold the General Examination for the Ordinary B.A. Degree. In recent years, independently of the outbreak of war, the number of candidates for the General Examination has very much decreased. In the Easter Term of 1914 there were nine candidates for Part I and six for Part II. In the Michaelmas Term of 1914 there were no candidates for either Part, and in the Easter Term of 1915 no candidates for Part I and only one for Part II. The Board think it undesirable that, under the present circumstances, the University should continue to incur the expense of carrying on the examination beyond the Easter Term of 1916. It is, however, in their opinion, necessary to make provision for the case of students who have passed one or other Part of the General Examination, and they propose that such students shall be excused a Part or Section of a divided Special Examination. They also propose that, in the Easter Term of 1916, students in their third term of residence shall be allowed to present themselves as candidates for both Parts of the General Examination.

The Board propose to reconsider the position of the General Examination when normal conditions are restored.

The Board accordingly recommend

1. That, notwithstanding anything to the contrary in the Ordinances, the General Examination be not held after the Easter Term of 1916, until the University shall otherwise determine;

2. That a student who, before the end of the Easter Term of 1916, has passed one Part only of the General Examination be deemed to have passed one Part or one Section of a divided Special Examination;

3. That, in the Easter Term of 1916, a student who has kept two terms by residence be allowed, notwithstanding Regulation 10, *Ordinances*, page 37, to offer himself for examination in both Parts of the General Examination.

Lightfoot Scholarships

[Grace of March 16, 1917]

That, notwithstanding Regulation 1 for Dr Lightfoot's Scholarships (*Ordinances*, page 721), a student who has been engaged on active service in the army in the present war be allowed to be a candidate for the Scholarships, although he is not under 25 years of age when the examination begins, provided that the excess of his age above 25 is less than the period during which he has been on service.

Medical Examinations

[Resolution of the Special Board for Medicine, March 10, 1915]

The following Resolution was passed by the Special Board for Medicine on March 10, 1915, and communicated to the Registry and to the War Office:

"That attendance at General Military Hospitals during the war be recognised for the purposes of Hospital practice for a period not exceeding six months. The Certificates to be signed by the officer commanding."

[Grace of December 3, 1915]

That, subject to the consent of the Council of the Senate, students who have passed any part of the First M.B. Examination not earlier than the Michaelmas Term of 1912, but before the end of the Emergency period, be credited with having passed the corresponding part of the Preliminary Examination in Science.

[Notice by the Council of the Senate, May 8, 1916]

The Council are prepared to allow, under the provisions of Grace 1 of June 11, 1915, the Special Examination in Military Subjects to those members of the Medical Unit of the Officers Training Corps who produce a certificate from the Officer Commanding First Eastern General Hospital, stating that they have diligently and satisfactorily served for six months as Surgical Dressers or Clinical Clerks at the First Eastern Hospital.

[Surgical Dressers and Clinical Clerks, who must be members of the Medical Unit of the Officers Training Corps, are required to attend at the First Eastern Hospital daily from 9 to 1 o'clock. They also attend lectures on surgical anatomy, operative surgery, pathology, and other medical subjects. No student is allowed to remain a member of the Officers Training Corps unless he attends the prescribed drills. They are under military discipline and wear uniform.]

[Grace of May 20, 1916]

That, during the continuance of the present war, students be admitted to the First M.B. Examination, notwithstanding regulation 5 for Degrees in Medicine (*Ordinances*, page 230), although they may not at the time have commenced residence in the University.

[Grace of November 28, 1916]

That, on the recommendation of the State Medicine Syndicate, the Examination for the Diploma in Psychological Medicine be not held during the continuance of the War.

Membership of Syndicates and Boards

[Report of the Council of the Senate dated October 23, 1916, confirmed by Grace of the Senate, November 18, 1916]

The Council of the Senate beg leave to report to the Senate as follows:

They have had under their consideration the usual nomination of members of Syndicates and Boards in the place of those whose present term of office comes to an end on 31 December next. It has, however, appeared to them that, in the existing conditions, and bearing in mind the large number of Members of the Senate usually in residence but now absent from the University, it would be advantageous simply to continue in office for one additional year those who are at present serving. It would be easy for any to resign their membership if they are not prepared to continue to serve.

The Council accordingly recommend

That, notwithstanding any Ordinances to the contrary, the period of service of all present members of Syndicates, Boards, Committees, the Sex Viri, and the Court of Discipline, nominated by the Council of the Senate or by the Vice-Chancellor and going out of office on 31 December in any year, be continued for one year.

Preliminary Examination in Science

[Grace of December 3, 1915]

That, subject to the consent of the Council of the Senate, students who have passed any part of the First M.B. Examination not earlier than the Michaelmas Term of 1912, but before the end of the Emergency period, be credited with having passed the corresponding part of the Preliminary Examination in Science.

Proctors

[Grace of May 19, 1917]

That, notwithstanding the Ordinances relating to the appointment of Pro-Proctors (*Ordinances*, page 308), Pro-Proctors be not appointed for the ensuing academical year.

[The following note was appended to this Grace when it was offered to the Senate: "The Colleges which had the right of nominating Pro-Proctors for the ensuing year (Trinity College and Peterhouse) raised no objection to this Grace."]

Additional Pro-Proctors also have not been appointed for the ensuing academical year.

Proxy Fees for Degrees

[Grace of October 16, 1914]

That, during the continuance of the present war, the Council of the Senate be empowered, in the case of candidates for degrees prevented from coming to Cambridge by reason of the war to remit, at their discretion, the additional fee of £5 payable on admission to a degree in absence.

Sandars Readership

[Report of the Council of the Senate, dated December 4, 1916, confirmed by Grace of the Senate, February 10, 1917]

That, under Emergency Statute (1) (*Supplementary Ordinances*, page 882), the office of Sandars Reader in Bibliography be suspended for the year 1917, and that the income of the Trust for the same year be paid to the University Chest and applied to the general purposes of the University.

Serbian Students

[Graces of November 28, 1916]

That, during the Emergency period, the holder of a Certificate of having passed the Serbian Ispit Zrelosti be entitled, without payment to the University, to exemption from Parts I and II and the Additional Subjects of the Previous Examination, provided that the Serbian Examination includes Serbian language and literature, Latin, French or German, History, and Mathematics (Geometry and Algebra).

That, during the Emergency period, the University capitation tax be remitted for Serbian students.

Special Examinations

[Grace of June 11, 1915]

That, on the recommendation of the General Board of Studies, with the concurrence of the Special Board for Biology and Geology, the present Regulations relating to the Special Examinations in Botany, Geology, and Zoology (*Ordinances*, pp. 45—7, 74—6) be suspended from Midsummer 1915; and that during such suspension Special Examinations be held in these three subjects in connexion with the Natural Sciences Tripos in general accordance with the Regulations for the Special Examination in Physiology (*Ordinances*, pp. 43—45, 74).

[Grace of July 13, 1917]

That, on the recommendation of the Special Board for Classics, notwithstanding any Ordinances relating to the Special Examination in Classics, there be in the year 1918 an examination for Part I of the Special Examination in Classics in the Michaelmas Term only and for Part II in the Easter Term only.

[Grace of June 8, 1917]

That, on the recommendation of the General Board of Studies,

(1) the Special Examination in Mathematics be suspended in the year 1918;

(2) candidates, in lieu of taking both Parts of the Special Examination in Mathematics, be admitted in the year 1918 to Part I of the Mathe-

matical Tripos, and the Examiners be empowered to credit them with having passed in either or both Parts of the Special Examination if they shew sufficient knowledge of the subjects included in Part I of the Tripos Examination which are specified in the schedules for the Special Examination.

[Grace of February 25, 1916]

That, on the recommendation of the Board of Military Studies, the Special Examination in Military Subjects for the Ordinary B.A. Degree be suspended until further notice.

[Grace of December 3, 1915]

That, on the recommendation of the Special Board for Moral Science, the Special Examination in Psychology for the Ordinary B.A. Degree be suspended after the end of the year 1915 until further notice.

Squire Law Library

[Grace of July 21, 1916]

That, notwithstanding Regulation 2 for the Squire Law Library (*Ordinances*, page 442), the Squire Law Library be not open between the hours of 5 P.M. and 7 P.M. until the first day of Full Term in the Term following the conclusion of the War.

[This proposal was made with the object of economising lighting and attendance.]

University Library

[Grace of November 18, 1916]

That, on the recommendation of the Library Syndicate, permission to borrow books from the Library on the same terms as Members of the Senate be granted, up to the end of the year 1917, to Professors or Teachers of any Belgian University resident in Cambridge; and that the same privilege be granted to Belgian teachers in secondary schools resident in Cambridge who submit to the Librarian a satisfactory recommendation.

[Grace of November 20, 1916]

That, notwithstanding the Regulations for opening and closing the Library (*Ordinances*, page 381), the Library Syndicate be authorised for the period of the War to order the Library to be closed from 1 to 2 P.M. on each working day other than Saturday.

University Prizes, etc.

[Grace of October 31, 1914]

The Council of the Senate have a general power to allow undergraduates who have degraded to compete for Prizes, under the following Ordinance:

The Council of the Senate may at any time grant permission to students who have degraded or who wish to degrade to become Candidates for University Scholarships or for any other academical Honours during their undergraduateship, or for Honours in any Tripos, on receiving application from the Tutors of such students accompanied by Certificates of ill-health, or such other certificates as may appear to the Tutors to be necessary.

Without such permission no person who has degraded shall be permitted to become a candidate for University Scholarships or for any University Honours.

By Grace of October 31, 1914, subsequently amended by Grace of June 9, 1916, they are also temporarily empowered to deal in the same way with the case of graduates:

That, until the completion of one year after the end of the present war, the Council of the Senate be empowered, in cases where they may think fit, to grant permission to graduates of the University to be candidates for Prizes or other academical honours later than the times open to them under the present Ordinances.

Whewell Professorship of International Law

[Grace of June 19, 1915]

On the recommendation of the Council of the Senate a Grace was passed on June 19, 1915, authorising the necessary steps under the Universities and Colleges (Emergency Powers) Act 1915 for altering the Statutes by the addition of a new Statute for the Whewell Professorship of International Law. The text of this Statute is given on p. 61 above.

Whewell Scholarships

[Report of the Council of the Senate, dated February 7, 1916, confirmed by Grace of March 10, 1916]

The Council of the Senate beg leave to report to the Senate as follows:

They are informed that the Council of Trinity College have provisionally approved temporary Regulations for the Whewell Scholarships; and it is asked that, in accordance with the precedent of 1898 when the present Ordinances were made, these temporary Regulations may be approved by Grace of the Senate before they are formally adopted by the College.

The following is an extract from a letter received from the Senior Bursar of the College:

The income of the Whewell trust consists principally of the rent of rooms in Whewell's Courts. The Courts have been almost empty (except when troops have been quartered in them) since the beginning of the war, and consequently the current income is insufficient to meet the outgoings. The trust holds investments representing substantial accumulations of surplus income, and these accumulations may enable it to pay the charges including the stipends of the Professor and the present Scholars for two or three years. The Council of Trinity College are of opinion however that no additional burden can safely be placed on this slender reserve, and they therefore propose that no scholarships be offered until the state of the fund justifies renewed expenditure. As no candidates presented themselves in 1915 it may fairly be hoped that the suspension will cause no disappointments.

The second of the proposed temporary regulations is made at the suggestion of the Electors in order to preserve the right to stand for re-election in the case of Scholars who are serving.

The Council of the Senate accordingly recommend that the following temporary Regulations for Dr Whewell's Scholarships be approved:

1. Until further order no examinations or elections (other than re-elections) shall be held and no Scholarships shall be offered for competition

by examination, anything in the Regulations for the Scholarships notwithstanding.

2. In the case of any Scholar who, at any time during his tenure of the Scholarship and before the 29th day of September next but one after his first election to a Scholarship, shall have been engaged during the present war in the naval or military service of the Crown or in some other service of the Crown connected with the present war or in any work abroad of the British Red Cross Society, the St John Ambulance Association or any body with similar objects, or shall have been made a prisoner of war, the time during which he may submit his dissertation or other work to the Electors for re-election shall be extended to the 29th day of September next after the end of an additional period equal to the period which he spent in such service, work, or imprisonment as aforesaid or any of them. And he shall hold any Scholarship to which he may be re-elected from the first day of January next after his re-election.

THE UNIVERSITY AFTER THE WAR

The following Memorandum, dated November 29, 1916, and signed by 135 Members of the Senate ordinarily in residence, was published by the Vice-Chancellor on December 8, 1916:

The undersigned resident members of the Senate are of opinion that it is desirable at the present time to take into consideration the course of University studies and requirements for a degree, with a view to submitting proposals to the Senate as soon after the end of the war as is practicable. They have in view both general and special demands which may be expected to be made upon the University, as a consequence of conditions prevailing after the war. While it is impossible to anticipate in detail what those conditions will be, we believe that the demands will make desirable longer terms, a simplification of the arrangements of examinations, provision for short courses of study, and the possibility of a more economical standard of living.

Some observations on these subjects are now submitted to Members of the Senate. The important question of the Previous Examination, being already under consideration, is not included.

1. THE LENGTH OF TERMS

The terms during which residence is required at present cover eight weeks in the autumn and late winter, and from six to eight weeks after Easter. The Easter Term however is very considerably shortened for purposes of study by the examinations which are held in it.

In the year 1915-16 the Christmas vacation lasted from December 10 to January 14, five weeks: the Easter Vacation from March 18 to April 28, all but six weeks.

We premise that no change which materially shortened the Long Vacation could be admitted without seriously impairing the efficiency of the University. Most of the higher research work as well as preparation for teaching is carried out during these months. Undergraduate students also are encouraged to come into residence and pursue their own studies, with more leisure for private reading than is possible in term time.

But the Christmas and Easter Vacations could be materially shortened without any such risk.

It is suggested that the Michaelmas and Lent full term should each consist of ten weeks, and the Easter full term of nine or ten weeks.

In 1915-16 the terms on this scale would have run as follows:

Michaelmas Term	October 8—December 17	10 weeks—vacation 4 weeks
Lent Term	January 14—March 24	10 weeks—vacation 3 weeks
Easter Term	April 14—June 17 or 24	9 or 10 weeks

These figures are given merely by way of illustration.

Any such scheme would involve fixing the Lent and Easter terms without reference to the varying date of Easter Day.

As the object of such a change would be to increase the length of periods of study at the University, consideration should be given to the related question of the dates of examinations in the Easter Term. It is suggested that no examination should be held before June: and that consequently the days of General Admission should be moved to July.

The additional cost to undergraduates involved by the lengthened terms need hardly exceed the cost of board for the additional weeks. The rent of lodgings should not be increased, as it is now calculated for the University term. Lectures might in certain subjects be twice a week instead of three times with educational advantage, provided the number of courses to be attended were not increased. Business meetings could also be spread over the longer period, without being increased in number.

The University would, on this scheme, require residence for 29 or 30 weeks, and would encourage a further period of voluntary residence for some 6 or 8 weeks in the Long Vacation.

2. EXAMINATIONS

The present system of examinations both for Honours and the Ordinary Degree is exceedingly complicated. It is suggested that it is capable of considerable simplification, with a gain of educational value.

(1) *Honours Examinations*

The present very varying conditions as to terms required to be kept before admission to triposes and their parts, are partly due to a calculation of the time needed by the average man to qualify for the particular tripos, but still more to the idea of a rigorous competition, surviving from the time when the order of merit obtained in all tripos lists. Much greater freedom in this matter is desirable on educational grounds. It would make it more possible for the abler men to combine a variety of related subjects of study, and it would give the student who came to the University less well prepared more time for studying thoroughly the subject of his choice.

It is suggested that the first part of all triposes should be open to students (who come up at the normal time) in their third term of residence, and in their sixth and ninth terms: and that the second part of all triposes should be open to students who have passed a first part of a tripos, in their sixth, ninth, twelfth, and perhaps fifteenth term of residence.

The choice of time for entering for an Examination may safely be left to the students and their advisers.

The question is raised whether it is necessary to retain the rule forbidding a candidate to enter a second time for a Tripos Examination if he has failed once. To allow such a privilege would be one means of raising the standard of the third class.

Nine terms' residence should still be required for the B.A. degree. A student who has passed the examinations necessary for a degree by his third or sixth term should be required to produce evidence of diligent study covering the remaining terms.

It is understood that special arrangements in various subjects are under consideration.

(2) *Poll Examinations*

The regulations for these Examinations are complicated almost beyond description. Here the aim should be to give the student an examination at the end of each year, with an opportunity of retrieving failure by a second examination held towards the end of the Long Vacation. It would be necessary that the results of the second examination should be brought out before the beginning of Michaelmas full term. The December Examinations should be abolished.

It is undesirable to retain the present complicated system of groups.

The various examinations should be thoroughly overhauled with a view to providing poll men with a sound training in subjects which will prove useful to them in their future professions, as well as of educational value.

(3) *Short courses of Study*

We believe that it is of general importance in the interest of education, that opportunities should be offered to students, who cannot afford the time or expense of a full University course, to take short courses and to receive definite recognition of their work. The economic conditions which must be expected after the war would make such a provision specially opportune.

It is suggested that the University should meet this need by awarding certificates of study to students who after passing or being exempt from the Previous Examination reside for three terms and pass a part of a tripos. It should be possible for a student to gain more than one certificate, on condition for each certificate of keeping at least three terms residence and passing part of a tripos. Two certificates would then qualify for a degree if three terms in addition to those certified by the certificate were kept. The certificate should state on its face the terms kept and the subject in which it has been gained, as well as the class obtained in the examination.

The opportunity thus afforded of taking a short course and obtaining at the end a certificate to show that the time so spent had been profitably used would be a great encouragement to students of small means to make experiment of a University course. It would lead in many cases of abler men to the prolongation of residence to the full time required for a degree; and even where such was not the result, it would give the student an important introduction to higher study, and a chance of pursuing it.

Such a scheme would not make it necessary to interfere with the diplomas at present given or their conditions.

3. THE COST OF RESIDENCE

This question is one which mainly depends upon the Colleges and upon the Undergraduates themselves. But under the head of *short courses of study* a way has been indicated by which the University could effect a very important change affecting cost for a certain class of students.

As regards reduction of expenses in detail, we understand that the Colleges are in many cases considering the question. It is suggested that some economy might be secured by the modification of the present custom of allotting two rooms to each student. The aim should be to enable students to obtain all the reasonable advantages of residence and education at a cost less than has prevailed in the past.

4. CONCLUSION

We circulate this memorandum to Members of the Senate with the object of raising questions, and in the belief that many of these questions can be profitably considered now. We believe that it is a matter of urgent neces-

sity that everything possible should be done to prepare for immediate action when the war ends.

The signatories to this memorandum are not to be taken to commit themselves further than to the opinion that the matters dealt with should be systematically considered as soon as possible.

On this the Council reported on January 29, 1917, as follows:

The Council of the Senate beg leave to report to the Senate as follows:

They have had under their consideration the Memorandum on "the University after the War," received by the Vice-Chancellor and published in the *Reporter* (12 December 1916, page 311).

Amongst the topics referred to in the Memorandum there are two which the Council think can with advantage now be considered, namely,

- (1) The length of terms,
- (2) Examinations and the recognition of short courses of study.

The question of "the cost of residence" must be kept in view, but the Council are of opinion that an independent enquiry into it could not at the present stage be very effective. It does not concern the University alone or even chiefly, and it may be affected by proposals made under the above heads. The Vice-Chancellor proposes to consult representatives of the Colleges on the question.

The Council have had before them the following Resolution of the General Board of Studies:

"That if the topics of the Memorandum are to be considered by a single body, the General Board recommend that they be referred to a Syndicate nominated by the Council, but that if these topics are referred to different bodies, the General Board desire themselves to report on the Honours examinations."

In view of the complexity of the subjects to be dealt with, the Council are of opinion

- (1) That questions connected with the length of terms should be dealt with by the Council;
- (2) That the General Board of Studies should be requested to report on the Honours examinations and on the desirability of the recognition of short courses of study;
- (3) That a Syndicate should be appointed to consider the studies and examinations (other than the Previous Examination) leading up to the Ordinary B.A. degree;
- (4) That, with a view to necessary coordination, the Council of the Senate, the General Board of Studies, the Syndicate on the Previous Examination, and the Syndicate referred to under (3) should be authorised to confer together at any stage, and should be required to do so before any Report is published.

The Council have requested the General Board of Studies to prepare a Report on the Honours examinations and on the desirability of the recognition of short courses of study, and they propose shortly to nominate a Syndicate to consider the studies and examinations (other than the Previous Examination) leading up to the Ordinary B.A. degree.

POSITION OF GREEK IN THE PREVIOUS EXAMINATION

[Report of the Council of the Senate, dated January 29, 1917]

The Council of the Senate beg leave to report to the Senate as follows:

On 5 June 1916, the Council asked the Previous Examination Syndicate to present a report expressing their opinion as to the procedure to be followed with regard to the published Report of the Syndicate, which had been discussed in the Senate in the previous month.

The Syndicate reported, on 10 June, that they were "of opinion that it would be inexpedient to bring their scheme before the Senate for approval at a time when it might well be urged that it is impossible to secure a fully representative vote owing to so many Members of the Senate being engaged on war service."

The Council agree with the opinion expressed by the Syndicate in its report of 10 June 1916, that it is not advisable to proceed with the whole question of the reform of the Previous Examination, as it is probable that after the war a considerable modification and reconstruction of the curriculum and educational system of the University will be necessary, of which the Previous Examination is an integral part. But on the other hand the Council believe that the question of compulsory Greek is a separate question; they have become convinced through the expressions of expert opinion which have reached them, as well as through the public discussions which had previously taken place, that the question of compulsory Greek is one of practical urgency at the present time. In coming to this conclusion the Council have not overlooked the fact that by Grace 1 of 11 June 1915, they are empowered to excuse students, who have served for at least six months, the whole of the Previous Examination. But whilst this meets the case of students engaged on military service, it leaves schoolmasters and others in uncertainty whether Greek must continue to be studied by all boys preparing to enter the University. Accordingly they referred the matter on 30 October 1916 to the Previous Examination Syndicate in the following resolution:

"That in the opinion of the Council, the question of the retention of Greek as a compulsory subject in the Previous Examination is an urgent question, and the Council accordingly request the Previous Examination Syndicate to consider the advisability of making a report on this question to the Senate with such recommendations as they may consider advisable."

The Syndicate met on 3 November 1916 and passed the following resolution "The Syndicate, whilst expressing its agreement with the Council that the question of compulsory Greek is urgent, thinks that under present circumstances it is advisable that recommendations be made to the Senate by the Council rather than by the Syndicate."

The Council believe that it is advisable, pending the consideration of the whole Scheme put forward by the Syndicate in 1914, that the papers in French or in German now set in the Additional Subjects should be alternative to Greek. In addition to this it should be provided that no candidate may offer the same language in Part I and in the Additional Subjects.

The Council fully realize that if these alternatives to Greek were permitted by vote of the Senate a decision would be arrived at which would finally determine the position of Greek as a compulsory subject.

Accordingly before bringing any recommendations forward for discussion in the Senate the Council thought it important to ascertain, so far as they were able, the opinion of Members of the Senate who are ordinarily resident in Cambridge, but who are now absent on service connected with the war,

whether a discussion and vote on the issue would be regarded by them as a matter which should not be raised at the present time. It has been difficult to obtain many opinions on the subject; but there is sufficient evidence to shew that, if a discussion were held and a vote were taken at present, the procedure would be resented by some Members of the Senate, now absent from Cambridge, who are greatly interested in the question.

The Council have, therefore, decided not to take action at the present time. They propose, however, as soon as circumstances permit, to bring before the Senate the question of providing alternatives to Greek in the Previous Examination.

[Memorials to the Council of the Senate relating to the
Position of Greek in the Previous Examination]

23 February 1917

We, the undersigned members of the Senate, usually resident in Cambridge, beg leave to express our disappointment that the Council of the Senate, while recording their opinion "that the question of compulsory Greek is one of practical urgency at the present time," have yet decided to take no immediate action with regard to its position in the Previous Examination.

It is now generally recognized, even by those formerly in favour of compulsion, that, in the altered circumstances of the nation, Greek must be made optional. We believe that to delay moving in this matter till the war ends will probably inflict grave injury on the future of the University and on the educational welfare of the country as a whole.

We respectfully ask the Council to reconsider their decision.

[170 signatures were appended to this Memorial.]

23 February 1917

The undersigned Resident Members of the Senate desire to make known to the Council that, while they recognise that changes and reforms in University Examinations and Regulations, on which there is known to be serious difference of opinion among Members of the Senate, should be thoroughly considered at the present time, they are strongly of opinion, that the Senate should not be asked to take definite action in this direction, until after the war is over.

[60 signatures were appended to this Memorial.]

[Further Report of the Council of the Senate on Greek in the
Previous Examination, dated March 12, 1917]

The Council of the Senate beg leave to report to the Senate as follows:

They have taken into consideration two memorials presented to them (see *Reporter*, 27 February 1917, pages 554, 558), together with a fly-sheet dated 28 February 1917. They have also had a conference with representatives of the Headmasters' Conference and the Incorporated Association of Headmasters.

They are still of the opinion, expressed in their Report of 29 January 1917, that action should not be taken at the present time. But in their view the constitution of the Previous Examination should be further considered in order that it may be possible to take action immediately upon the conclusion of the war. They propose, therefore, to submit graces early in the Easter term for filling up the vacant places on the Previous Examination Syndicate.

Tripos Lists, 1908-17

An asterisk is placed before the names of those who subsequently became Fellows of Colleges.

Mathematical Tripos

The names in Part I of the Mathematical Tripos are arranged in order of merit, being bracketed in all cases of equality. In Part II, they are in each Division in alphabetical order.

The following Lists contain those names only which were upon the Boards of the Colleges on the last day of the Easter Term (June 24), 1917.

The plan upon which these names are arranged is, as far as possible, uniform, although as the traditional practice of the different Colleges varies, it has not been thought desirable to press for a rigid uniformity in every case. It is, however, generally true to say that the names of Fellows, Honorary Fellows, and former Fellows are arranged in separate groups in the order of their election; that Scholars and Exhibitioners appear as a rule in separate lists; and that names not in these categories are arranged in groups under the date of the highest Degree, the names in each group being in alphabetical order. The footnotes are supplied by the Colleges concerned.

Titular Degrees are printed in italics.

An alphabetical index to all names and Degrees is given on p. 876 and a separate list of members of the Senate whose names are not on the Boards of any College or Hostel will be found on p. 870.

ARMS: gold four (or three) pales gules with a border of the bishoprick of Ely (gules with eight or ten gold crowns). Since its incorporation in 1284 the College has used four different shields. The one at present borne was granted by Robert Cooke, Clarencieux King of Arms, in 1572. The arms are intended for those of the Founder.

Copies of the Statutes in the British Museum; Old Statutes MSS. HARLEY, No. 7032, p. 187. New,—No. 7046, p. 132 (Printed in "Documents relating to the University and Colleges of Cambridge," Vol. II. pp. 6—116). The Statutes as approved by the Queen in Council 29th June, 1882, are printed in the London Gazette.

THIS most ancient College or House was founded by HUGH OF BALSHAM, BISHOP OF ELY, for a Master and fourteen Fellows.

According to the Statutes of 1882, the Foundation consists of a Master, eleven Fellows, and twenty-three Scholars.

The Master, who is elected by the Fellows, must be a Master of Arts, or of some equal or superior degree, in the University of Cambridge or Oxford.

The Fellows are to be elected from among the Graduates of the College, or, if the Society think fit, from among the other Graduates of Cambridge or Oxford. One of the Fellowships is entitled a Professorial Fellowship, and can be held only by a Professor of the University. Fellowships are tenable for six years, unless in the following cases: any Fellow who becomes either the Head or a Fellow of another College immediately vacates his Fellowship in this College; any Fellow who has been presented by the College to any Benefice of the clear annual value of £400 or upwards shall vacate his Fellowship one year after presentation; any Fellow who serves the College in one of

the privileged offices of Tutor, Assistant Tutor, Senior Bursar, or Dean, and has been a privileged Officer for at least two years, retains his Fellowship for six years independently of the time he has been a privileged Officer, and, if he holds such an office for twenty years, retains the Fellowship for life; any Fellow who holds a Professorship in the University or who holds the office of Public Orator, or Registrary, or University Librarian, retains his Fellowship notwithstanding the expiration of six years, while he holds such University office. A Fellow may, with consent of the College, resign the pecuniary emoluments of his Fellowship, and, retaining all its other privileges, become a Supernumerary Fellow: in this case the College proceeds to the election of a new Fellow. The College has power to elect to one Fellowship a person eminent for Science or Learning, whether a Graduate of Cambridge or Oxford, or not. The Master and Fellows may also elect any member of the College whom they think it desirable so to distinguish, to be an Honorary Fellow.

It is directed in the Statutes of 1882 that the Scholarships and Bye-Fellowships of the College shall be consolidated and form a common fund to be called the Open Scholarship Fund, out of which there shall be founded:—

	£		
Twelve open Scholarships of 60 per annum each, at least			
Six ditto	40	ditto	ditto
Five ditto	20	ditto	ditto

At present there have been founded

	£	
Two Hale Scholarships of 80 per annum		
Two Parke	80
Six Hale	60
Two Parke	60
One Gisborne	60
One Carter	60
One Whitgift and Perne	50
Two Gisborne	40
One Cosin.....	40
One North and Woodward	40
Two Gisborne	20
One Ramsey	20

Scholars are elected from among residents and non-residents. Foundation Scholarships are adjudged to residents (irrespective of age) according to the results of the various Annual College and University Examinations, for proficiency in Mathematics, Classics, Natural Science, Moral Science, Theology, Law, History, &c., and are tenable until the holder is of standing to take the Degree of B.A. Entrance Scholarships are adjudged after competition among candidates who have not commenced residence in the

University, and are not more than 19 years of age at the time of the Examination, of which due notice is given. Exhibitions may also be adjudged to candidates at the same competition, without limit of age.

In case of special merit the Master and Fellows have power to prolong the tenure of Scholarships; also to promote from one to another, or to confer upon a Scholar a second Scholarship in consideration of distinguished merit.

The Master and Fellows have also power to apply a certain part of the Open Scholarship Fund in donations to deserving students, whether Scholars or not. The income of the 'Hugo de Balsham Fund' is applied in aid of students engaged in advanced study or research.

There is an Exhibition from the Company of Clothworkers, and one from the Company of Ironmongers. To the Miller Exhibition the Master and Fellows elect some person educated at Huntingdon Free Grammar School, if any such duly qualified person presents himself; if not, some otherwise duly qualified person.

Prizes are awarded to those who are most successful in the various subjects of the Annual Examinations.

The Tait Prize is awarded periodically for an Essay on a subject in Mathematical or Experimental Physics.

Clare College

(FOUNDED 1326)

ARMS: gold three cheverons gules (for Clare) impating gold a cross gules (for Burgh) within a border sable with golden drops.

THIS ancient College, founded as "University Hall" by RICHARD BADEW and refounded by LADY ELIZABETH, sister and co-heir of GILBERT, EARL OF CLARE, as "Clare Hall," consists of a Master and fifteen Fellows, besides Scholars and Students. The Fellowships are open to Bachelors of Arts, or persons of a higher degree, without restriction as to marriage. A Fellowship becomes vacant in five years and eleven months from the time of election, unless the Fellow hold the office of Professor, Public Orator, Registrary, or Librarian in the University, or the office of Tutor, Dean, Bursar, or Lecturer in the College. One of the Fellowships must be a Professorial Fellowship: and one may be held by a person not a member of the University of Cambridge or the University of Oxford at the time of his election. For the remaining Fellowships, none but Graduates of the University of Cambridge or the University of Oxford are eligible. The electors to the vacant Fellowships are the Master and Fellows: and in case there be an equal division, the Master has the casting vote. The Master, who must at the time of his election be a Master of Arts or of some equal or superior degree in the University of Cambridge or the University of Oxford, is elected by the above mentioned Fellows within thirty days after a vacancy is declared. If the vacancy occur out of Term time, the thirty days are reckoned from the first day of the Term next ensuing.

There were formerly nine Junior Fellowships founded by different benefactors (viz. three by Lord Exeter in 1612, two by John Freeman, Esq., in 1622, and four from the estates bequeathed to the College by Joseph Diggons, Esq., in 1658). The distinction which previously existed between Junior and Senior Fellowships has been recently abolished.

Pembroke College

(FOUNDED 1347)

ARMS: those of the Foundress as shewn on her seal, *barry of ten pieces silver and azure and an orle of martlets gules* (for Valence) *halved with gules three pales vair and a gold chief with a label of five pieces azure* (for Seynt Pol).

THIS College was founded under the name of "the Hall or House of Valence-Mary," by MARY DE S. POL, the widow of AYMER DE VALENCE, EARL OF PEMBROKE; and KING HENRY VI was so liberal a benefactor to it, as to obtain the name of a second Founder.

There are thirteen Foundation Fellowships open to persons of every nation, and unrestricted as to counties.

Although there may be no Fellowship vacant, yet a candidate is never considered as superannuated.

Foundation and Minor Scholarships and Exhibitions are awarded from the Scholarship Fund.

There are six Scholarships on the original Foundation.

Scholarships have been founded by Dr Watts, Archbishop Grindal, Mr Smart, Mr Scrivenor, Mr James, Bishop Lany, Sergeant Moses, Dr Mapletoft, Mr Parkin, and Dr Stuart; three Scholarships of £80 a year were founded by Mr Beatson: a Bachelor Scholarship was founded in memory of Mr Prior, formerly Tutor, and two Scholarships (of £60 a year), one for Classics and one for Natural Science, were founded by Mr Shoolbred. Scholarships have also been founded by Joseph Webster Drew, M.A., LL.M., formerly Scholar of the College, and Mrs Drew; and by Mr Meryon in memory of his son, L. K. Meryon; formerly a member of the College.

There are at present fourteen Foundation Scholars, twenty-five Minor Scholars elect, three Exhibitioners, and twelve Exhibitioners elect.

There is also one Exhibition, of the yearly value of £70, founded by Mr John Holmes, for a scholar educated at Blackrode School in Lancashire. This Exhibition is given by the Governors of the School, and the scholar who holds it also receives from the College an additional Exhibition, the gift of Mr Warren, formerly a Blackrode Scholar, of the yearly value of £5.

There is an annual Examination after the division of the Easter Term, in Mathematics, Classics, Theology, and the subjects of the other Tripos Examinations, when Prizes in books are awarded in each year for proficiency in the various subjects. The Foundation Scholarships and Exhibitions are in general adjudged on the results of this Examination.

Gratuities are awarded to members of the College on the result of the Open Competition for the Home Civil Service and the Civil Service of India and of the Final Examination for the Civil Service of India.

Prizes of books are offered annually for Compositions in Greek and Latin Verse and for English Essays.

A Prize of books is also given to the best reader in Chapel, whose general good conduct has gained the approbation of the College.

The sum of £30 is also offered annually in one or more gratuities for proficiency in the Hebrew and Greek Scriptures. Undergraduates or Bachelors of not more than three years' standing may compete for these gratuities at the annual College Examination.

The Neil Prize, founded in memory of Robert Alexander Neil, formerly Tutor, is offered annually to graduate members of the College below the standing of M.A. for the best dissertation on any subject in the life, history, literature, or art of Ancient, Medieval or Modern times.

The Blackburne-Daniell Prize, founded in memory of Francis Reginald Blackburne-Daniell, formerly a member of the College, is awarded to the student of the second year who acquits himself most creditably in a Tripos Examination or in the annual College Examination.

A gratuity on the Final Examination for the Civil Service of India was awarded in 1916 to Ds Zaiman.

Gonville and Caius College

(FOUNDED 1348)

ARMS: silver a cheveron and two cotises dancetty sable with three gold scallops on the cheveron (for Gonville) impaling gold sown with gentil flowers and a sengreen in the chief with two serpents with knitted tails resting on a square of green marble and holding between them a book sable garnished gules and with buckles of gold (for Caius) all within a border gobony of silver and sable. They were formally granted to the College in 1575 by Robert Cooke, Clarencieux King of Arms.

THIS College, originally styled Gonville Hall, was founded in 1348, by EDMUND GONVILLE, rector of Terrington, in Norfolk, son of William Gonville, and endowed for a Master and three Fellows. The original site was between Free-School Lane and the churchyard of St Botolph's.

The name of the College and its situation were both changed by WILLIAM BATEMAN, BISHOP OF NORWICH, whom Gonville had appointed to be his executor. In 1353, Bateman established the College where the Gonville Court at present stands; and previously to this removal he had changed Gonville's statutes for statutes of his own, and altered the name to the "Hall of the Annunciation of Blessed Mary the Virgin." Thus, and by certain endowments, he made himself a Second Founder.

The revenues were afterwards increased by various Benefactors.

In 1557, JOHN CAIUS, M.D., the Third Founder, obtained the Royal Charter by which the former foundations were all confirmed, and his own foundation was established. By this Charter the College was thenceforward to be called GONVILLE AND CAIUS College.

By the revised statutes made under the provisions of the Oxford and Cambridge Universities Act, 1877, and amended in 1885, 1890, 1892, 1893, 1904, 1911, 1914, the College is to consist of a Master, at least twenty Fellows exclusive of the Drosier Fellows, and such number of Scholars as the Governing Body may from time to time determine. Two of the Fellowships are Professorial Fellowships.

By the will of the late WILLIAM HENRY DROSIER, M.D., Senior Fellow of the College, who died on May 13, 1889, the endowments of the College are increased by six new Fellowships, called the Drosier Fellowships.

A new Corporate Fellowship, called the Monro Fellowship,

has been founded by the aid of the benefaction of the late Charles Henry Mouro, M.A., Senior Fellow of the College, who died on February 23, 1908. There are at present in all twenty-eight Fellows.

FELLOWSHIPS

The government of the College is in the hands of the Master and twelve of the Fellows. The Fellows of the College are to be chosen from those persons (being otherwise qualified according to the Statutes) whom the Governing Body shall think to be of the greatest merit and most fit to be Fellows of the College as a place of education religion learning and research. Drosier Fellowships are tenable in the first instance for three years, but may be prolonged by a vote of the Governing Body for a further period of three years. Corporate Fellowships are tenable in the first instance for six years. Fellowships may however be retained if the Fellow be holding certain University or College Offices; or shall have held some one or more of such College Offices during the space of twenty years; or shall have been permitted by a special vote of the Governing Body to retain his Fellowship on account of his literary or scientific reputation or labours or on the ground of his holding a University Readership or Lectureship. The Governing Body have power on or within a year after electing a Fellow to attach any special condition to the tenure of his Fellowship which may seem to them desirable in the interests of the College. A Fellowship may in certain cases be prolonged or an ex-Fellow re-elected at a General Meeting of the Master and Fellows.

SCHOLARSHIPS AND EXHIBITIONS

The Scholarships are of two kinds. (1) ENTRANCE SCHOLARSHIPS (of values varying from £40 to £80). These are competed for before admission to the College; candidates must be under 19 years of age on the first day of the academical year in which the examination is held. The College has the power to offer not more than two Entrance Scholarships in any one year without restriction of age. The subjects of examination are generally Mathematics, Classics, Natural Science, Modern Languages, Oriental Languages and History. (2) FOUNDATION SCHOLARSHIPS. These are awarded, on the results of the Annual College examinations, to persons already in residence and without restriction of age. They are given for proficiency in any of the branches of study mentioned above, as also for Theology, Law, Moral Sciences, and Mechanical Sciences, and in some cases to candidates or selected students for the Indian Civil Service. The annual value ranges from £40 to £100. These Scholarships are as a rule tenable until the Scholars are of standing to take the degree of B.A., but in cases of special merit the tenure is prolonged for a year or more.

An Entrance Scholarship and an Entrance Exhibition may be offered for students who intend to read Law. The subjects of examination are the same as for the Classical Entrance Scholarships.

An Entrance Scholarship or Exhibition may be offered to a candidate in Mathematics who will read for the Mechanical Sciences Tripos.

An Entrance Scholarship or Exhibition may be offered to a candidate in History who will read for the Economics Tripos.

A candidate who obtains a first class in certain of the Triposes may, with the permission of the Governing Body, hold a Foundation Scholarship or have his Scholarship prolonged for one or two years, if he becomes a candidate for the Theological, and Moral Sciences Triposes, for the subjects of which Entrance Scholarships are not as a rule given.

A Salomons Scholarship of about £80 a year for three years, for Civil and Electrical Engineering, will ordinarily be vacant every two years. These Scholarships (founded by Sir David L. Salomons, Bart.) are awarded as Entrance Scholarships, the subjects of Examination being the same as for the Mathematical Entrance Scholarships. The successful candidates are required to read for the Mechanical Sciences ("Engineering") Tripos.

Exhibitions are given under the same conditions as Scholarships, but for a somewhat lower standard of merit. Donations of smaller sums are made to students who have acquitted themselves creditably in the examinations.

Three Chapel-clerkships (one of them as a rule Choral) of £30 each tenable for one year are given at the end of the second year of residence. Candidates in sending in their application must show that they have need of pecuniary help and must be recommended by the Tutors to the Governing Body.

Two Exhibitions at least of £30 each are given to resident Bachelors of Arts who are candidates for Holy Orders.

The Yatman Exhibition of about £34 a year is given, without competitive examination, to a student who needs help and declares his intention of being a candidate for Holy Orders.

An Exhibition of about £34 a year, established by an anonymous donor, is awarded without competitive examination to a student whose need is proved to the satisfaction of the Tutors. It is tenable with a Scholarship and may be held for one or for two years. The special study of the Exhibitioner must be Classics, Sanskrit, English Literature, History, Law, or Theology, but in the last case he must be a candidate for Holy Orders in the Church of England. The student must be of British parentage.

There is a Musical Scholarship of £60 tenable for three years. The duties of the Scholar are to sing in the Chapel Choir or to act as deputy for the Organist as may be required and he is required to read for the Mus.B. degree.

There are besides three Choral Exhibitions, of £40 each, tenable for three years. The duties of the Exhibitioners are to assist in the daily choral services of the College Chapel, and they are required to read for a degree.

Scholarships or Exhibitions may be awarded, or continued for the fourth year of residence, to undergraduates or graduates, who are candidates for a Tripos or part of a Tripos and are also candidates for the Indian Civil Service Open Competition.

POST-GRADUATE RESEARCH STUDENTSHIPS

A Frank Smart Studentship in Botany of the annual value of £100 was founded in 1887 by the late Mr and Mrs F. G. Smart of Tunbridge Wells, and under the provisions of Mr Smart's will two more Frank Smart Studentships, for the encouragement of research in "Natural History," were endowed in 1913. These three Studentships are open to all members of the College who have kept not less than nine and not more than fifteen terms and are ordinarily tenable for two years, but in special circumstances a Studentship may be continued for a third year. If no suitable candidate belonging to the College presents himself for a vacant Frank Smart Studentship, the Governing Body may offer it *pro hac vice* to other members of the University.

The Shuttleworth Studentship, of the annual value of about £110, is given in the first instance to a candidate whose subject is Zoology or Physiology, or, failing candidates in these subjects, then to a candidate whose subject is some other branch of Natural Science. The regulations for election and tenure are the same as for the Frank Smart Studentships.

The Ramadge Law and History Studentship, founded upon the benefaction of the late Frederick Ramadge, M.A., Barrister-at-Law, formerly Fellow of the College, will be awarded in alternate years. The Studentship is open to all members of the College who have kept not less than nine nor more than fifteen terms. It will be of the value of about £100 and will be tenable for one year. Failing candidates whose subject is Law or History, the Studentship may be awarded in respect of some other branch of literary study.

The Christopher James Studentship of about £80 in value is given by preference for research in Languages or for Archaeological Study.

The Dunlop Studentship for the encouragement of advanced study and research in Chemistry was founded in 1914 by a bequest of the late John Gunning Moore Dunlop, M.A., formerly Scholar of the College. The annual value is about £60.

The Wollaston Studentship for Physics of £120 a year and tenable for one, two, or three years is open to members of

British, Colonial, or American Universities. Other Studentships not restricted as to subject may be given either for literary or for scientific research.

A Research Studentship has been held for two years at a time from Michaelmas 1904 by a *Lector*, who is a French Graduate of a French University, and delivers lectures in his own language and holds conversation classes.

Research Studentships are not awarded by the result of a competitive examination.

TANCRED STUDENTSHIPS

There are also connected with the College :

FOUR STUDENTSHIPS in Physic, founded by Christopher Tancred, Esq., each of which has been of the annual value of about £90.

The candidate who is elected to one of these Studentships is obliged to enter at this College within a month from the time of election; or to remove hither, if he be a member of any other College.

These Students are required to take the degree of Bachelor of Medicine as soon as they are of sufficient standing for the same; and they may hold the Studentship for three years after their degree. Students therefore who are elected previous to admission at any College, can hold them eight years. The electors to these Studentships are the Master of Gonville and Caius College, the Master of Christ's College, the President of the College of Physicians, the Treasurer of Lincoln's Inn, the Master of the Charterhouse, and the Governors of Greenwich and Chelsea Hospitals. The Governors of the Trust hold their meetings at Lincoln's Inn, on the last Wednesday in May, and on the Wednesday after St Martin's Day¹. There will be no election during the War.

HARROW SCHOLARSHIPS

TWO SCHOLARSHIPS, founded at Harrow School, A.D. 1830, by John Sayer, M.A., Barrister-at-Law, and formerly a Senior Fellow of the College, of the annual value of £60. The Scholars are elected by the Governors of the School and proceed to this College.

EXAMINATIONS, ANNUAL PRIZES², &c.

Candidates for Honours are examined annually in the subjects of the several Triposes. Scholarships are awarded, in case of sufficient merit, in connexion with each of these subjects; and

¹ Forms of petition and all information respecting the Tancred Studentships may be obtained from J. W. C. Frere, Esq., 28, Lincoln's Inn Fields, London.

² During the period of the War the Prizes for Composition and Essays are suspended.

prizes of £3 in books are given to every student who is placed in the First Class.

There are two Greek Testament Prizes independently of those which are given on the results of the annual Theological Examination.

Prizes of the value of £3 each are given annually for the best discussions of two questions, one of Pure, the other of Applied Mathematics; the competitors to be members of the College of not more than twelve terms standing.

Three Composition Prizes of £3 each are annually offered, one for Latin Prose Composition, one for Latin Verse Composition, and one for Greek Verse Composition; the candidates to be of not more than eight complete terms standing.

A prize of £5, open to members of the College of not more than twelve terms standing, is given annually for an Essay on some subject connected with English History or English Literature.

Two prizes of £3 each are given annually for Essays in French and German respectively;

A prize of £3 is given annually for Musical Composition; and

A prize of £3 is given annually for an Essay on some subject connected with Natural Sciences: open to members of the College of not more than twelve terms standing.

The George Ludorf Siddle Prize of about £9 is given triennially for an Essay on some subject connected with the British Colonies.

A prize of £6 in books (the Frank Smart Prize) is awarded annually to the undergraduate who is most distinguished in the subject of Botany at the annual College Examination.

The Marke Wood Medal is given annually for proficiency in shooting.

A prize of £10 is given under certain conditions to a student who attains a high place in the Indian Civil Service Open Competitions. Prizes also of £10 each connected with the same competition are given under certain conditions for proficiency in (i) Arabic, (ii) Sanskrit, or (iii) Persian.

The Thruston Medal of the value of £10 (taking the place of the Thruston Prize) "shall be given triennially to that member of the College (being of not more than fifteen years' standing from the first day of the Michaelmas term of the Academical year in which he matriculated), who has published in the course of the preceding three years the best original investigation in Physiology, Pathology, or Practical Medicine." The remainder of the Thruston Fund, about £15 a year, may be given in the form of a grant or grants in aid of research in the subjects named. Application should be made to the Master. The Medal will be next awarded in 1920.

PLATE to the value of £10, the gift in 1774 of Dr Schuldham, is awarded each year to one judged worthy amongst the commencing Bachelors of Arts.

ADMISSION

All candidates for admission are required to pass an entrance examination in Classics and Mathematics. There are two ordinary times of Examination, viz. in March and June. Scholars elected prior to entrance, as well as Holders of Certificates from the Oxford and Cambridge Schools Examination Board or the Syndicate for the Local Examinations excusing from the Previous Examination, are exempt. Certificates of other Examinations or certificates of graduation at other universities or exceptional evidence of competence may at the discretion of the Master and Tutors be accepted. A candidate for admission may also be allowed to substitute for part or the whole of the College Entrance Examination the University Previous Examination, if passed before the beginning of residence. An Entrance Examination for admission to the College may also be held at certain of the Public Schools in March and June. Special regulations are issued for the admission of 'Research Students.' Trinity Hall

(FOUNDED 1350)

ARMS: originally those of the Founder, *sable a crescent ermine and an engrailed border silver*; but in 1575 Robert Cooke, Clarencieux King of Arms, granted to the College a revised shield of arms with a *plain border ermine* in place of the ancient *engrailed border silver*.

THIS College was founded by WILLIAM BATEMAN, BISHOP OF NORWICH, in the year 1350. The Founder's words are:

"Volumus quod Collegium Scholarium supradictum vocetur Collegium Scholarium Sanctæ Trinitatis de Norvico, et quod Domus quam inhabitabit dictum Collegium nominetur Aula Sanctæ Trinitatis de Norvico."

The College was further incorporated by an Act of Parliament of the reign of Elizabeth under the name of "The College or Hall of the Holy Trinity in the University of Cambridge."

The Foundation was subsequently augmented by Simon Dalling, Bishop Nykke, Robert Goodknape, Dr Hewke, Dr Hervey, Dr Mowse, Horatio Goodbehere, Henry Latham, and other benefactors.

The College continued to be governed by the Statutes of the Founder until the year 1860, when new Statutes were enacted.

These Statutes were repealed in 1882, and the College is now governed by Statutes framed under the authority of the Universities of Oxford and Cambridge Act, 1877.

FELLOWSHIPS

There are eleven Foundation Fellowships. All the Fellows have the same stipends and privileges, and they and the Master constitute the Governing Body of the College. Fellowships are tenable for six years from the date of election. The holding of certain College offices or Professorship in the University prolongs the tenure of the Fellowships.

There is one Professorial Fellowship at this College.

LAW STUDENTSHIPS

The study of the Law, for which this College was especially designed by the Founder, has been provided for by the establishment of Law Lectureships and at least three Law Studentships; the latter are tenable for three years, and are of the annual value of £50. They are to be given to graduates of the College in Arts or Law, who intend to prepare themselves for practice in some branch of the Legal Profession. The holders of these Studentships are not required to reside in the University.

SCHOLARSHIPS AND EXHIBITIONS

A fixed proportion of the divisible revenues of the College is annually to be paid over to the Scholarship Fund. The governing body is empowered to distribute this among the Scholars and Exhibitioners in the way it may think best, but any residue which remains at the end of one year must be applied subsequently to the purposes of the Fund, or in rewards and assistance to meritorious students.

The College Scholarships are tenable up to the time of taking the B.A. or LL.B. Degree. They are awarded according to the results of the various College Examinations in Classics, Mathematics, Law, History, and the subjects of other Tripos Examinations. Scholarships obtained at one Examination may be augmented on a subsequent occasion.

Entrance Scholarships are awarded according to the results of Examinations held in June and December. The Examination in June is limited to those who intend to study Law, and candidates must attain to a certain standard in at least three of the following subjects: Mathematics, Classics, French, German, and English History. In the December Examination the subjects are either Mathematics or Classics or Natural Science or History or Engineering¹.

ANNUAL PRIZES

A Prize of £15 was left in 1874 by Mr Jonas Cressingham, who was long a member of the College, to be offered annually for an English Essay. The subject is given out in the Lent Term. B.A.s of not more than one year's standing are allowed to compete for this Prize.

A Prize of £4 is offered in each term for proficiency in English Language and Literature. This Prize was founded by the pupils of the late Rev. H. Latham, for many years a Tutor and lately Master of the College.

A Prize of £3. 3s. for a Latin Essay is offered annually.

Prizes of £5 and £3 are given to those who have distinguished themselves in the College, Inter-Collegiate, and University Examinations.

¹ Full particulars may be obtained by application to the Tutor.

Corpus Christi College

(FOUNDED 1352)

ARMS: *gules a pelican in her piety silver quartered with azure three silver lily flowers.* These were granted by Robert Cooke, Clarencieux King of Arms, in 1570, at the instance and cost of Archbishop Parker, in place of the arms of the Corpus Christi Gild and the Gild of Our Lady, which were at first used as arms by the College.

THIS College owes its foundation to two Societies which existed in Cambridge in the early part of the fourteenth century, called the Gilds of Corpus Christi and of the Blessed Virgin Mary. These Gilds having, about the year 1350, been united into one under the name of "*Gilda preciosi Corporis Jesu Christi et gloriosæ Virginis Mariæ Matris suæ*," obtained, through the intercession of Henry, Duke of Lancaster, the Alderman of the consolidated Gild, a license from King Edward III, dated Nov. 7, 1352, for founding a College to be called "*Domus Scholarium Corporis Christi et Beatæ Mariæ Virginis*."

The College, at the present time, consists of a Master and twelve Fellows, besides Scholars and other students.

The Fellowships are open to all persons who have been admitted to some degree in the University of Cambridge or of Oxford.

ARMS: Sable three roses silver with a chief party of azure with a gold flower of the French and of gules with a gold leopard of England. These were granted by letters patent of Henry VI dated January 1, 1448—9. The College Seal, engraved in 1443, shews an earlier shield closely resembling the arms still used by Eton College.

THIS College was founded and munificently endowed by KING HENRY VI for a Provost and seventy Scholars. Under the Founder's Statutes every vacancy had to be at once filled up by the admission of a Scholar from the sister foundation of King Henry VI at Eton.

By the Statutes of 1861 Open Scholarships were founded, and provision was made for the admission to the College of Undergraduates not on the foundation.

Under the present Statutes (of 1882), the foundation consists of a Provost, forty-six Fellows (exclusive of Honorary, Additional, and Supernumerary Fellows), and forty-eight Foundation Scholars. Four of the Fellowships are appropriated to Professors in the University; the remainder are open to all Graduate members of the College whose standing does not exceed seven years from the 25th of March next preceding the date of their commencing residence in the University, and in any year one person who does not satisfy these conditions may be elected a Fellow*.

Twenty-four of the Foundation Scholarships are appropriated to Eton College, and twenty-four are open. Of the former, at least four are offered every year for competition as Entrance Scholarships, and two as Senior Scholarships. At least six Open Foundation Scholarships are offered every year, but the number to be offered as Entrance and Senior Scholarships respectively may vary from time to time. Entrance Scholarships are tenable for two years, and may be prolonged for a further period of two years. The holders of Entrance Scholarships as well as other members of the College are eligible to Senior Scholarships. A Senior Scholarship is tenable till the holder is of five years' standing from the 25th of March next preceding

the date of his commencing residence in the University, and may be prolonged for a further period of two years*. The emoluments of a Foundation Scholarship are £80 a year, subject to a possible reduction in the case of a prolonged Senior Scholarship. An Eton Scholar may have in addition, under certain conditions, Tuition free and Rooms rent free, and the Council have power to allow Tuition free to the holder of an Open Senior Scholarship. A candidate for an Eton Scholarship may be elected to an Open Foundation Scholarship, and he is then entitled to tuition free and to rooms rent free until he takes his first degree. When this happens an Eton Scholarship is, for that turn, treated as an open one.

An Entrance Scholarship Examination is held annually in the Michaelmas term, upon the results of which, besides the Entrance Foundation Scholarships already mentioned, both Eton and open Minor Scholarships and Exhibitions† are awarded. Exhibitions are also awarded upon the results of the Annual College Examinations. Some of the Exhibitions are reserved for candidates who stand in need of pecuniary assistance to enable them to obtain a University education.

An Entrance Scholarship of the value of at least £70 a year has been founded in memory of Laurence Saunders, M.A., formerly Scholar, who suffered in the Marian persecution; the present annual value is £80.

From the legacy of Dr Vintner, formerly Fellow, an Exhibition of £70 a year to be awarded for proficiency in Natural Science has been founded. Two Exhibitions have been established from the benefactions of Dr Price and other former members of the College. These Exhibitions are open to all Undergraduates of the College in their first or second year of residence.

Under the will of Mr T. A. Soley, certain Exhibitions of £70 a year for three years are offered to persons in need of such assistance, who are sons or grandsons of freemen of the Drapers' Company and are nominated by the Company, on condition that they attain in an examination held by the College the same standard as that required as a qualification for other Exhibitions in the College.

Under the will of Mrs Laura Mary Fielder the College received in 1908 a legacy of £3000, from which three Exhibitions have been founded, to be awarded for proficiency in Greek.

In 1911—12 a Studentship, called the Augustus Austen Leigh Studentship, was founded by Mr A. H. A. Morton, formerly Fellow, who endowed it by the gift of £4000 Consols. A Student is elected annually in June from among members of the College under M.A. standing, who have either taken or passed the

examinations qualifying for the B.A. degree. The Student is required to undertake a course of study or research in one of the following subjects: Divinity, Classics, History, Classical or Medieval Archaeology, and Medieval and Modern Languages.

In 1911 Mr S. B. Phillpotts, senior Fellow, gave £800 five per cent. stock to found an Exhibition for a son of a clergyman of the Church of England, in need of assistance, and receiving his education in the College. Failing suitable candidates satisfying these conditions, the Exhibition may be awarded to a chorister.

In 1912 Mr A. H. A. Morton, formerly Fellow, founded an Exhibition to be held by a student who intends to take Holy Orders.

Examinations for Choral Scholarships are held from time to time, as vacancies occur. The examination is chiefly musical, but candidates are required to pass in elementary Classics and Mathematics. Choral Scholars are required to take part in the Choral Services in the Chapel. They must be candidates for a degree, but not necessarily for honours.

Applications for admissions to the College should be made to the Provost.

Undergraduates of the College are (with a few special exceptions) required to be candidates for honours.

Persons who enter the University as Research Students may be admitted with the same status as graduate members of the College.

Some peculiar privileges appertain to this College. The Provost has absolute authority within the precincts, and, by special composition between this Society and the University, its Undergraduates are exempt from the power of the Proctors and other University Officers within the limits of the College.

ANNUAL PRIZES

Dr Cooke (formerly Provost) founded a prize of £6 which is given annually to an Undergraduate in his first year who has deserved well by application to his studies and general orderly behaviour. This year awarded to Hicks.

Dr Glynn, in the year 1800, founded two prizes of £10 each, which are awarded annually to such two Undergraduates in their second year as have been most distinguished for learning and regularity of conduct. This year awarded to Adair and Solomon.

There are two £5 prizes for Declamations, founded in 1786, by T. James, D.D., formerly Fellow.

Books to the value of £15 are given annually by the College for the best exercises in Greek and Latin Composition. This year prizes were awarded to de Candole and Hicks.

Two prizes of £5 each, founded by the late Mr John Heath, are given annually to the best readers of the Lessons in Chapel.

Under the will of Mr J. M. Ward, formerly Fellow, the College received in 1908 a legacy of £200 to found a prize open to Eton Scholars for reading the lessons in Chapel.

A prize, value £5, called the Pawley Divinity prize, is given for proficiency in the annual Divinity Examination.

There are two prizes, founded by George Richards, M.A., formerly Fellow, for Scholars in their third year, one of £30 for Divinity and Classics, and one for £20 for Mathematics, respect being had in both cases to good conduct. This year the prize for Mathematics was awarded to Knowles.

Martin Thackeray, M.A., formerly Fellow and Vice-Provost, bequeathed to the College, in 1862, the sum of £1000, to form a fund of which the income in each year is to be paid to the Scholar of the College educated on the foundation of Eton College who shall in the Examination of the year for the Degree of B.A. have taken the highest degree amongst the Wranglers in the Mathematical Tripos.

Sir G. W. G. Craufurd, M.A., formerly Fellow, gave £500, from the interest of which prizes are awarded on the results of the annual examination in Divinity.

Prizes in books, open to Undergraduates in their first or second year who have not obtained the Cooke or Glynn prizes, were awarded in June 1917 on the results of the College and Tripos examinations as follows:

Queens' College

(FOUNDED 1448—RE-FOUNDED 1465)

ARMS:—those of Queen Margaret of Anjou: *quarterly*, 1. *Barry of eight pieces silver and gules* (Hungary), 2. *Old France with a label of three pieces gules* (Naples), 3. *Silver a cross potent and four smaller crosses of gold* (Jerusalem), 4. *Old France and a border gules* (Anjou), 5. *Azure sown with gold crosslets fitchy two golden barbels back to back* (Barr), 6. *gold a bend gules with three silver eagles on the bend*; with the addition of a *border vert*, granted to the College in 1575 by Robert Cooke, Clarencieux King of Arms. As many as five different shields have been borne by the College since its foundation.

THIS College was founded in 1448 by QUEEN MARGARET OF ANJOU, consort of Henry VI., and refounded in 1465 by ELIZABETH WIDVILLE, consort of Edward IV.

The Society consists of a President and eleven Foundation Fellows.

The Fellowships are tenable for six years from the day of election; but no Fellow can retain his Fellowship for more than one year after his institution to a College living, the net annual value of which exceeds £400.

A Fellow who holds a Professorship or the office of Public Orator in the University may hold his Fellowship so long as he continues to be Professor or Public Orator.

A Fellow who holds the office of Tutor or Lecturer holds his Fellowship so long as he holds such office.

A Fellow who holds the office of Tutor or Lecturer for more than twenty-five years, continues to hold his Fellowship for life, or if he hold one such office for more than seven but less than twenty-five years, he holds his Fellowship, after vacating office, for a period of time equal to that by which his tenure of office exceeded seven years.

SCHOLARSHIPS, EXHIBITIONS, &c.

A fixed proportion of the revenues of the College is paid over to the Scholarship Fund. The Governing Body distributes this among the Scholars.

One-third of the Scholarship-stipend is paid at the end of each term of residence, up to and inclusive of the ninth term of residence.

An Examination will be held in combination with Magdalene College on January 8, 1918, for five Scholarships and some Exhibitions. The candidates must not have commenced residence in the University, and those who are candidates for Scholarships must be under 19 years of age on the first day of the Examination, but there is no restriction respecting the age of Exhibitioners. For one of the Exhibitions the sons of clergy have a preference. They will be awarded for proficiency in Classics, Mathematics, Natural Sciences, History, and Hebrew or Greek Testament with Latin and Greek.

The Foundation Scholarships are awarded on the results of the various College Examinations held in the Easter Term.

In addition to the foregoing there are the following Exhibitions.

¹ Two *Sedgwick's Exhibitions*, value about £20 per annum (sons of poor Clergymen to be preferred).

¹ One *Clark's Exhibition*, £10 per annum.

² One *Sandys' Exhibition*, £10 per annum.

EXAMINATIONS AND ANNUAL PRIZES, &c.

At the close of the Easter Term there is an Examination of the Junior Sophs and Freshmen, in Mathematics, Classics, Natural Sciences, Theology, History, and other Honour subjects. Prize books of the value of one or two guineas are given to those students of the different years who pass the best examination in Honour subjects, provided they are thought deserving of such distinction.

The Rev. Thomas Penny White, M.A. formerly Fellow of the College, founded in 1842 a Prize of the value of £30. This, augmented by some accumulations, is given in the form of Bachelor Scholarships to commencing Bachelors of Arts, tenable for one year on condition of residence.

The Rev. D. Hughes, D.D. formerly Fellow and Vice-President of the College, founded an annual Prize of ten guineas, which is given to a resident Bachelor of Arts studying Divinity.

He also founded two Prizes of five guineas each, one for the best Latin, and the other for the best English Dissertation, by an Undergraduate who is not a Questionist.

In 1880 Mrs Mary King, widow of the late Joshua King, LL.D., President of the College, gave to the College £1000 Great Eastern Railway Debenture Stock bearing interest at £4 per cent. per annum, in order that a prize, to be called the Joshua King Prize, should be given annually in memory of her husband. This Prize is given in the form of Bachelor Scholarships to

Fellows present.

² This Exhibition was founded in 1840, by the Rev J. Sandys, late Fellow of Queens' College.

commencing Bachelors of Arts, tenable for one year on condition of residence.

In 1887, the Rev. George Phillips, D.D., President of the College, gave to the College £1000 Great Eastern Railway Debenture Stock bearing interest at 4 per cent. per annum, to found a Scholarship of £40 a year to be called the Phillips' Scholarship. This is held by the Choral Scholar.

In 1900 the Right Reverend H. E. Ryle, D.D., now Dean of Westminster, then President of the College, founded a Prize for Reading in Chapel, in memory of his son Roger Ryle.

St Catharine's College

(FOUNDED 1473)

ARMS: *gules a Katharine wheel of gold.* At the Heralds' visitation of 1684 this was noted 'to have been auncientlie borne and used by the Master and Fellows of the said house.'

THIS College or Hall was founded by ROBERT WODELARKE, D.D., Chancellor of the University, and Provost of King's College, for a Master and three or more Fellows. The Foundation was afterwards enlarged by the benefactions of Mr William Basset, Mr Richard Nelson, Mr Robert Sympson, Mr John Chester, and others, but principally by the endowments of Mrs Mary Ramsden of Norton and Fockerby in the county of York. The late Rev. C. W. Burrell, M.A., also left a considerable sum for the enlargement of the ecclesiastical patronage of the College. In 1874, Mr Yorke, formerly Skerne Fellow, bequeathed a sum of money to the College.

The Statutes, confirmed by order of the Queen in Council May 3, 1882, provide that there should be a Master and six Fellows.

The proceeds of Mr Frankland's Foundation are now added to the general Scholarship Fund.

The College at present consists of a Master, six Fellows, and twenty-six Scholars.

Of the twenty-six Scholarships,	£
<i>Fourteen</i> , founded by Mrs Ramsden, are of the annual value of	40
<i>One</i> , founded by Lady Barnadiston, is of the annual value of	50
<i>One</i> , Mr Hobbes	50
<i>Two</i> , Mr Frankland	50
<i>Four</i> , Mr Skerne	35
<i>One</i> , Dr Gostlin	35
<i>One</i> , Mr Spurstow and Mrs Stafford	35
<i>One</i> , Sir John Cleypool and Mrs Payne	25
<i>One</i> , Mr Cartwright and Lady Cocket	25

The income of a fund of about £3000 in Consols is also available for the purpose of Scholarships and Exhibitions. From these funds Scholarships and Exhibitions, varying in value from £50 per annum to £20, are annually given after open competition or at the College Examination in June.

Mr A. Phillips, a former Fellow, gave a sum of £1000 to found

an Exhibition or Exhibitions in memory of his former Tutor the Rev. E. W. Crabtree.

The Rev. T. Jarrett, M.A., Regius Professor of Hebrew, left by will the sum of £1000 to found a Scholarship to be called by his name.

Besides these Scholarships, if there be a surplus, grants are made to deserving students of the College, if candidates for Honours in any Tripos.

All the Scholarships are open to candidates from any school or place of birth.

Bishop Sherlock founded the Librarianship, worth £20 per annum, with an allowance for rooms. He also considerably augmented the stipend of the Master's Sizar. The Bible Clerk receives his commons, with rooms rent free.

ANNUAL PRIZES

A Prize, called the Corrie Prize, for the encouragement of the study of Theology, being the interest accruing from a sum of money subscribed by certain graduates of the College formerly pupils of the Rev. Professor Corrie, late President and Tutor.

A Prize for Reading in Chapel, being the interest on a sum of money given by Bishop G. F. Browne for that purpose.

There is annually an Examination of the Junior Sophs and Freshmen towards the end of the Easter Term, when Prizes in books are usually adjudged to the most proficient in each year.

Jesus College

(FOUNDED 1496)

ARMS: the arms of the Founder *silver a fess sable and three cocks' heads razed sable combed and wattled gules with a border of the bishoprick of Ely (gules with ten crowns)*. They were granted by Robert Cooke, Clarencieux King of Arms, in 1575.

THIS College was founded in 1496 by JOHN ALCOCK, BISHOP OF ELY. According to the Statutes of 1882 the College consists of a Master, sixteen Fellows and twenty Scholars at the least. Of the Fellowships one is a Professorial Fellowship; to one any person may be elected who is eminent for science or learning whether a member of the University or not; the remainder are open to graduates of Cambridge or Oxford. Fellowships are vacated after a tenure of six years at the most; but the years during which a Fellow has held any of the offices of Bursar, Dean, Tutor, Assistant Tutor, or Lecturer, provided he shall have served for five years, are not reckoned in the years of his tenure of a Fellowship. A Fellow who is appointed to a Professorship or Readership in the University holds his Fellowship as long as he holds a Professorship or Readership.

FOUNDATION AND OTHER SCHOLARSHIPS

Under the present Statutes, in addition to the emoluments derived from various merged Foundations, ten per cent. of the annual income of the College is devoted to the maintenance of Foundation Scholarships. The Master and Fellows determine the proportions in which the Scholarship Fund is distributed among the Scholars. Scholarships may, by permission of the Master and Fellows, be retained until the end of the twelfth term from commencing residence, or, provided the Scholar continue to reside, until he is of standing to take the degree of M.A.

Of the Foundation Scholarships:

Three, known as Ley Scholarships, are provided by a bequest of Mrs Sarah Jones, in 1825, in memory of the Rev. Thomas Dummer Ley, formerly a member of the College;

One is of the foundation of Richard Sterne, D.D., Archbishop of York 1664—1683, and formerly Master of the College ;

One is of the foundation of Henry Brunsell, LL.D., Prebendary of Ely 1660—1679 ;

One is of the foundation of Lady Jane Price, relict of Sir James Price.

There are also the following Scholarships :

Scholarships varying in number, and in value from £80 to £40, founded by Tobias Rustat, Esq., appropriated to the sons of clergymen of the Church of England, preference being given *ceteris paribus* to those who are orphans. The Scholars on this foundation are elected by the Master and Fellows in the same manner as Foundation Scholars.

One Scholarship of £13, founded by Dr Edmund Tew, appropriated in a similar manner to the Rustat Scholarships.

One Scholarship of £82, founded by the Rev. Robert Marsden, tenable by the son of a living clergyman of the Church of England.

One Scholarship of £32. 10s. or two of £16. 5s. each, founded by Dr Gatford, open to clergymen's orphans and tenable from the degree of B.A. to that of M.A.

One Scholarship of about £70, or two together of the same value, founded in memory of the Rev. J. S. Lillistone, formerly Fellow, tenable by sons of clergymen of the Church of England.

One Scholarship of £60 or two of £30, founded by the Rev. John Somerville, appropriated to students educated at Loughborough School.

Two or more Scholarships, founded in memory of Lady Kay. These Scholarships vary in value from £40 to £60, and are tenable for three years or any shorter period at the discretion of the Master and Fellows. The election is made at the beginning of the Michaelmas term in every year. These Scholarships are open to any student of the University who has obtained a first or second class in any Tripos and who declares his intention of seeking Holy Orders in the Church of England. Scholars, if not already members of Jesus College, must place their names on the Boards and become resident members of the College. They are required to study for the first or second part of the Theological Tripos or to apply themselves to such other Theological study as the electors approve.

The Foundation Scholarships may be held with any other.

ENTRANCE SCHOLARSHIPS AND EXHIBITIONS

Scholarships and Exhibitions for proficiency in Classics, Mathematics, History, Natural Science, and Modern Languages are given by examination in December to Candidates who intend commencing residence in the following October. These may not exceed £80 in value, and Candidates must be under nineteen years of age on the first day of October next preceding the

date of examination. Rustat Scholarships are also given by examination at the same time and under the same conditions.

PRIZES AND REWARDS

There is an annual examination in the Easter Term, when Prizes of books are given to the best proficient in the several subjects of the Tripos Examinations.

Prizes of books, each of the value of £3. 3s., are given each year for the best Essay, viz. :

(a) the Sykes Prize, arising from a benefaction by John Sykes, clerk, in 1621, for an Essay on a subject of History or Literature;

(b) the Marshall Prize, arising from a benefaction by William Marshall in 1578, for an Essay on a subject of Classical History, Literature, or Antiquities.

A Prize of about £3 for the study of Theology, was established in 1887 by friends of Dr Corrie, formerly Master of the College.

The Rev. Frederick Keller, formerly Fellow, left £15 or thereabouts, to be given each year to one or more deserving scholars who take their B.A. degree in that year.

The Rev. Edward Otter, formerly Fellow, gave the dividend of one year's Fellowship, which, increased by the College, forms a Divinity and Hebrew Prize of about £16, open every two years to Bachelors.

The Eliot Prize, established in memory of John Eliot, 'Apostle to the Indians,' formerly a member of Jesus College, by his descendants and others in the United States of America, is open for competition in alternate years with the Otter Prize, its value and the conditions of examination being the same.

The Frank Allhusen Prize of about £25, for the promotion of study and research in Natural Science, especially in Chemistry and allied subjects, is offered at intervals of three years. Candidates must have taken honours in Part 1 or Part 2 of the Natural Science Tripos. The next award will be in 1920.

Two or more Brereton Prizes, established by R. P. Brereton, Esq., formerly scholar of the College, each of £5, are given each year for compositions in Latin Verse and Greek Verse.

The Rev. Dr H. A. Morgan, formerly Master, left by his will £100 to establish a prize for an English composition on a literary subject.

Christ's College

(FOUNDED 1505)

ARMS: those of the Foundress, *France modern quartering England with a border gobony of silver and azure.*

THIS College (into which was merged an earlier College founded in 1439 by KING HENRY VI., under the name of "God's House," for a Master and three Fellows) was founded A.D. 1505, by the LADY MARGARET, COUNTESS OF RICHMOND AND DERBY, Mother of King Henry VII., for a Master, twelve Fellows, and forty-seven Scholars.

The Foundress thus dedicated her Foundation :

'Ad Honorem Christi Jesu, et Fidei ejus incrementum.'

King Edward VI. added one Fellowship and three Scholarships; and Sir John Finch and Sir Thomas Baines two Fellowships and two Scholarships. Various other Benefactors also added Scholarships.

The College now consists of a Master, fifteen Fellows, and about thirty Scholars.

The Fellowships under the existing Statutes are divided into Senior and Junior Fellowships. The number of Senior Fellows must not exceed two-thirds nor be less than one-third of the whole number.

A Junior Fellow may be of any standing at the time of election. The tenure of a Junior Fellowship is for three years from the date of election, but it may be extended to six years.

In order to be elected to a Senior Fellowship it is necessary either (a) to hold one of certain specified offices in the College or University; or (b) to be engaged in other specified work under University sanction either at Cambridge or elsewhere; or (c) to be a person of known ability and learning engaged in research in any art or science.

A Senior Fellow who for twenty years has held one or other of

the qualifying offices or employments may retain his Fellowship for life without further obligation to service.

The Scholarships are maintained either from the Scholars Fund or from the separate Trust Funds.

I. The SCHOLARS FUND receives annually one-fifth of the divisible income of the College.

Out of it are supported :

(1) a varying number of Scholars (not less than twelve) named after the Foundress the Lady Margaret's Scholars; whose stipends may vary (generally between £30 and £100 a year) at the discretion of the Master and Fellows :

(2) three Scholars named after King Edward VI. :

(3) two Scholars named after Sir John Finch and Sir Thomas Baines.

Out of this Fund the Master and Fellows may establish Exhibitions for poor Students, and grant gratuities to deserving Scholars and Exhibitioners. They may also establish Bachelor Scholarships free from the ordinary conditions of residence.

II. The TRUST FUNDS provide generally :

- | | |
|---|--|
| (1) three Scholarships, called after Mr Bunting | |
| (2) one Scholarship Dr Widdrington | |
| (3) one Scholarship Bp. Seth Ward | |
| (4) two Scholarships Lady Drury | |
| (5) one Scholarship Mr Broadbanke | |
| (6) two Scholarships Mr Tancred | |
| (7) one Scholarship Archdeacon Clarke | |
| (8) one Scholarship Mr Rysley | |

There may however be more or fewer Scholarships on any of the above foundations, according to the available funds.

Besides these Scholarships, there are the following Exhibitions :

Two, named after Mr Carr, with preference to Giggleswick School.	} in value £50 a year each
Two, named after Mr Wilson, with preference to Kirkby Lonsdale School.	} in value £30 a year each
One, named after Mr W. Petyt, and Mr Sylvester Petyt, with preference to Skipton School.	} in value £20 a year
One, named after Bp. Otway, with preference (1) to Kirkby Lonsdale School, (2) to Sedbergh School.	} in value £30 a year

In the case of each of these Exhibitions, a candidate from a preferred School must have been educated there for two years at the least in the two years and a half immediately preceding the election.

Also, at any Examination, in the event of there being no properly qualified candidate from a preferred School for an Exhibition, it will for that turn be considered open; and a student gaining by open competition any of the foregoing Exhibitions except the last will be regarded as a Scholar of the College.

Students of the College are elected to the Scholarships and Exhibitions after the annual College Examinations at which Scholarships are adjudged for proficiency in Mathematics, Classics, Natural Sciences, Moral Sciences, Law, History, Theology, Oriental Languages, Modern and Medieval Languages, English, Mechanical Sciences, Economics.

A student may be a candidate for a Scholarship in each year of his undergraduate residence. He may also (if the holder of a Scholarship or Entrance Scholarship) be promoted to another of larger value, or in case of special merit may receive two Scholarships.

There is in each year an election to Entrance Scholarships of students under nineteen years of age who intend to commence residence in the following October. Entrance Scholars are elected for proficiency in Mathematics, Classics, Natural Sciences, Modern Languages, or History, or any two of these branches of study. These Scholarships, the maximum value of which is £80 a year, are tenable for not more than two years certain, but the holder may be elected to a Foundation Scholarship.

A student may hold a Scholarship or Exhibition until he is of standing to take the Degree of Bachelor of Arts; and, in case of special merit, the Master and Fellows may allow him, provided he continue to reside, to retain the same until he is of standing to take the Degree of Master of Arts, but no longer. A Bachelor of Arts may also be elected to a Bachelor Scholarship; in which case he may be exempted from the ordinary condition of residence.

Besides the above, there are other Exhibitions founded by Mr Jenens, Dr Hawford, formerly Master of the College, Sir Walter Mildmay, Mr Rawlins, Mr Harvey, Mr Laughton, formerly Fellow, Dr Plume, and Mrs Berridge, respectively. These, amounting in the aggregate to between £50 and £70 a year, are perfectly open, and are annually distributed amongst the most deserving students of the College who need pecuniary assistance.

Christopher Tancred, of Whixley Hall in the County of York, Esq., founded four Divinity Studentships (increased to five or more when the annual income will permit), for students to be educated at this College, to which the Governors and Trustees of his Charities, viz., The Masters of Christ's College and Gonville

and Caius College, The President of the Royal College of Physicians, The Treasurer of Lincoln's Inn, The Master of the Charter-house, The Governors of the Royal Hospital of Chelsea and of the Royal Hospital of Greenwich, are the Electors.

A student, when elected to the Charity, must have attained the age of 16 years, and be under that of 22 years.

He is required to be admitted of this College within one month after his election; to reside three-fourths of each Academical Term, so long as he holds his Studentship; to pass the University Previous Examination at the proper time; and to proceed to the Degree of Bachelor of Arts, so soon as he is of proper standing.

He may hold his Studentship for three years after the Degree of Bachelor of Arts, but no longer*.

The annual income of each Student is not less than £50 and not more than £100. The present Students are Ds R. T. Brode, Ds N. B. Hudson, and F. J. A. Downing.

St John's College

(FOUNDED 1511)

ARMS: those of the Foundress, *France modern quartering England with a border gobony of silver and azure.*

THIS College, dedicated in honour of St John the Evangelist, was founded by the LADY MARGARET, COUNTESS OF RICHMOND AND DERBY, mother of King Henry VII and Foundress of Christ's College. It succeeded the hospital of St John, founded about 1135, from which Hugh Balsham, Bishop of Ely, removed his scholars to Peterhouse in 1284. Owing to the death of the Foundress before the completion of her designs, much difficulty was experienced in establishing the College on as large a scale as was originally intended. It was mainly owing to the exertions and beneficence of John Fisher, Bishop of Rochester, executor of the Foundress, and Chancellor of the University, that sufficient funds were obtained to endow thirty-two Fellowships, of which he founded four, and twenty-four Scholarships, of which he founded two. There were numerous subsequent endowments for Scholarships. Nineteen additional Fellowships were founded in the reign of Henry VIII. Of these two were founded by Rev. James Beresford, one by Sir Marmaduke Constable, one by Mr Halitreholme, one by Lady Jane Rokeby, one by Mr John Bayley, two by Rev. Edward Gregson, one by Rev. Robert Symson, two by Rev. Dr John Keyton, one by Rev. Dr William Fell, one by Dr Thomas Thimbleby, two by Rev. Dr Roger Lupton, four by Archdeacon Hugh Ashton. In 1589 one was founded by a bequest from Mr Henry Hobbethwaite: in 1673 one by a bequest from Dr Francis Dee, Bishop of Peterborough. Endowments to found Fellowships were bequeathed in 1632 by Mr William Platt, and an endowment for one Fellowship in 1833 by Rev. James Webster.

Dr Thomas Linacre founded in 1526 a Lectureship in Physic.

New Statutes were approved by the Queen in Council, May 3, 1882.

The Foundation of the College consists of a Master and fifty-six Fellows, sixty Scholars, and nine Sizars called Proper Sizars.

The Governing Body is a Council consisting of the Master, and twelve Fellows, of at least three years' standing from their first degree, elected by the Master and Fellows.

The MASTER must be a Master of Arts or of some equal or superior degree of Cambridge or of Oxford, and not less than thirty years of age. He is elected by the Fellows who are of at least three years' standing from their first degree.

The FELLOWS are elected from graduates of the College or graduates of Cambridge or of Oxford. The annual election takes place on the Monday after All Saints' Day, and vacancies must be filled up not later than the second annual election after they occur. Fellows must proceed to the degree of Master of Arts, Master of Law, Master of Surgery, or Doctor of Medicine, as soon as they are of sufficient standing. Fellowships are tenable in the first instance for three years, but the tenure may be renewed for a further period of three years, provided that no Fellow may be of more than ten years standing from his first degree: but a Fellow, so long as he holds one or another of certain offices in the University or in the College, does not vacate by lapse of time; and a Fellow, who has served for twenty years in one or another of certain offices in the College, may under provisions specified hold his Fellowship for life. The Council may extend the tenure of a Fellow for periods of five years. They may also elect persons eminent for science or learning, such Fellows not to vacate by lapse of time; and may elect Professors or Readers of the University, their tenure to terminate with that of their office of Professor or Reader. Five Fellowships are Professorial Fellowships, to be held by Professors of the University under the conditions prescribed by the Statutes of the University. Any Fellow not a Professorial Fellow may with the consent of the Council become a Supernumerary Fellow. The Council may also elect Honorary Fellows.

The FOUNDATION SCHOLARS are elected from students of the College, or from such other persons and of such standing as the Council may think fit. The annual election takes place in June, and all vacancies must be filled up not later than the second annual election after they occur. Scholars, if not graduates, must proceed to some degree at the regular time. The Scholarships are of the annual value of not less than £40, and not more than £100 each. Their tenure is contingent upon residence, good conduct, and application to study. It may be prolonged by the Council, if they think fit, until the Scholar is of standing to incept in Arts, or for any shorter period.

The nine PROPER SIZARS, on Dr Dowman's Foundation 1525, are elected in June. The value of each Sizarship is £30 a year for three years, or until the holder is elected to a Foundation Scholarship.

By gift from Dr James Wood, Master of the College 1815—1839, the sum of £360 is assigned annually in Exhibitions to the most deserving students, to be called Wood's Exhibitioners,

account being taken of their pecuniary circumstances as well as of their moral and intellectual qualifications.

Under the like conditions the yearly produce of the Rectory of Cherry Marham in the county of Norfolk (about £400), the gift in 1623 of Sir Ralph Hare, is assigned to the most deserving students, to be called Hare's Exhibitioners.

A Hughes Exhibition of the value of £35 (founded by the Rev. Charles Colson in 1886 in memory of the Rev. Henry Hunter Hughes, B.D., formerly Fellow and Tutor) is awarded annually for proficiency in Biblical and Ecclesiastical History. Any undergraduate member of the College who has not already held the Exhibition may be a candidate. The Examination takes place at the time of the Annual College Examination in Theology.

Miss Mary Ann Hoare, who died in November 1910, bequeathed to the College certain stocks producing an income of about £14, for the purpose of founding two "Thomas Hoare Exhibitions." These are awarded for proficiency in Mathematics to two undergraduates of limited means, between whom the income is divided in such proportion as the Council of the College may direct. The Exhibitions are tenable until B.A. standing.

The Rev. Thomas Naden, by will of 1712, left a foundation for two Divinity Studentships. By the present Statute the Council has the power of determining the number of Students, the tenure of each Student (not exceeding three years) and his emolument. The Studentships are open to B.A.s not of standing for the degree of M.A., they are tenable with a Scholarship, but not with a Fellowship. The Students are required to reside.

Mrs Ann Fry's Hebrew Scholarship, founded in 1860, of the annual value of about £32, tenable for three years from election, is open to B.A.s not Inceptors in Arts, nor of standing for the degree of M.A. In default of qualified B.A.s of the College, it is open to other B.A.s of the University. It is not held with a Fellowship. This Scholarship is, at present, in abeyance.

Rogerson Hebrew Scholarships will shortly be established. The income of the Fund available for this purpose is from £90 to £100 per annum.

Several Law Studentships, founded by James MacMahon, Esq., and dating from an Indenture of 1864, each of the annual value of £150, and tenable for four years from election, but not with a Scholarship or with a Fellowship, are open to B.A.s or LL.B.s of the College not of standing for the degree of M.A. or LL.M., who shall *bonâ fide* intend to prepare themselves for practice in the profession of the Law.

The Rev. John Robinson Hutchinson, by will of 1873, left £4000, to be applied in the encouragement of Physical or Natural Science, or in promoting the study of the Semitic or Indian languages. Two Studentships, now of the annual value of £50 for two years, were accordingly founded in 1884. They are

tenable with Scholarships and are open to students of the College, engaged in any of the above studies, who are of not less than nine and not more than eighteen terms standing.

One Slater Research Studentship, of about £65 for advanced study and research in some branch of Physical or Natural Science, either in Cambridge, or with the permission of the College Council in the Laboratory attached to a medical school, or elsewhere. The Studentship is tenable with a Scholarship or Exhibition and is open to those who have passed the examinations for the B.A. Degree, or have been admitted to the degree of Bachelor of Arts but are not of sufficient standing to incept in Arts. If no candidate of sufficient merit is found in the College, the Council may elect a sufficiently qualified member of another College in Cambridge. The Studentship is awarded in alternate years, and is tenable for one year. The first election was in June, 1912.

ENTRANCE SCHOLARSHIPS, EXHIBITIONS, &c.

FOUNDATION SCHOLARSHIPS and MINOR SCHOLARSHIPS are annually awarded in December by competition among persons who have not commenced residence. They range in value from £80 to £40 per annum and are tenable for two years at least. Certain Exhibitions of the value of £30 a year for two years at least are competed for at the same Examination. Candidates for the Scholarships or Exhibitions must be under 19 years of age. Candidates may offer themselves for examination in any one or two of the following subjects: Classics, Mathematics, Natural Sciences, History, Modern Languages, or Hebrew.

Proper Sizars are chosen by an Examination in June in each year. Candidates may be elected for proficiency in (1) Classics or (2) Mathematics or (3) Natural Sciences, or for any two of these three subjects, provided that they shew a sufficient knowledge of the pass subjects of the Previous Examination in Mathematics and Classics respectively. Open Exhibitions of the value of from £80 to £30 per annum tenable for two years at least are also awarded by the above Examination.

Two Open Exhibitions of the value of £30 per annum for two years are offered on the result of the Cambridge Local Examination (Higher School Certificate) to candidates who reach a sufficiently high degree of merit in one of the Groups of the Examination.

Choral Studentships each of the value of £40 were founded in 1888. The Students take part in the Musical Services in the Chapel. Vacancies are filled up annually in April or May.

Exhibitions attached by preference to certain Schools are:

Four, £40 per annum each, tenable for three years, on Dr Dowman's Foundation 1525, for scholars from Pocklington School.

Three, £66. 13s. 4d. per annum each, tenable for three years, on

Dr Lupton's Foundation 1528 and 1536, and Mr Hebblethwaite's 1589, for scholars from Sedbergh School.

Two, about £32 per annum each, tenable for four years, founded 1841 by Mr Vidal, for scholars from Exeter School elected by *ex officio* Electors.

By Stat. 56, in the case of a vacancy of an Exhibition which is limited by way of preference to candidates from any School, and to which the College elects, the Council is empowered, if no candidate of sufficient merit from such School shall offer himself, to pay the income of the Exhibition to the Open Exhibition Fund.

¹ A Sermon, in which the gift of Lord Burghley is to be declared, is preached annually by a member of the College at Hatfield on the second Sunday after Michaelmas Day, and at St Martin's, Stamford, on the Sunday after St Luke's Day. The Preacher presents copies of Latin or Greek Verses written by Scholars.

ANNUAL PRIZES

A Prize of books to the value of £7, founded by bequest of Dr John Newcome, Master of the College 1735—1765, is awarded in June on the recommendation of the Director of Moral Science Studies, to the member of the College who has most distinguished himself in the immediately preceding Moral Sciences Tripos.

A Prize of books to the value of about £13 was founded in 1883 by the representatives of Charles Hockin, M.A., formerly Fellow, to be called the Hockin Prize, and to be awarded annually or periodically for some branch of Physics, with preference to Electricity. This is awarded in June to the member of the College who has most distinguished himself in the above subject.

The Adams Memorial Prize, founded in 1901 in memory of Professor John Couch Adams, consists of the *Collected Works* of the Astronomer and other books, and is awarded annually in the Michaelmas Term for the best Essay on one of certain prescribed Mathematical subjects. It is open to undergraduates of the College who have not entered on their seventh term of residence at the time when the essays are sent in.

A Prize of books of the value of £3. 3s. in each of the three years is awarded to the writer of the best English Essay on a prescribed subject.

The Rev. William Wilson, B.D., formerly Fellow, founded in 1817 prizes of books of the value of £4. 10s. for the best readers of the Lessons in Chapel, whose general good conduct entitles them to the approbation of the College.

The Byramji Navroji Cama Prize consisting of books of the value of £10. 10s. was founded in 1903. It is awarded annually

to that student of the College who, having passed one of the Honours Examinations of the University and spent his year of probation at Cambridge, stands highest in the list of Selected Candidates on the combined results of the two examinations for the Indian Civil Service, provided he is not below the 25th place in the combined examination.

(FOUNDED 1542)

A Copy of the Statutes in the British Museum

MSS. SLOANE, No. 3644—10.

ARMS: those of the Founder, to whom they were granted in 1538, *Quarterly party indented gold and azure a bend azure and two eagles gold with a fret and two martlets of gold upon the bend.*

THE Mastership of this College is in the gift of the possessor of the estate at Audley End.

In this College, originally a Hostel for students from certain Benedictine Monasteries, then established by HENRY STAFFORD, DUKE OF BUCKINGHAM, as "Buckingham College," and finally founded by THOMAS, BARON AUDLEY OF WALDEN, it is declared by the new Statutes, that after the expiration of interests regulated by the previously existing Statutes, there shall be seven Fellowships on the Foundation of the College, the conditions of tenure being specified in the new Statutes.

Four of these Fellowships are denominated Founder's Fellowships, and the remaining three are denominated respectively the Spendluffe and Wray, Drury, and Millington Fellowships, in commemoration of the benefactions made to the College by Mr Spendluffe, Sir Christopher Wray, the Rev. Drue Drury, and Dr Millington.

It is also declared by the new Statutes that (excepting those Scholarships and Exhibitions, the right of preference to which is preserved by Act 19 & 20 Vict. c. 88, to particular Schools) all restrictions shall be entirely removed, and the total amount of such Scholarships and Exhibitions shall form a General Fund for open Scholarships. This fund is derived from benefactions made to the College by Dr Peckard, Mr Smith, the Countess of Warwick, Lady Anne Wray, Mr Dennis, Mr Hughes, Mr Roberts, Dr Dupont, Mr Groom, and Mrs Margaret Dongworth; and is augmented from the revenue accruing to the College by the abolition of certain Bye-Fellowships. The value of such Scholarships and Exhibitions

varies from £40 to £80 a year, and the number offered for competition each year depends on the condition of the fund at the time.

Where the right of preference to a Scholarship or Exhibition is preserved to a particular School or to particular Schools by Act 19 & 20 Vict., such right of preference shall be limited to persons who have been educated at least two years at such School or Schools; and in case of a vacancy in such Scholarship or Exhibition, for which no candidate of sufficient merit coming from such School or Schools shall offer himself, it shall be competent for the Master and Fellows to throw the same open to general or extended competition as they think advisable.

There are four Milner Scholarships of £55 a year each, with a preference to Scholars from Leeds, Halifax, and Heversham Schools.

There are four Holmes Exhibitions of £70 a year each, for Scholars from Wisbech School, three of them tenable at Magdalene College only.

An Exhibition of £30 a year derived from a bequest made by the late Mr William Walton, Honorary Fellow of the College, is awarded for proficiency in Mathematics.

An Exhibition of £30 a year derived from a bequest made by the late Lord Braybrooke, Master of the College, is awarded for proficiency in Modern (and especially English) History.

There is an Exhibition Fund of about £50 a year for providing Exhibitions in Natural Sciences, derived from a bequest made by the late Major William Henry Charlesworth.

Two or more Sizarships of £30 a year and Subsizarships of £15 a year, open to candidates not yet in residence, are in the gift of the Master or the Tutor.

The Pepysian Benefaction is in the Master's gift, and is annually bestowed by him upon poor and deserving students.

The Mynors Bright Benefaction is given annually by the Governing Body to some deserving student or students.

The Francis Patrick Benefaction is given annually by the Governing Body to some deserving student or students.

DONALDSON BYE-FELLOWSHIP FOR RESEARCH

The Donaldson Bye-Fellowship for the encouragement of research is of the annual value of £100. It is tenable for one year and the holder of it may not be re-elected more than once. Preference is given to graduates who are below the standing of M.A. and to members of Magdalene College. The Governing Body have power to suspend the election to the Bye-Fellowship in any year in which there appears to be no suitable candidate.

CHARLES KINGSLEY LECTURESHIP

The Charles Kingsley Lectureship is of the annual value of £150. It is tenable for one year and the holder of it may be re-elected. The duties of the Lecturer are to supervise the work of College Students in Natural Sciences, and to pursue some branch of scientific research.

CHARLES KINGSLEY BYE-FELLOWSHIP

The election to the Charles Kingsley Bye-Fellowship is annual, and the holder is eligible for re-election.

It is contemplated that as a rule the Bye-Fellowship shall be associated with the Charles Kingsley Lectureship in Natural Sciences; but if the Lecturer shall be or becomes a Fellow of the College he shall vacate the Bye-Fellowship, which can then be used as a Bye-Fellowship for research in Natural Science.

ANNUAL PRIZES

A prize consisting of the income derived from £100 given to the College for this purpose by Mr W. A. Gill, late Fellow, is awarded for proficiency in the annual Classical Examination.

A prize consisting of the income derived from £150 given by the family of the late Professor Newton to found an "Alfred Newton Essay Prize" is awarded for the best English essay.

A prize of £3 founded by Mr C. S. Davison is awarded annually for Latin verses on some subject connected with Buckingham College.

A prize of £3 founded by Mr C. S. Davison is awarded annually for Greek Verses.

A prize of £3 founded by Mr C. S. Davison is awarded annually for Mathematics on the result of the second year Intercollegiate examination.

Books to the amount of £2. 12s. 6d. are given to students who acquit themselves well in one of the annual examinations.

Two Prizes (of £2 and £1 in books) are given by the Master to the two best readers in chapel.

The sum of about £50 a year derived from a bequest made by the late Dr S. A. Donaldson, Master of the College, is available for the assistance of poor and deserving students, with a preference for candidates for Holy Orders.

(FOUNDED 1546)

ARMS: *silver a cheveron gules and three red roses and a chief gules with a gold leopard and two gold books upon the chief.* The earliest authority for them is dated 1572, but they may have been granted at or shortly after the foundation of the College.

THIS noble and magnificent College, the Mastership of which is in the appointment of the Crown, was formed by the consolidation and extension of the earlier foundations (1) of Michaelhouse, founded in 1324 by HERVEY OF STANTON, Chancellor of the Exchequer in the reign of Edward II, and (2) of King's Hall, founded in 1337 by EDWARD III, in pursuance of an uncompleted plan of his father.

HENRY VIII took these into his own hands, and from the revenues of the above Societies, very largely increased by himself, he founded in 1546 one spacious College, for the maintenance of a Master and sixty Fellows and Scholars, dedicating it to the Holy and Undivided Trinity. QUEEN MARY afterwards added twenty Scholarships, and through subsequent benefactions the foundation now consists of a Master, sixty Fellows (at the least), eighty Scholars (at the least), the Chaplains, the Librarian, and the three Regius Professors of Divinity, Hebrew, and Greek respectively.

In addition to the Fellowships mentioned above, there are certain Ely Fellowships on the Foundation of A. W. G. Allen, of which four have up to the present been founded.

The government of the College is vested in the Master and Fellows and in a Council, consisting ordinarily of the Master, four other *ex-officio* Members and eight elective Members in virtue of the Statutes made in accordance with the provisions of the "Universities of Oxford and Cambridge Act, 1877," and approved by Her Majesty in Council, May 3, 1882.

FELLOWSHIPS

The FELLOWS of this Society are elected from members of the College or other Members of the University if the Council think fit. Candidates must have been admitted to the title of

Bachelor Designate in Arts or to some equal title and are eligible at each of the three annual elections next after the end of three years and six months¹ after the beginning of the term in which they commenced residence; there is no appropriation whatsoever. Fellows so elected vacate their Fellowships after six years from election, except in the case of those who hold the more important University or College offices, or have held any such office for at least twenty-five years. The College has also the power of electing to a Fellowship any Professor or Reader of the University or holder of certain College offices or any person eminent for science or learning, and can elect to an Honorary Fellowship any person distinguished by literary or scientific merits.

SCHOLARSHIPS, EXHIBITIONS, &c.

SCHOLARSHIPS² are open to all Undergraduates of the College (except Research Students) who are not of standing to take the B.A. Degree, and to persons who are not yet resident members of the University, provided that these last are under nineteen years of age. Senior Scholarships are generally tenable until the expiration of five years and six months after beginning residence. Their annual value is for a resident Undergraduate £100, and for a resident B.A. £80. Entrance Scholarships awarded before beginning residence are of the value of £80 or of £60 a year during residence, and are tenable for two years only, unless the tenure be prolonged by the Council, or the Scholar be elected to a Senior Scholarship after beginning residence. Of the Entrance Scholarships (about fourteen) awarded in each year, at least three will be awarded with special reference to the pecuniary circumstances as well as to the other qualifications of the candidates receiving them. In the case of these three, or more, Scholarships the annual value of each is augmented by a remission of fees to a total of £100. The Examination for Senior Scholarships is held in each year in March, and an Examination for Entrance Scholarships early in December. Entrance Scholarships are open only to persons under nineteen years of age.

EXHIBITIONS. Besides the Entrance Scholars, Exhibitioners are chosen every year at the Examination in December from among persons who have not begun residence in the University. It is usual to award about ten Exhibitions of the value of £40 a year. Candidates above nineteen years of age who reach approximately the standard necessary for the award of a Scholarship may be awarded Exhibitions, worth with allowances, a total of £100 a year. Exhibitions are tenable for two years from the beginning of residence and may be prolonged beyond that period.

¹ Or in the case of Students from Affiliated Colleges two years and six months, and in the case of Research Students one year and six months.

² Scholarships, and Open Exhibitions are obtainable by proficiency in Classics, Mathematics, Natural Sciences, Moral Sciences, History, or

other subjects of which notice is given from time to time. Exhibitions are obtainable by Undergraduates of the College also for proficiency in Theology, Law, Mechanical Sciences (Engineering), Oriental Languages, or Modern Languages.

They are not tenable with a Senior Scholarship. No emoluments are paid until residence in the University has been begun.

Exhibitions usually of the value of £40 a year are also awarded on the results of the Scholarship Examination in March and of the Annual College Examination.

About 20 Sub-Sizarars are admitted every year. The value of a sub-Sizarship is about £35 a year¹. A Sub-Sizarship is tenable with an Exhibition or an Entrance Scholarship but not with a Senior Scholarship.

Three Exhibitions at present of the value of £50 a year are paid out of the trust created by ROGER JESTON in 1623. They are tenable by poor students of the College with a preference for those students who are lineal descendants of members of the Haberdashers' Company or Staffordshire men, and are studying or are proposing to study Divinity. Subject to this preference, they are tenable by students of the College who have been admitted to the title of Bachelor designate or are qualified to be so admitted (provided that nine complete terms have elapsed since they commenced residence) and who intend to reside for another year with a view to pursue some approved line of study. The Exhibitions are tenable for one year only, but in exceptional cases an Exhibitioner may be recommended for re-election for a second year. The Exhibitions are awarded in June.

An Exhibition of the value of about £40 per annum, called the LEES KNOWLES EXHIBITION, was founded in 1906 by Sir Lees Knowles, Bart., M.A. It is awarded to a student of the College who has kept nine terms by residence, and intends to reside for an additional year, to pursue some approved line of study. A student born in the County of Lancaster is preferred to others, in case of equality. The Exhibition is tenable for one year only, and is awarded by the Council in June.

Another, known as the PETER LEIGH Exhibition, of a value not exceeding £50 is also awarded by the Council in June to a student who desires to reside for a fourth year for the purpose of study. Two others, the POTTS Exhibition of about £33 and the WOODWARD OF BITTON and PAST SCHOLAR'S Exhibition of about £30 are also awarded in each year under similar conditions.

The following Exhibitions are appropriated to special schools or persons :

(i) Not more than three annually, tenable for three years from the commencement of residence, value £40 a year, to students from Westminster School.

(ii) Six Samwales Exhibitions, one of which is awarded to each Westminster Exhibitioner. They are tenable for two years, and are of a value not exceeding £25 each for the first year and £20 for the second.

¹ Full information as to the Sub-Sizarships and the conditions on which they are granted may be obtained on application to any of the Tutors. Re-
search Students are not eligible for Sub-Sizarships.

(iii) Two, value at present about £15 a year, tenable for two years, founded by Mr Perry for scholars from St Paul's School, London. These are awarded on the results of the Annual College Examination.

(iv) One, tenable for three years, value at present about £45, founded by the Rev. R. B. Podmore, for the name and kindred of the founder, or in default of such for a native of the county of Salop, educated for four years at the least at the Grammar School of Shrewsbury.

(v) Three, each tenable for three years, value £40 a year, founded by Sir Lees Knowles, Bart., M.A. One is awarded each year at Rugby School to a student entering at Trinity College.

(vi) One Bishop Lee Scholarship, tenable for three years, awarded by an examination held under the direction of the Bishop of Manchester. Candidates must be sons of such clergymen of the Church of England as shall, on or before the day of examination, whether as Stipendiary Curates or Incumbents, have been licensed to officiate and shall have officiated in the diocese of Manchester for a period or different periods not less in the whole than five years, and who at the time of such examination shall declare themselves to be members of the Church of England. The fund from which this scholarship is payable is not administered by the College.

(vii) Two, one of the value of £50 and one of the value of £30, are offered by the College on certain conditions which can be obtained from the Senior Tutor, to candidates selected for admission to the Civil Service of India at the Open Competitive Examination held in August. Prizes, each of the value of £10, are also given to those among the candidates who during each term of their year of probation have resided at the College and who in the "Final Examination" obtain the highest marks of candidates who have so resided in (i) Arabic, or (ii) Sanscrit, or (iii) Persian, provided that they obtain at least three-fifths of the total marks given for those languages respectively.

The following emoluments are awarded for proficiency in special subjects:

(a) An Exhibition of £35 a year, tenable for one year during residence, is awarded to the Junior Soph who in the Annual College Examination passes the best examination in Theology provided the Examiners deem him of sufficient merit. The Examiners may recommend the Council to increase the value of this Exhibition to £50 a year in any year in which the Exhibitioner seems to them to be of sufficient merit.

(b) A Prize for the encouragement of the study of Modern History, consisting of the income derived from a Fund given to the College by Mr E. E. Bowen, formerly Fellow. The examination for the Prize is in the subject of Modern History generally, no special period book or subjects being

set or recommended beforehand. The Prize is open to all Undergraduates of the College in their first year of residence.

(c) An Exhibition, value at present about £40 a year, founded in 1858 by the representatives of the Rev. Richard Sheepshanks, late Fellow of the College, for the promotion of the study of Astronomy. It is tenable for three years, and open to the public competition of all Undergraduates of the University; but the person elected, if not a student of Trinity College, shall thereupon become a student of that College. The last examination was held in the Lent Term 1917.

(d) In the year 1871 the sum of £600 was given by Alfred John Vidil, Esq., to found a Prize for proficiency in the French Language and Literature, to be called the VIDIL PRIZE. Also in 1877 the sum of £500 to found a second Prize was given by a French gentleman of high rank, who desires that his name may not be made known. The Prizes, the First Prize of the value of £40, the second of £30, are adjudged triennially after an Examination held in the Lent Term, which is open to Undergraduates of the College in their first, second, or third year of residence. The next examination will be held in the Lent Term 1919.

(e) The late Rev. Coutts Trotter, Vice-Master of the College, founded by bequest a Studentship (called the COUTTS TROTTER STUDENTSHIP) for the promotion of original research in Natural Science, more especially Physiology and Experimental Physics. The Studentship, which is awarded at intervals of not more than two years, is open to graduates of the college, not being Fellows, who are of not more than seven years standing from the time of commencing residence. The Studentship is not awarded by examination, and in the election regard is had more to the promise of power to carry on original work than to the amount of work already done. The Student during his tenure of the Studentship is to devote his time to the promotion of research and is not systematically to engage in any Educational or other work which in the opinion of the Council would hinder such research. The Student receives (if the income of the endowment suffices) £250 a year, or, if a Scholar, such sum as together with his Scholarship amounts to £250. Provision is also made for a Reserve Fund, from which grants may be made for special purposes.

(f) The late Edward Henry, 15th Earl of Derby, in the year 1893 left the sum of £2000, to found a Prize or Scholarship or Exhibition. The Council have established a Studentship to be called the EARL OF DERBY STUDENTSHIP, for the promotion of Historical Study and Research. The Studentship is awarded annually in the Easter Term, and is open to members of the College of not less than seven nor more than fourteen terms standing. The Studentship is tenable for one year, but a Student may be re-elected once. He receives the net income derived from the above sum of £2000.

Under the Will of Mrs A. M. Mednyanszky, wife of Col. A. Mednyanszky, a sum of £1000 was invested in the year 1877 for the purpose of founding a Lectureship in Ecclesiastical History, to be called the BIRKBECK LECTURESHIP, in memory of T. B. Birkbeck and F. G. Birkbeck, the brother and sister of the donor. The Lectureship is tenable for two years, and is in the gift of the Council, whose choice is restricted to Graduates of Oxford or Cambridge.

The late Mr W. G. Clark, Senior Fellow and Vice-Master of the College, having left his estates at Dowsgill and Bowes, in the county of York, to the Master, Fellows, and Scholars absolutely, the Council have established a Lectureship in the Literature of England from Chaucer to the present time, to be called the CLARK LECTURESHIP; the Lecturer is appointed annually with a stipend of £200 a-year. He is required during his year of office to deliver a course of not less than twelve lectures in full term, according to a scheme to be approved by the Council.

Sir Lees Knowles, Bart., M.A., founded in 1912, a Lectureship in Military History. The office is an annual one, and the appointment rests with the Council.

In the year 1917 the sum of £1000 was given by G. E. Turner, Esq., to found a Lectureship in the Philosophy of the Sciences to be called the TARNER LECTURESHIP.

ANNUAL PRIZES

The Examinations in Mathematics, Classics, Moral Sciences, Natural Sciences, Theology, Law, History, Mediaeval and Modern Languages, Mechanical Sciences and Economics for students in their first or second year take place soon after the division of the Easter Term. Prizes of books are awarded on the results of these examinations and of the Triposes.

The friends of the late Archdeacon Dealtry in the year 1850 founded two Prizes of about fifteen guineas each to be called the Dealtry Prizes. These are given to the Freshman and Junior Soph who pass the best examination in the Greek Testament and are also awarded prizes in the College Examination or (in the case of a Junior Soph) placed in the First Class in one of the Tripos Examinations.

One or more similar Prizes, of £10 each, are given annually from a Fund contributed by the Rev. W. C. Mathison, late Vice-Master of the College.

The Rev. E. Yeats founded two Prizes of ten pounds each, to be given in Books: one to the Scholar on the Foundation who shall most distinguish himself in the Mathematical Tripos; the other to the Scholar who in the opinion of the Master, Vice-Master, Deans, and Head Examiner, shall have most distinguished himself for general regularity of conduct.

Emmanuel College

(FOUNDED 1584)

ARMS: *silver a lion rampant azure holding a wreath of laurel leaves in his right paw with the word EMMANUEL in black letters on a white scroll above his head.* These arms, which are derived from those of the Founder, were granted to the College in 1588 by Robert Cooke, Clarencieux King of Arms.

The original Statutes and the Founder's Copy are in possession of the College

THIS College was founded by Sir WALTER MILD MAY, Chancellor of the Exchequer and Privy Councillor in the reign of Queen Elizabeth, and is now governed by Statutes confirmed by Order of the Queen in Council, 3 May, 1882, and amended in 1893, 1898, 1908, 1910, and 1915. The Foundation consists at present of the Master, sixteen Fellows (who shall be either Senior or Junior Fellows), and thirty-six Scholars. The Junior Fellowships are tenable in the first instance for three years from the date of election, and are open to Graduates of the University of Cambridge or Oxford or some other University. The Senior Fellowships are tenable generally so long as the persons elected hold any one of the following qualifying offices of the University, viz.: Professor, Reader, Orator, Librarian, Registry, or any one of the following qualifying offices of the College, viz.: Dean, Tutor, Bursar, Assistant-Tutor, Lecturer. Besides persons holding any one of these offices any person eminent in Theology, Literature, or Science is eligible to a Senior Fellowship. One of the Senior Fellowships is appropriated by Statute to the Dixie Professor of Ecclesiastical History. After a certain length of tenure, depending in each instance on the qualifying office, a Senior Fellow becomes entitled to hold his Fellowship for life.

The portion of the Corporate Income assigned to the Scholarship Fund is defined by Statute. The Foundation Scholarships at present constituted are

Four Scholarships of £80 per annum	
Ten	£60
Twenty-two.....	£40

In cases of special merit the values of any of these Scholarships may be increased by grants from funds arising from vacancies of Scholarships or otherwise. The Governing Body may from time to time suspend the election to any Scholarship for such time not exceeding two years as they shall deem expedient.

There are also one or more Scholarships on the foundation of Dr Thorpe, the number of which varies according to the income of the Thorpe Fund. These Scholarships are awarded to students of not less than three terms standing, and are primarily applied towards the encouragement of the study of Theology. They are tenable with any one of the above-named Scholarships on the College Foundation.

In addition there are the following Scholarships and Exhibitions with preference in favour of candidates from certain Schools, viz. :

No.	By whom founded	Value	Preference
4.	Archdeacon Johnson	£20 per annum	{ Oakham and Uppingham Derby and Ashby de la Zouch Durham and Newcastle Market Bosworth
2	Mr Ash	£50	
1.	Dr Smith	£16	
3.	Sir Wolstan Dixie	£30	

Besides these there are other Exhibitions arising from accumulations from vacancies which are applied to the encouragement and assistance of deserving students.

Scholarships are usually awarded to resident members of the College after the College Examinations in the Lent and Easter Terms, and are tenable till the B.A. degree or, with special permission of the Governing Body, for a further period, but in no case beyond the M.A. degree.

Scholarships (tenable in the first instance for not more than two years) are also annually offered for competition to candidates (under nineteen years of age) who have not commenced residence. Two Scholarships of £80, two of £60, and four of £40 will be offered for competition at an examination to be held in the month of December, 1917.

There are two Subsizarships of the value of £30 tenable for one year and open, without restriction of age, to candidates who have not commenced residence, and four Sizarships of about £45 tenable for two years. Application for a Subsizarship must be made to the Master.

Exhibitions not exceeding £30 in value are awarded on the results of the Entrance Scholarship Examinations, and they are also awarded to residents on the results of the annual College Examinations.

There is also offered annually an Exhibition of the value of £40 a year tenable for three years by a student at the Cambridge University Day Training College.

An Exhibition of £50 a year tenable for two years is offered annually to a Research Student commencing residence in the University as a member of Emmanuel College in October. Additional exhibitions of smaller value may be awarded should properly qualified applicants present themselves. Further information may be obtained from the Master.

Two Studentships, each of the maximum value of £150, are annually offered to graduate members of the College for the encouragement of advanced study and research. They are tenable in the first instance for one year, but a Student is re-eligible for a second period (and in special cases for further periods) of one year. A Student may have permission to reside at a foreign University or other approved place of study.

The Governing Body of the College are prepared to consider applications for grants to assist in publishing the results of original investigation and research by graduate members of the College.

In the disposition of the Fellowships, Scholarships, &c. of the College, distinction in any branch of study encouraged by the University will be recognized.

For particulars as to the conditions of admission to the College, application should be made to the Master.

1 To these livings the College presents on the nomination of the heir of Sir Wolstan Dixie, provided that he nominates a graduate of Emmanuel College, who either shall be of the kin of Sir W. Dixie, or shall have been educated for the space of

one year at Market Bosworth School.

2 Emmanuel College nominates, and the successors in title of Carew Mildmay, Esq., present.

3 To this living the Master nominates.

Scholarships and Exhibitions are awarded, according to the results of the Examination of students of each year, at the end of the Easter Term.

There is also an annual Examination for Scholarships, Exhibitions, and Sizarships, beginning in 1918 on January 9, open to all students who intend to commence residence in the following October.

The Scholarships and Exhibitions are paid from funds reserved for the purpose. The College need not fill up a vacant Scholarship if there be no competent candidate, nor need the whole income of the Scholarship Funds be expended in any one year, but any residue which may remain is applied or reserved for augmenting Scholarships, or granting Exhibitions to poor and deserving students of the College.

ANNUAL PRIZES

At the examination at the end of the Easter Term prizes are adjudged to those who distinguish themselves in the different branches of the examination.

There are prizes for an English Essay, for knowledge of the Greek Testament, and for the best Reading in Chapel.

A Prize of £5 is given to every student of the College who obtains a First Class in any Tripos. Awarded in 1917 to T. Bradbury, C. Fox, K. R. Gunjekar.

Downing College

(FOUNDED SEPT. 22, 1800)

The Charter and Statutes are printed.

ARMS: *Barry of eight pieces silver and vert a griffin of gold and a border azure with eight silver roses.* These arms, with the motto *QVÆRERE VERVM*, were granted in 1801 by the three Kings of Arms, Garter, Clarenceux, and Norroy. They are composed of the arms of the Founder, with the addition of a border for difference.

THE sole Founder of this College was Sir GEORGE DOWNING, Bart.,¹ of Gamlingay Park, in this county; who, by a Will, dated 20th December, 1717, devised his estates in the counties of Cambridge, Bedford, and Suffolk, first to Sir Jacob Garrard Downing, and afterwards to other relations in succession, and in failure thereof, to build and found a College in this University, upon a plan to be approved by the two Archbishops and the Masters of St John's and Clare Colleges. This direction was the reason for giving them the power which they possessed in elections and other matters, by the original Charter and Statutes.

Sir George died in 1749, and Sir Jacob in 1764, and (the other devisees having previously died without issue) upon this event the Foundation ought immediately to have been carried into execution. But the estates were in the possession of Lady Downing, and afterwards of her devisees, without any real title, and when the University sued in Chancery for the establishment of the College, the party in possession resisted the suit in that court. In 1769, a decree was obtained in favour of the Foundation.

The persons named as trustees in the Founder's Will having died in his lifetime, the execution of the trusts devolved upon the heirs at law; who after combating a long series of opposition and litigation, and overcoming obstacles of various descriptions, preferred a petition to the Crown for a Charter; and at length, in

¹ He was installed a Knight of the most Honourable Order of the Bath, June 30, 1732.

1800, the Privy Council decided to recommend the Foundation to his Majesty.

On the 22nd of September, 1800, the Great Seal was affixed to the Charter by Lord Loughborough. By this Charter the College was incorporated with the University; was endowed with all the privileges of the same, and with all the estates devised by its Founder; and also with the power of holding landed property in addition to the value of £1500 per annum.

The members appointed in the Charter, for the purpose of taking possession of the estates, administering the revenues, superintending the building of the College, and for the other necessary purposes were

Francis Annesley, LL.D.	<i>Master</i>
Edward Christian, M.A. and Barrister,	<i>Law Professor</i>
Busick Harwood, M.D.	<i>Professor of Medicine</i>
John Lens, Sergeant at Law, and M.A.	} <i>Fellows</i>
William Meeke, Barrister, and M.A.	
William Frere, B.A.	

The first Statutes were framed in 1805. In 1860 new Statutes were given by the University Commissioners under the provisions of 19 and 20 Victoria c. 88, and in 1882, revised Statutes under the provisions of the Oxford and Cambridge Universities Act, 1877. According to these Statutes the College shall consist of a Master, two Professors (one of the Laws of England, and one of Medicine), of at least six Fellows, and of at least six Scholars.

The Master, who is elected by the Professors and Fellows, must be a Master of Arts, Master of Laws, Doctor of Medicine, or of some superior degree in the University, and of not less than thirty years of age.

The Professors are elected in accordance with the provisions of the Statutes of the University for Elections to certain Professorships, the Electors being the Board of Electors defined by that Statute, together with the Master if he be not a candidate. The Law Professor must be, at the time of his election, a Graduate in Law or Arts of one of the English Universities of ten years' standing from his matriculation, and also a Barrister-at-Law. The Medical Professor must be, at the time of his election, a Graduate in Medicine of one of the Universities of the United Kingdom, and of not less than twenty-five years of age. The Professors have by the Charter the same privileges, franchises, and liberties as any Professor in the University, and are bound to read a course of lectures in their respective faculties, on the usual terms upon which public lectures are given. They are capable of holding any of the lay offices in the College.

Candidates for Fellowships (except Honorary Fellowships) must have taken a degree in Arts, Law, or Physic in one of the Universities of Cambridge or Oxford. The electors are the Members of

the Governing Body. The Fellowships are tenable for seven years from election, provided that no year in which a Fellow shall have been engaged during two terms in College work shall be reckoned in his term of seven years, and provided also that any Fellow who has held the office of Tutor during twenty-five years shall be entitled to retain his Fellowship for the rest of his life.

A Fellow vacates his Fellowship by election to a Professorship of the College, by becoming a Foundation Member of any other College in any University in the United Kingdom, or by institution to an Ecclesiastical benefice in the gift of the College, the net annual value of which is not less than four hundred pounds.

Provision is made for one or two Chaplains according to the circumstances of the College, the right of appointment being vested in the Governing Body.

SCHOLARSHIPS

The Foundation Scholarships vary in value from £50 to £80. Foundation Scholarships are tenable *at least* until the holder be of standing to take the degree of Bachelor of Arts.

Scholarships are awarded to students of the College at the annual Tripos and Intercollegiate Examinations after the division of the Easter Term for distinction in Natural Science, Moral Philosophy, History, Law, Mathematics, Mechanical Science, or other subjects.

Minor Scholarships and Exhibitions are offered annually for competition among persons who are not members of the University, and in awarding one or more of them a preference will be shewn to candidates, if any, from New College, Eastbourne.

The Examination takes place in February or March.

The Minor Scholarships vary in value from £30 to £50 per annum, and are tenable until their holders are of standing to compete for a Foundation Scholarship. Exhibitions not exceeding £30 in value may be offered to candidates who fail to obtain Scholarships.

The Examination is in Mathematics, Classics, Law, History, Natural Science, and Mechanical Science (with an English Essay in every case). All candidates are expected to shew a competent knowledge of the subjects of the Previous Examination, or to be entitled to exemption therefrom. The subjects of Examination in Mathematics are Geometry, Algebra, Plane Trigonometry, Elementary Statics and Dynamics, and the Elements of Differential Calculus. The Examination in Law consists of two alternative parts; one part embracing papers in Jurisprudence and Roman Law, the other part consisting of papers in the English Law of Real Property and English Constitutional Law and History. The Examination in History comprises (i) a paper of General Questions on History, Literature, Political Science and Economics, (ii) an Essay, (iii) a paper on English History, (iv) a paper on

Greek and Roman History *or* (alternative) on European History 1494—1878. A list of books recommended will be sent on application to the Tutor. The Examination in Natural Science includes papers and practical work on Chemistry, Physics, Biology, Zoology, and Botany.

The Examination in Classics comprises Translation from Greek and Latin authors and Prose Composition. In making awards a general preference is exercised in favour of candidates who will subsequently read for Degrees in Law or Medicine. Candidates elected for proficiency in Mathematics or Natural Science may be allowed to read for the Mechanical Sciences Tripos.

Candidates for Scholarships in Mathematics, Mechanical Science, Natural Science, History, and Classics must be under the age of 19 years. There is no such limitation in the case of candidates in Law, and candidates above the age of 19 may be allowed to compete for Exhibitions.

Prizes of books are given to those students who most distinguish themselves at the annual Examinations in the Easter Term.

College Prizes were awarded to the following who obtained First Classes in Tripos and Intercollegiate Examinations, June 1917. Laker, W. N., Porter, J. H., Spibey, H.

Selwyn College

(PUBLIC HOSTEL: FOUNDED 1882)

ARMS: The arms of George Augustus Selwyn as Bishop of Lichfield. These are the arms of the Bishoprick of Lichfield: *party gules and silver a cross potent and quadrate between four crosses formy all counter-coloured*, impaled with those of the Selwyn family: *silver a bend and two cotises sable with three gold rings on the bend and an engrailed border gules in chief a crescent gules for difference*, as the Bishop was a second son.

THIS College was founded by public subscription in memory of GEORGE AUGUSTUS SELWYN, late Bishop of Lichfield, and formerly Bishop of New Zealand. By the terms of its Charter it is founded 'with the especial object and intent of providing persons desirous of academical education, and willing to live economically, with a College wherein sober living and high culture of the mind may be combined with Christian training, based upon the principles of the Church of England.' It was incorporated by Royal Charter on September 13, 1882, and recognised as a Public Hostel of the University by Grace of the Senate, Feb. 8, 1883. It is governed by a Master and Council consisting of not more than sixteen members, of whom five are *ex officio*. Subject to the authority of the Master and Council as defined in the Charter, the internal administration of the College is in the hands of an Administrative Body consisting of the Master and Fellows.

Under the Statutes of 1913 there shall be not less than six or more than ten Fellows. In the election of Fellows those persons are elected who are judged to be best qualified to promote the honour and interests of the College as a place of Religion, Education, Learning, and Research. A Fellow of the College must on election be and must remain a Member of the Church of England or of some Church in communion therewith. No person may be elected a Fellow who does not hold office in the College as Bursar, Tutor, Dean, or Lecturer, or in the University as Professor or Reader. A Fellow retains his Fellowship as long as he holds one of the above-mentioned qualifying offices or is a Member of the Council.

SCHOLARSHIPS, PRIZES AND GRANTS

a. Entrance Scholarships and Exhibitions are offered annually. They are awarded for proficiency in Classics, Mathematics, the Natural Sciences and History, and are tenable for two years, at the end of which time the holders may be re-elected. An Exhibition is also offered for Divinity. The Examination in 1918 will be held on March 19—21.

b. Scholarships, Exhibitions, and Prizes in Books are awarded at the end of the Easter Term, on the results of the Examinations then held, in any subject of study recognised by the University.

The Bishop John Richardson Selwyn Scholarship of £30 per annum was founded in 1898 by Mrs J. R. Selwyn in memory of her husband, formerly Master of the College.

The Arthur Lyttelton Scholarship of £30 per annum was founded in 1903 by the Rev. T. H. Orpen in memory of the Reverend the Honourable Arthur Temple Lyttelton, D.D., the first Master of the College, and afterwards Bishop of Southampton.

A Scholarship of £30 per annum was founded in 1904 in memory of the Right Rev. Bishop Charles John Abraham, D.D.

A Scholarship of £30 per annum is given by Mrs Clark Maxwell in memory of her father, Prebendary William Selwyn.

Three Barwell Scholarships of £40 per annum were founded in 1914 upon the benefaction of the late Prebendary H. Sanxay Barwell. They are given in the first instance to candidates who desire to devote their lives to the spread of the Gospel in the Mission Field abroad. If no qualified candidate presents himself, the Scholarships may be thrown open to unrestricted competition.

The Sing Prize, founded in 1902 in memory of the Reverend George Herbert Sing, M.A., formerly Tutor of the College, is given to an undergraduate of the College who in his second or third year gains the highest place in Part I. of the Classical Tripos, provided that he is placed at least in the Second Class.

The Searle Prize, being the interest on a legacy of £100 from the Rev. Frederick Charles Searle, M.A., formerly Tutor of the College, is given annually for an English Essay.

The Appleton Prize, founded in memory of the Rev. Richard Appleton, M.A., formerly Master of the College, is given annually to the best reader in Chapel.

The Derbyshire Prize of £10, being the interest on a fund raised in the county of Derby to commemorate the centenary of the birth of Bishop G. A. Selwyn, is awarded every three years for an essay on some subject connected with the propagation of the Gospel through missionary exertions in India and other parts of the heathen world. Candidates for the Prize must be graduates of the College. The next award will be in 1918.

c. The Ratcliffe Exhibition, being the interest on £1000, was founded in 1893 by bequest of the Reverend Thomas Ratcliffe, B.D. It is tenable by a Scholar of King Edward VI. School,

Birmingham, in Classics or Mathematics, who shall be elected by the College at the Entrance Scholarship Examination. If no fit candidate present himself from that School, the Exhibition is to be offered for open competition.

d. An Organist Scholarship is awarded from time to time, of the value of £30 per annum.

e. From St Edmund's School Canterbury, a Watson Wagner Scholarship, of the value of not more than £100 a year, is tenable for three years either at Selwyn College, Cambridge, or Keble College, Oxford, by a Scholar elected at the School.

f. From Mansfield Grammar School, a Paget Exhibition of £20 a year, is tenable for not more than three years either at Selwyn College, Cambridge, or Keble College, Oxford, by an Exhibitioner elected at the School.

g. Grants are occasionally made to assist deserving students to complete their College course.

The income of the Mitchell Bequest is applied from time to time to assist poor and deserving members of the College who are candidates for Holy Orders in the Church of England to obtain the necessary education.

h. The income of the Trust Fund established by Bishop Hobhouse in memory of Bishop Patteson for the purpose of Missionary Education, and augmented by the Rev. C. Warner and the Rev. Dr Bailey, is applied to the maintenance in Selwyn College of one or more Missionary Students, to be called Patteson Students. The Studentships are offered to Graduates of Cambridge, Oxford, or some other University: but in the absence of suitable graduate candidates the Master and Council may appoint as Junior Students undergraduates or persons who have not yet entered the University. Students who are Graduates receive free board and rooms in College during Full Term, and an allowance for tuition; Junior Students, as a rule, receive £17 a term.

ADMISSION

This College is open to all members of the Church of England, whatever profession they intend to enter.

Candidates for admission to the College must pass either (*a*) the University Previous Examination or (*b*) the College Entrance Examination, which is held in June, and, unless no vacancies remain, in October.

Applications for admission should be made to the Master.

Fitzwilliam Hall

(NON-COLLEGIATE STUDENTS)

ARMS: the shield of the Fitzwilliams, lozengy silver and gules and a chief with the arms of the University of Cambridge.

THE "Non-Collegiate" body was created in 1869, when Undergraduates began to be admitted members of the University without being compelled to attach themselves to any of the seventeen endowed Colleges. The government has been entrusted by the University to a Board, the members of which are elected by the Senate. The Board appoint the Censor and the Staff.

In 1892 Fitzwilliam Hall, a house built in 1727, was reconstructed to serve as the centre of the corporate life of the students, to whom it stands in the same relation as an endowed College to those junior members of the College who live outside the walls. Here the students meet the Censor and Staff for supervision and instruction, attend Chapel, dine in Hall, transact the business of the Amalgamated Clubs and of various societies, hold weekly debates or concerts, and make use of the Library, Reading Room, Writing Room and general club accommodation. Fitzwilliam Hall has given its name to the Amalgamated Clubs and, by usage, to the "Non-Collegiate" body as a whole.

During the War changes are made in some of the arrangements detailed below:

The Worshipful Company of Clothworkers have granted Exhibitions of £30 a year each, tenable for three years, two to be awarded in November in each year to students reading for Honours and intending to take Holy Orders. The Exhibitioners serving with the Forces are J. H. Knight, C. W. Bartlett, F. W. Harris, and P. J. Flory. Those in residence are E. J. Sumner and F. Cook.

The Company also give an additional sum of £10 to each Exhibitioner who attains the B.A. degree, or £30 should his name appear in the First Class in any Tripos.

Exhibitions of £15 given by the Censor, and tenable by members of the University Training College for Schoolmasters, were awarded in 1914 to J. Butler, F. Scott, and W. R. Worthington, who are now serving.

Exhibitions may be awarded by the Board to candidates for Honours in their third year. One or more Exhibitions from the endowment inaugurated by the students resident in 1912 may be awarded next year.

A student is annually appointed Librarian at a stipend of £15. Last year E. Shrewsbury, B.A., and for the present year E. J. Sumner, have been appointed.

A Prize of £5 has been awarded to V. S. Ghatе, B.A., for Oriental Languages.

An Annual Prize of about seven guineas in books for proficiency in the Greek Testament has been founded by Mrs J. Y. Gibson. This year it was not awarded.

An Annual Prize of £5 in books is given by Rev. W. Harvey for History. Last year it was not awarded, but the sum of £2 was granted to E. Major.

Applications for admission or for information are to be addressed to the Censor, Fitzwilliam Hall, Cambridge.

MEMBERS OF THE SENATE NOT ON THE BOARDS OF ANY COLLEGE OR HOSTEL

THE privilege of being a Member of the Senate without being on the boards of any College was formerly granted only to residents in Cambridge, *Commorantes in villa*; but it is now extended to all persons qualified to be Members of the Senate who, having paid up all the back fees for which they are liable, continue to pay direct to the Registry the University dues of four shillings and threepence a quarter. These payments are usually made in one annual sum of seventeen shillings every Michaelmas. [But for the new Regulations applying to students matriculating after the end of the Lent Term, 1915, see p. 154 above.]

Every such person has a vote in the Senate and the use of the University Libraries, Museums, &c.

If any Master of Arts who has graduated as a member of a College desires to have his name placed on the University Register without being a member of a College, he must furnish to the Registry a statement signed by the Master of his College giving the date at which his name was removed from the College boards and certifying as to the payment of all University dues from the date of his first degree up to the date of such removal. When the arrears have been paid, the name of such a person can be placed on the Register, but (unless the transfer is made at the time of his creation as a Master of Arts) one hundred and eighty days must elapse after his admission to the Register before he acquires the right of voting.

In the following list the names are arranged in alphabetical order under the highest qualifying degree. Where any person has graduated in more than one faculty, it is so stated; and the name of the College is added to which every one formerly belonged.

EXPLANATORY NOTE

The names in the following List are arranged in the same manner as heretofore—i.e. the order of surnames is alphabetical, but within the groups formed by the same surnames the order is not strictly alphabetical, the names being arranged in the first instance by Colleges in order of foundation (viz.: Peterhouse, Clare, Pembroke, Caius, Trinity Hall, Corpus, King's, Queens', St Catharine's, Jesus, Christ's, St John's, Magdalene, Trinity, Emmanuel, Sidney, Downing, followed by Selwyn and the Non-Collegiate Students), and under the particular Colleges in order of seniority of the B.A. Degree.

In cases where a change of name has occurred since matriculation, the original name is inserted in brackets.

The dates of Degrees, except Degrees by incorporation¹ and full Degrees conferred *honoris causa*, count from the day of Inauguration or Creation. Thus every person admitted after the day of Inauguration in any year is a Bachelor of Arts of the following year, and similarly every person admitted to incept in Arts after the day of Creation in any year is a Master of Arts of the following year.

Titular degrees are printed in italics. In cases where no B.A. Degree is given, but a date stands in the M.A. column only, the reference is to the full Degree of M.A. conferred *honoris causa*, without examination, on the authority of a Grace of the Senate.

Names which appeared on the Register of Members of the Senate issued in October, 1916, are marked with a *; and those which appeared on the corresponding Electoral Roll with a †. In the case of an undergraduate, M, L, or E before a date in square brackets indicates that he matriculated in the Michaelmas, Lent, or Easter Term of that year.

For a separate List of Persons whose Names are not on the Boards of any College, see also pp. 870-72.

The names of graduates can in most cases be easily traced from this index to the College Lists by looking under the highest Degree, and the names of undergraduates by referring to the date of Matriculation. Where no date of Matriculation or Degree is given in the index the name will be found among students 'admitted but not matriculated' at the end of each College List. But it should be remembered (1) that the Master, Fellows, Honorary Fellows, and former Fellows of each College do not appear under their Degrees, but are arranged in separate lists; (2) that the Scholars of Trinity are entered in a separate list, and not under the date of Matriculation or Degree; (3) that Fellow Commoners and Research Students are as a rule classified separately; and (4) that at some Colleges 'noblemen' are in a separate class. Where no College is given the name will be found in the List of Members of the Senate not on the Boards of any College (p. 870).

¹ By Grace 11 of 6 March 1914 it was provided that the standing of a graduate admitted to a Degree by incorporation from the University of Oxford or the University of Dublin shall be reckoned from the date at which he was admitted to the corresponding Degree in his own University, and this principle has been applied, both in the College Lists and in the Alphabetical List of Degrees, to the incorporations of the year 1913-14 and subsequent years.

The Union Society was founded in 1815 as a Debating Society by the union of three other Societies, the first Debate being held on Monday, February 20. The original founders are said to have been Henry Bickersteth, of Caius, afterwards Lord Langdale (1783—1851), who was Senior Wrangler and First Smith's Prize-

man in 1808 and was appointed Master of the Rolls in 1836; Sir Edward Hall Alderson (1787—1857), also of Caius, who was Senior Wrangler, First Smith's Prizeman and First Chancellor's Medallist in 1809, and afterwards became a Judge of the Court of Common Pleas (1830), but is better known as a Baron of the Exchequer (1834); and Sir Jonathan Frederick Pollock (1783—1870), of Trinity, Senior Wrangler and First Smith's Prizeman in 1806, and Chief Baron of the Exchequer, 1844—66. The name of Henry Pakenham is also sometimes associated with these.

The Society held its earlier meetings in a room at the back of the Red Lion Inn in Petty Cury, but about 1832 it migrated to premises erected for its special use behind what used to be the Hoop Hotel in Bridge Street, now occupied by the A.D.C. In 1850 these were exchanged for a room in Green Street, and here the Society remained until the opening of the present buildings behind the Round Church on October 30, 1866. A later enlargement was opened by Prince Albert Victor of Wales on February 24, 1886.

The Union has now become the largest club in the University, having more than 13,000 members of which about 2000 are in residence. [The management of the Society is almost entirely in the hands of its resident undergraduate members, who constitute a large proportion of the undergraduates in residence. The President, Vice-President, Secretary, and a Standing Committee of six members are elected every term;]¹ and the Treasurer, Steward, and Librarian are elected annually. The last-named are usually resident members of the University of M.A. standing. The premises of the society, situated in Bridge Street, immediately behind the Church of the Holy Sepulchre, include a large Library containing about 40,000 volumes, Debating Hall, Drawing Room, Smoking Room, Writing Room, [Luncheon and Dining Room]¹, and a Reference Library, where a complete collection of the *Times* from the year 1812 is kept. [Debates are held every Tuesday in full term.]¹

The subscription is £1. 1s. a term, with an entrance fee of £1. 1s. Nine terms' subscription constitutes life membership, which may also be obtained by a compounded subscription (including entrance fee) of £7. 17s. 6d. on joining. Any member of the University is admitted on the proposal of a member of the Society.

The Society has since August 1914 admitted to temporary honorary membership all Commissioned Officers of the Navy and Army who are temporarily resident in Cambridge. On the establishment of the Officer Cadet Battalions in Cambridge during 1916, Officer Cadets were admitted to membership, and over 2000 of these have become members. The Debating Hall

¹ These arrangements are suspended during the War.

has also been placed at the disposal of the Officers Commanding the Cadet Battalions for the purpose of meetings and lectures in connexion with the training of Cadets.

The Union is open from 8.45 a.m. till 10 p.m. on week-days, and from 10 a.m. to 10 p.m. on Sundays. [The Luncheon and Dining Room is open daily from 12.30 to 8.30 p.m.]¹. Subscriptions may be paid at the office on any day (except Sundays) from 10 a.m. till 7 p.m.
